HOUSTON NEGRO HOSPITAL

W. W. Moore, Esq.,
The Battle Creek Sanitarium,
Battle Creek, Michigan.

Dear Sir:-

Further referring to my letter of July sixth, I am in receipt of a letter from Colonel Theodore Roosevelt, dated Oyster Bay, Long Island, July 8th, on another subject in which he writes a foot-note in long hand, from which I quote. After mentioning the Negro Hospital being erected in memory of my son, he says:

"I read the address given by Paddy at its dedication and used part of it in my speech before the N. A. for the Advancement of the Colored Race."

This first hand information confirms mention made in my previous communication. You may pass it along to Paddy, who, I am sure, will appreciate the information.

Yours very truly,

(Sgd) J. S. Cullinan
