

May 7th. 1935.

Mr. J.S.Cullinan and Members of the Board of The Houston Negro Hospital.  
Houston, Texas.

We regret very much our inability to accept your kind offer of permitting The Harris County Afro-American Medical Society the use of said Hospital for the Surgical and Medical sections of the Lone Star State Medical Association which convenes in this city, June 11-12-13.

After much consideration and effort, we felt that we would be unable to guarantee 15 hospital patients at \$2.00 per day upon an exhibition programme.

We regret very much that we will not be able to have our visiting physicians to work in our hospital especially since we had made them that promise as one of our attractions. Our local society being unable to underwrite that expense and guarantee, we have been forced to accept the offer of Prairie View Hospital.

Thanking you for your consideration of our application,

We are yours very truly,

J.G.Gathings, M.D.

R.O.Roett M.D.

W.M.Drake M.D.

J.M.Franklin M.D.

B.J.Covington M.D.

T.A. Patten M.D.
