UNIVERSITY of HOUSTON

THE GREATEST COLLEGE SHOW ON EARTH

FIESTA DEDICATION

to

Earl McMillian

"Houston's Friendly Ford Dealer" is the title associated with Earl McMillian, and everyone who has ever met Mr. McMillian agrees whole-heartedly with this title; especially the student body of the University of Houston. We are proud to dedicate the 1955 Frontier Fiesta to our good friend, Earl McMillian.

Mr. McMillian is a native Houstonian; his family has been here for over three generations. His tremendous interest in civic activities includes such organizations as the Houston Fat Stock Show, where he served as Executive Vice-President until his health forced him to retire; he was instrumental in founding the Farm and Ranch Club and served as its first president. He is an active member of the First Presbyterian Church, and a Past Potentate of Arabia Temple.

It was through Mr. McMillian that the University of Houston Agriculture Department got its start. He has given this department numerous

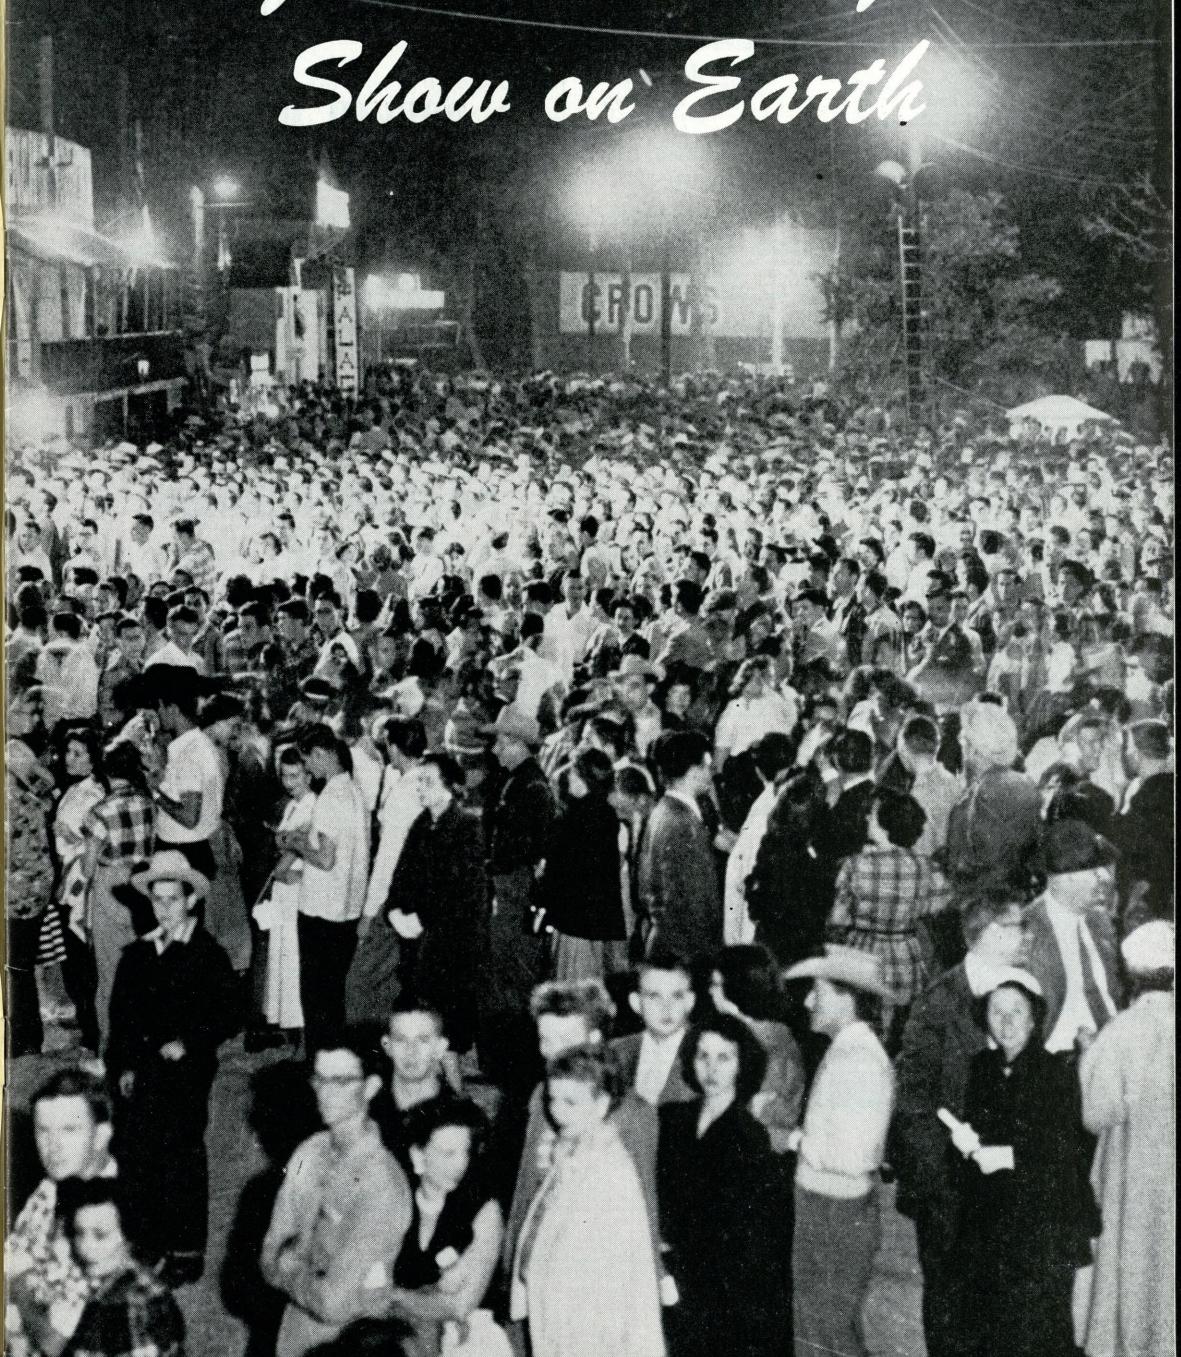

grants which include many new Ford Trucks.

