SHELL COMPANIES FOUNDATION SPONSORS 50 SCHOLARSHIPS FOR SHELL CHILDREN IN 1971

For the third year, the Shell Companies Foundation, Incorporated, will sponsor 50 college scholarships for Shell children. The National Merit Scholarship Corporation will administer all phases of the program. Those eligible are children of regular full-time employees, retirees and deceased employees of Shell Oil Company (including Shell Chemical Company, Shell Development Company and Shell Canadian Exploration Company) and Shell Pipe Line Corporation.

To qualify for the 1971 Competition students must take the National Merit Scholarship Qualifying Test in February 1970, at which
(Continued on Page 4.)

ALVIN C. SIMMONS, LUBE OILS, DIED OCTOBER 28

Alvin C. Simmons, Operator #1 and 2, Lube Oils, died October 28.

Simmons

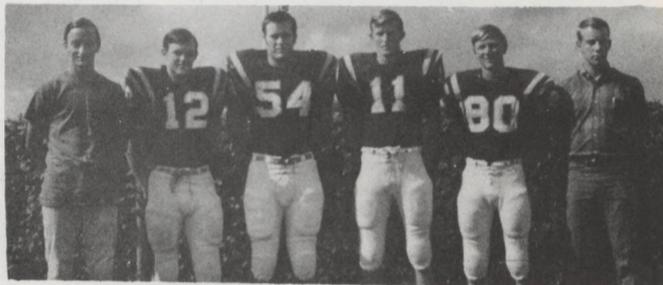

He is survived by his widow, Mrs. Blanche Simmons, sons Alvin C. Simmons, Jr., Walter Louis Simmons, daughters, Mrs. Betty Welch and Mrs. Peggy Sue Wright, and six grandchildren.

Simmons, who was a Mason and a member of OCAW, Local 4-367, had worked for the Company for 22 years.

WINNING DEER PARK HIGH SCHOOL FOOTBALL TEAM SUPPORTED BY SHELL EMPLOYEES AND CHILDREN

Friday night has a special meaning to millions of Americans throughout the nation; and Deer Park, home of Shell's Chemical Plant and Refinery, is no different as thousands of people attend the local high school football game.

Many Shell employees make their home in Deer Park and can be seen cheering their team to victory on Friday nights. Their sons and daughters are on the football team, or in the band or pep squad and participate actively in their school's activities.

SHELL SONS ON No. 1 TEAM--Shell sons on Deer Park football squad are Raymond Russell, son of R. R. Russell, Refinery; Bo Lively, son of C. L. Lively, Jr., Chemical; Donald McMillan, son of D. C. McMillan, Chemical; David Byrd, son of R. E. Byrd, Chemical; Smokey Monday, son of R. E. Monday, Refinery; and Rick Evans, son of D. B. Evans, Refinery.

Excitement fills the air when the stands of Clyde Abshire Memorial Stadium become packed and the band plays the National Anthem. There is hardly a person sitting when the Deer line up for the kickoff and cries of encouragement radiate freely from the crowd mixing with the lively fight songs of the band.

At half time the band shows off with a well-rehearsed and executed show which is the result of many long hours of study and practice. The Deer Escorts always attract attention at half time with an eye-opening dance routine. The 56 girls spend about 11 hours a week practicing each routine.

The second half is as lively as the first and everyone goes home talking of the big plays and thinking of next week's game.

When the games are out of town and some fans cannot make it, they listen to the game on radio, thanks to Shell which helps sponsor the broadcasts.

DEER ESCORT--Shell daughters in the drill and dancing group are standing, Paula Daugherty, Rebecca Farmer, daughter of B. W. Barmer, Refinery; Ginger Carson, daughter of J. Carson, Refinery; Jeannie Stansel, Kathy Poole, daughter of J. C. Poole; Yvonne White, and Gail Page. In front are Vicki White, Carol Womack, daughter of P. V. Womack; and Franki Lewis, daughter of F. F. Lewis.

ELATED AT THE RESULTS--Left, John Moyers, Co-Chairman of the United Fund committee, was glad the drive had been so successful.

Center, Garland Boyette, Houston Oiler, who appeared in the UF movie, praised the solicitors for their work as did the other Co-Chairman, Billy Farmer, right. Farmer thanked the solicitors for their support and work.

ODE BURRELL--Houston Oiler, told a golf joke and congratulated the Refinery employees for reaching and going above the \$40,000 goal.

CORSAGES FOR THE LADIES--Ray Crawford had the honor of pinning corsages on the ladies who worked in the campaign. Here, he pins Electa Tharp.

VICTORY DINNER HONORS UNITED FUND SOLICITORS FOR HELPING REFINERY REACH \$40,000 GOAL

After working hard to help push the Refinery United Fund contributions over the top, solicitors and committeemen were honored at a victory dinner October 22.

Garland Boyette and Ode Burrell, Houston Oilers team members, were special guests along with B. R. Ramey, Secretary-Treasurer, OCAW, Local 4-367.

L. T. Wilson, Refinery Manager, praised the group for undertaking and carrying out an almost impossible task of meeting a goal which was 18 per cent above last year's goal.

Co-Chairmen John Moyers and Billy Farmer thanked the solicitors for their help during the hectic three-day campaign and were pleased that it was so successful. They wished next year's chairmen, Jim C. Miller and John Nicholson, good luck in next year's drive.

Refinery employees and pensioners contributed \$43,167.43 to the 1970 campaign.

