President Cunningham,

Galveston, Tex.

Madam:

Respectfully and with bowed head and bended knee I beg to submit the following. Now does that sound enough like we had a high and mighty one to be greatly admired president? Well here it is.

I Chautauqua -

- 7. Enclosed please find copy for posters
  - 13. Please have a press story written and sent out for editions of state dailies on June 10<sup>th</sup>. Also story to all county papers in counties where we are to speak. They are -

It would be worth while to send it to entire list if we can afford it. But these are essential. Use all names possible in story. And get pictures for Sunday story. I believe the Sunday story will be the best

direct result we can get from the Chat.

Please send me names in places red  
There is so much to do here in East  
Tex. I could spend two months just  
here with no trouble. I mean in this  
group of counties. And can you have  
some posters for meetings printed at me

and sent to me? It would be such a great help in getting up meetings in these new places.

III Conservation. All of the leagues I have visited are crying aloud for conservation literature. Can we not arrange to send them some articles. We might start out with Food Con. and have Mrs. Speer write articles I on the shortage of cereals and substitutes. Have it a short article that could be given in duplication and sent at once. Brownsville & El Campo are crying aloud for it. Article II on meat substitutes. Article III on new foods or substitutes. Mrs. Speer ought to be able to compile such articles without much trouble with help from Miss Jearring.

IV I believe we ought to appoint that Com. on Camp Morals at once & send the letter to the Sec. of War. The matter will soon be a national one and we will lose all advertising if we wait. And I think we would be justified in calling attention to the failure of our efforts & lack of cooperation from military authorities. Mrs. Syle suggests a letter to Mrs. Wilson but I don't believe that is necessary.

Send Mrs. Catt a copy and ask her  
to give it to Ass. Press on a certain  
date & send it to all state papers  
for release on same date.

Also I believe we should decide how  
much conservation work we can do  
and when Fleming calls the meeting  
grab it. I would like us to appoint  
Com. in all towns to provide some  
social life for the boys. As the most  
democratic organization we can do  
that. And we will make votes by  
the same. Suggest that local com.s  
have each church give reception  
& introduce boys to members &  
young folks. That certain groups  
entertain certain companies or some  
such scheme. I promise to work  
it out. Give me a state com. in  
that & let me outline it and  
then take it up with locals where  
camps are located. We will get  
every soldier's vote eventually.  
I have more to say but also  
have some sympathy for you  
so adios.

Winie the Vagrant

Can't we get some advertising out of  
raising money for Russian Red Cross  
contribution

then we should get the names of girls  
from Mrs. Speer as soon as possible and  
have programmes printed for both afternoon  
& evening or one for both.

Mrs. Speer to make the talk on  
Conservation in the afternoon and you  
might ask her to prepare a talk  
on Human Waste with the understanding  
it is to be used part of the time. I am  
doubtful of her speech on that.  
You would make a convincing good  
talk on that your self.
