Trees

Mr. J. E. Wooding,
Building.

Dear Sir:

Referring to your memorandum of January
28th:

While the replacing of the trees is
approved, there no doubt was something grossly wrong
with these trees. I would request that you give
further explanation -- whether this was on account
of the quality of the trees, the method of planting,
or neglect after/^{being}planted.

Yours very truly,

(Sgd) W. T. SINCLAIR

Secretary.
