Foreword

Our *44 Alumni* exhibition is a very special and significant event for Rhode Island School of Design. This alumni show is the culmination of a determined effort by RISD and its alumni to produce a remarkable show and catalogue. Many months of effort have gone into this event.

RISD is very proud of its alumni and their achievements as working artists, designers, and architects. This show is but a cross section of their creative genius. Would that it were possible to include more of our 10,000 alumni, but space and resources would not permit.

44 Alumni is tangible evidence of the development and strength of RISD's alumni association. Without our alumni association – its leadership and active members – RISD would not have the strength it has today as a unique and extraordinary visual arts institution.