GOODBY SAMMY--Sammy Smith, left, got a puzzle to keep him busy at his new job from friends in the treasury department. E. P. Logan made the presentation of gifts.

WATERFOWL ON THE WING, DO YOU KNOW THEM?
HUNTERS MUST KNOW WHICH SPECIES ARE FAIR GAME

Conservation efforts in waterfowl management depend greatly upon the hunter's ability to distinguish between various species of birds. According to this year's regulations it is illegal to kill black-bellied or fulvous tree ducks, and restrictions in addition to the overall bag limits are placed on certain species of ducks and geese.

Seasons and bag limits for this year are as follows:

DUCKS: Open season is from November 18 through January 11 on all species except black-bellied and fulvous tree ducks (mergansers are considered separately. Daily bag limit is four daily, not to include more than two wood ducks, one canvasback or redhead, and one mallard. Possession limit is eight, not to include more than four wood ducks, one canvasback or redhead, and two mallards.

MERGANSERS: Open season is from November 18 through January 11. Daily bag limit is five not to include more than one hooded merganser. Possession limit is 10, but not to include more than two hooded mergansers.

GEESE: Open season is from October 18 through January 11. The daily bag and possession limit is five with the following restrictions: West of U.S. Highway 81, the daily bag and possession limit is limited to one Ross's goose plus one whitefront and one Canada, or one whitefront and one Canada. East of U.S. 81, the daily bag cannot include more than one Ross's goose plus one Canada or whitefront; and the possession limit shall not exceed one Ross's goose plus two Canadas or one whitefronted goose.

Shooting hours for ducks and geese start half an hour before sunrise and end at sunset.

SHELL WILDCATS THE NORTH SLOPE OF ALASKA

Shell has built a modest community on Alaska's North Slope, and the inhabitants are drilling the Company's first wildcat well there.

The Shell camp can accommodate 50 men. The drilling rig is serviced by three miles of road and a 5,500-foot airstrip designed for huge Lockheed Hercules aircraft. The freighters have negotiated hundreds of take-offs and landings to supply the outpost, 18 miles southeast of Atlantic Richfields' discovery well at Prudhoe Bay.

A crew could begin drilling toward a 5,000-foot objective only after the pieces of a giant mechanical puzzle had been fitted together. For example, components of the heavy-duty drilling rig were gathered throughout the country, assembled in Oklahoma City and Houston and packed onto 35 railroad flatcars--later loaded onto barges at Fairbanks--to complete a portion of the route to Alaska's Arctic desert."

Supply of the well site requires the coordination of several modes of transportation. Equipment generally is moved via a combination of truck, train, ship and airplane to Fairbanks and transferred to Hercules aircraft for the leg into the Shell airstrip. Heavy-duty trucks complete the haul.

EMPLOYEE RELATIONS SAFETY DINNER--Nancy Busch and date John Doolittle attended the party recently at Ellington, AFB.

DENIS AND JAN LAU HAD good time at the dinner dance.

EMPLOYMENT OFFICE REPRESENTATIVES--Eleanore J. Roberts and Dottie and Buddy Yannazzo were among the guests.

DANCING--Mrs. L. J. Hallmark and L. J. Grossheim enjoyed the lively music.

CLASSIFIEDSFOR SALE

1957 Chevrolet 4-door sedan, 61,000 miles, good condition.
Telephone: 649-3987

1964 Falcon Sprint convertible, 260 HP, V-8 motor. Nice. \$650.

ENGINEERING OFFICE HOSTS SAFETY PARTY

AT DINNER--Rufus Clarence and Erma Harris and Mr. and Mrs. T. G. Martin attended.

HAPPY COUPLES--Left, Mr. and Mrs. B. Hendricks, Mr. and Mrs. R. Decou talked to Lillian Brown. Center, Mr. and Mrs. David Krouse enjoyed a night out. Right, getting reacquainted were Mr. and Mrs. D. R. Steward and Mr. and Mrs. E. R. Michalek.

SHELL COMPANIES SPONSORS SCHOLARSHIPS--
(Continued from Page 1.)

time they will be either second-semester juniors or first-semester seniors. The test will be given to about 800,000 students in more than 17,500 high schools which enroll approximately 95 percent of the nation's high school students.

Awards to 1971 Graduates

The 1971 Shell Companies Scholarships will be awarded to students who will complete private, public, or parochial secondary school in 1971 and enter college the same year. Winners will be chosen by the National Merit Scholarship Corporation on the basis of scholastic aptitude, leadership and good citizenship. Awards will be made in the late spring of 1971.

Each scholarship will be a four-year award, covering the undergraduate years. The amount of the scholarship will be based on the individual winner's financial needs. The maximum amount awarded to a student will be \$1,500 a year for four years. The minimum will be \$500 a year for four years.

Get Details at Shellegraph Office

Details of the program and entry blanks are available on request at the Shellegraph office, Main Office Annex Room 103. Children of retirees or deceased employees should contact the Employee Relations office at any Company location.

Completed entry blanks for the 1971 Competition must be returned to the Shell Companies Foundation in New York by March 1, 1970.

One of Three Scholarship Programs

The Shell Companies Scholarship program is in addition to the Shell Merit Scholarships, open to all high school students, and the Shell Achievement Scholarships, offered to Negro high school students through the National Achievement Scholarship Program.

All three programs are sponsored by the Shell Companies Foundation and administered by the National Merit Scholarship Corporation.
