TEN AND OVER (continued)

It was a fine day. First the members were treated to a wide assortment of refreshments and hors d'oeuvres. Then those who could still eat more were treated to a whopping-big dinner of roast beef, baked ham, fried chicken, cake, etc.

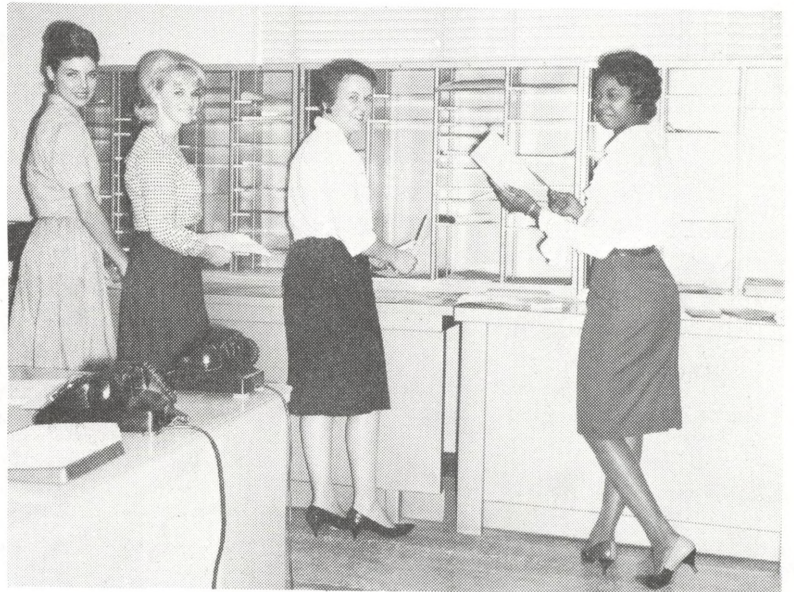

In between all the food, there were three television sets covering first the World Series and then the Texas-Oklahoma battle. Disappointed, but faithful rooters for the "Cards" and "Okies" roamed from one TV to another, but the outcome was the same on every set.

There were many pensioners in attendance and they seemed to be having fun swapping stories with each other and "fighting" old Refinery battles once again.

Midway in the afternoon, L. T. Wilson awarded door prizes to the lucky people whose names were drawn from the box by Pensioner, Opal Knudson. The following friends of Opal won prizes:

"MAIL" WOMEN'S WORK IS NEVER DONE...Handling our mail are the prettiest "mailmen" in the world. Pictured above are left to right: Susanne St.Clair, June Cunningham, Electa Tharp, and Jean Arnic, who are busy sorting the mountain of mail that comes to the Refinery daily. Everyday the mail room receives six mail bags of mail and sends out four or five bags of our mail. So now you see that your mail receives very special handling.
