Mr. J. S. Cullinan,
25 W. 43rd st.,
New York City.

Dear Sir:-

This owns receipt of your letter of
September 17.

1st: Building, Ground Plans, etc. are being
completed by Mr. Sullivan in line with your sug-
gestions and will be followed up with the Mayor and
Commissioners as proposed in your Paragraph (b).

2nd: I think title to the property should be
perfected and agreement had with the City as to
rights and use of the property prior to call for
bids.

3rd: The City has not yet completed title to
all the property; it has been necessary to have court
proceedings to perfect title from certain minors; it
will be three or four weeks before this is consummat-
ed.
