(Bld) HOUSTON NEGRO HOSPITAL
Streets

S. A. Starkey, Street and Bridge Comm'r.,
City Hall,
Houston, Texas.

My dear Mr. Starkey:

Under date of April 9th I have received the
following communication:

"This comes to advise that in keeping
with your request to Mr. Starkey of Feb'y
23, 1932 our streets are being worked
again and again and are passable for
ambulances with greater comfort to the
sufferers, also to those who come to work
with us or as guests.

We are deeply grateful for such
kindly interest to us all.

Yours very truly,

(Sgd) M. H. BRIGHT

M. H. Bright, R.N.
Supt. Houston Negro Hospital "

which I am sure you will appreciate, as I do, in know-
ing that the streets entering the hospital have been
put in order that will permit of ambulances carrying
patients, the doctors, and the personnel, as well as
visitors entering the hospital from the paved streets
without the difficulties to which I called your atten-
tion in my letter of February 23rd --

For all of which, on behalf of such, I thank
you.

Yours very truly,

(Sgd) J. S. CULLINAN
