Dear sweet little appealing
woman, you are exactly
in the right place.

Gladly do I send my
donation of one dollar a month
to the best association in
existence, and would be
glad if I were young enough
to use all the enthusiasm
of my being to help you
more. Since we met in
Waco I have had a most
strenuous experience - brought
my baby girl home with
me from Austin, who had
lost 2 little boys two years

in succession 1915-1916 and
two weeks ago lost a little girl.
This is a hard country to get
hired help and you can im-
agine this 67 year old grand
Ma's trials.

Coleman people are the
World's best, and I have
much to be thankful for
nevertheless. So good are
they, you can't wake them
up to suffrage enthusiasm.

"Me & my son John and
his family don't have any
trouble" is the kind of
attitude I meet - and away
they nod again.

Just forget I
ever thought you had my
"Wi-mo-dau-sis Mobilization"
article pub. in Waco morning news,

for it does not matter now who has it—hope it will impress some unaroused soul. I just feel like if we all (every mother way) could tell the United States government "give us power to vote and your entire officered army & navy soldiery to help against commercialized vice & booze" then we'll help you all we can' my little dictating man"—a-la—the drownding boy.

I'll enclose Coleman Nat. Bank check for \$4.00 having paid cash for May in Waco, that will be June, July, Aug. & Sept.

dues. Send me any literature you wish to mail,

Do you mean to remain in Galveston this summer?

Wish I were there too for the beach bathing & to converse with congenial souls.

Very cordially,
