

The Fifth World Fantasy Convention  
43 Kepler Street  
Pawtucket, Rhode Island 02860  
(401) 722-4738

Dear Potential Panelist,

Les Daniels, who is in charge of panel discussions and readings, has had to leave town for a few days. He also left me with the task of informing all of the guests of the convention the nature and time of their panel appearances. I have never had the time and do not now have the energy to write that many letters. Please believe that we are looking forward to seeing you in October and this is an expedient and not by any means a slight. If there are any objections or questions please call or write me as soon as possible. September 28th is the deadline for the Program Book (which will include the list of panels) so please respond quickly if needed. No response will be interpreted by us as confirmation of your willingness to serve on the panel indicated below.

Thank You,

Robert A. Booth
