Introduction

We are pleased to make available a selected bibliography covering the topic of blacks in the U. S. armed services. The books and articles listed here represent those items actually appearing in the M. D. Anderson Library Exhibit, items consulted for reference in preparing the exhibit, or items considered as relevant to the topic.

When a book or journal is held in the M. D. Anderson Library, the location code and call number immediately follow the bibliographic citation (ANSTAK = general stacks, ANSPEC and ANSPOV = Special Collections). Those items with no location code or call number have been privately loaned for the purpose of the exhibit.

My thanks to Dr. Elwyn Lee, former interim director of the University's African-American Studies Program, who has provided so much material and given so much of his time and energy to see that this exhibit became a reality. Thanks also go to Special Collections staff members Steve Bonario and Barbara Nytes-Baron who have worked tirelessly over a number of months in tracking down source materials and in helping me in every conceivable way with this exhibit and selected bibliography.