It was in 1949 that Mr. Earl McMillian first became associated with Frontier Fiesta. Searching for a prize for the winner of the Beard Contest, the 1949 Fiesta Chairman, Harry Scott, took a stab in the dark and asked Mr. McMillian if he would donate a used car for first prize. To Scott's surprise, Mr. McMillian said that he would not only donate a car . . . he would donate a Brand New Ford! From that time on Mr. McMillian has been gracious enough to donate a Brand New Ford each year, and this year's Ford marks his sixth.

In recognition of his efforts in behalf of Frontier Fiesta, Mr. Earl McMillian has been chosen as the person to whom this year's show is dedicated. We feel that there couldn't have been a finer choice.

THIS IS FRONTIER FIESTA

Born with the purpose of building spirit,

It has truly done that and more

By developing character and leadership

In young men and women by the score.

A task not easy — requiring strain,

Yet welcomed by students with a desire to train.

To prepare oneself for a valuable life, nothing has more worth

Than the experience gained from FRONTIER FIESTA:

"The Greatest College Show on Earth!"
BOB GELLES

Director of Publicity.

The University of Houston's FRONTIER FIESTA is rightfully entitled "The Greatest College Show on Earth" . . . no other college production offers such color, atmosphere, spirit, and opportunity.

FRONTIER FIESTA was born in 1940 in the minds of five University of Houston

Early Fiesta City

students who had a desire to stimulate school pride and spirit on the campus. The theme of FRON-TIER FIESTA is to re-live the stirring life of the Old West by erecting a pioneer western town—Fiesta City—and offering entertainment in the form of saloons (soft drinks only), can-can dancers, singers, novelty acts, dancers, bearded cowboys, outlaws, peace officers, and a jail.

FRONTIER FIESTA has grown from a three-night show in 1940, seen by 5,000, to its present size of a six-night show, with an attendance of 100,000 people annually, and a total gate of almost \$100,000 each year. The proceeds of FRONTIER FIESTA, after expenses, are donated to worthy University projects . . . for example: On August 25, 1954, Marvin Brisco, Chairman of the 1955 FRONTIER FIESTA, signed over a \$106,402 check to the University. This amount represented profits from recent FRONTIER FIESTAS and was used to help pay for the University's new \$160,000 swimming pool.

Many months are spent in planning and producing FRONTIER FIESTA. Campus organi-

Can-Can Line

zations combine and build a complete Fiesta City each year . . . all construction, electrical work, and production being done by students. Each year, after FRONTIER FIESTA, Fiesta City is leveled to the ground so that the next year's FRONTIER FIESTA will be original and inspire the students to present a better show than ever before!

FRONTIER FIESTA is "The Greatest College Show on Earth," not only because it is the largest in size, monetary return, and student participation, but also because it is a method of education. In building and producing a show of this nature, students learn to work together . . . to meet the business world . . . and to set aside individual differences and combine their efforts toward a common goal. FRONTIER FIESTA is fortunate that the University of Houston has an administration which recognizes the importance of this practical experience as a supplement to the education that comes from books. From this relationship between faculty and students, the students gain a feeling of stature and importance . . . the administration in return receives a feeling of pride.

Among the many special events that are a part of FRONTIER FIESTA is the BEARD CONTEST. The male students grow beards for several months, and the student who "raises" the finest crop of whiskers wins a new Ford automobile donated by Earl McMillian, one of Houston's leading Ford dealers.

The annual FIESTA BARBECUE is held several weeks prior to FRONTIER FIESTA for all students and faculty members, and about one hundred crippled children of the Harris County Society for Crippled Children are the special guests of FRONTIER FIESTA at this affair.

To truly re-live the days of the Old West, a band of bearded OUTLAWS held a mock bank robbery in El Campo and then rode on their OUTLAW RIDE to their hideaway near Fiesta City.

The ANNIE OAKLEY CONTEST gives all coed markswomen an opportunity to prove their shooting skill. The finals of this contest are held every evening during the Pageant in Fiesta City.

Among the many honors that have been bestowed upon FRONTIER FIESTA is the Official Fiesta City Charter given to FRONTIER FIESTA in April of 1952 by the Governor of the State of Texas, Allan Shivers. This Charter, branded on tanned leather, makes Fiesta City an official township of the State of Texas.

FRONTIER FIESTA has become a living part of the University of Houston and the City of Houston . . . it is well-deserving of its title . . . "THE GREATEST COLLEGE SHOW ON EARTH!"

·WANTED

Badmen from all points West banded together this year to form one of the most "rootinest shootinest" outlaw rides ever seen in Texas.

They rode 70 miles from El Campo to Houston. They ate, slept, drank and robbed together for four days. A mock bank robbery was staged at the Commercial State Bank in El Campo. After the robbery the outlaws made their getaway on waiting horses and proceeded on their ride to Fiesta City where they were swiftly apprehended by the Fiesta City Sheriff and posse.
