Col. Comd. Sir

It seems that Capt. Smith,
late of the Sch. Apollo, refuses to pay me
the money of \$19⁵⁰ which he admits to have
received. It is very astonishing to me from the
number of passengers he has had from time to
time, that he should not have received
more money. Do you not think there
should be an investigation?

Your flat would be
of great service to us this winter if you
could spare it - I would like to receipt
for it & keep it.
