Dear Mr. Harvey:

Your application for admission to the University of Houston for the summer session, 1959, has been referred to me for reply.

O
I must report to you that to date no Negro has been admitted to the University of Houston. The subject of desegregation is a matter of careful study on the part of the University and its Board of Governors at this time. When a decision is reached, you will most likely learn of it through the press. I doubt seriously that that will occur in time for you to attend the summer session.

P
Sincerely,

Clanton W. Williams

Application for Admission to the Junior College and Senior College

This application is to be filled in and returned immediately to the Office of Admissions by all students who wish to enroll in the University of Houston in the Junior or Senior College Division of the Colleges of Arts and Sciences, Business Administration, Education, Engineering, Technology, and the School of Architecture. Students who wish to apply for admission to the Graduate Division or to the Colleges of Law, Optometry, or Pharmacy should request the appropriate application from the Dean of the College concerned.

Requirements for Admission

Listed below are the minimum requirements for admission. Please refer to the General Information Catalog for the complete requirements.

The student is expected to submit complete and official transcripts of all previous academic work prior to registration. An official transcript must be received directly from each institution in which an applicant has enrolled. Those students currently enrolled in any institution should have their complete transcripts sent in as soon as possible after completion of their work.

Students, both men and women, having good moral character and high ethical standards may be admitted to any of the above listed colleges if they qualify for admission in one of the following ways:

1. BY GRADUATION FROM AN ACCREDITED HIGH SCHOOL with a minimum of 15 units distributed as follows: English, three units; Mathematics, two units; two units each in two of these three fields: Science, foreign language, or social science, and six approved elective units.
2. BY COLLEGE TRANSFER. A student transferring from another college must have official transcripts on file in the Office of Admissions of all previous work before his admission status can be determined. It is expected of the student to be in good academic standing and to have been honorably dismissed from the previous institution. A prospective transfer student who is not eligible to return immediately to the institution from which he would be transferring, is not admissible to the University of Houston.
3. BY EXAMINATION. A mature student who has not graduated from an accredited high school and who can demonstrate that he has the ability and seriousness of intent to profit from college work may be admitted provided satisfactory scores are made on a selected battery of examinations. With the exception of the applicant who is a graduate of a non-accredited high school, the student must in general be at least 21 years of age at the time that he seeks admission. These examinations are administered by the Counseling and Testing Service of the University.
4. AS A SPECIAL STUDENT. In an extraordinary instance a person (usually of advancing years who is seeking a program of "continuing education") who does not fully meet the requirements set forth above may, at the discretion of the Director of Admissions, be admitted as a special student. Prior to being admitted as a special student, the Director of Admissions may request an applicant to submit a copy of his birth certificate, or if a veteran, a certified copy of his discharge from the American Armed Forces and a transcript of high school work completed.
