Mayoral candidates air views at forum

By MARY MARTIN &
JAMES RUSSO
Writers for The Daily Cougar

Issues and problems that will face the future mayor of Houston were addressed by four mayoral candidates Tuesday afternoon in a crowded Houston Room in the UC.

Justice of the Peace Alexander Green, City Controller Kathy Whitmire, former councilman Louis Macey and Sheriff Jack Heard were participants in the mayoral forum sponsored by the Pre-Law Society. Candidate Noble Ginther was absent due to illness. Houston Mayor Jim McConn did not attend.

Mayor Jim McConn's campaign scheduler, Nancy Potter commented on the absence of the mayor. She said, "Squeezing in campaign appearances is not as easy for the mayor of the fourth largest city in the country as it is for the other candidates."

Jim Kelly, an uninvited mayoral candidate, was allowed a few minutes to address the audience. Kelly, a 1979 UH graduate in history, stated he is the only candidate other than Louis Macey who can give specific strategies for solving the problems in the city of Houston.

The forum began with each candidate making a brief opening statement.

Annexation and transportation

are two problems facing this city, Green said in his statement to the audience. The city of Houston cannot arbitrarily and capriciously annex people, he said. "We need to care for the people we already have. Contrary to present thinking, Houston cannot become Texas."

Green explained that the problems in transportation, particularly in the MTA, needed to be acted on now and with no additional spending. "We don't need another firm to spend \$25 million plus to keep thinking about the problem. We need to stop thinking and start acting."

As mayor, Green stated he would also appoint a bus driver to the Metro Transit Board. Breaking up the Yellow Cab monopoly would also be accomplished during his term in office, he said.

Whitmire said city government must be able to provide the basics of life to its citizens. "Such basics

as police protection, fire protection, parks and recreational service, sewer service, garbage pick-up, street repair and public transportation. All of these are things that we can not do without," said Whitmire. "The present administration will tell you that it's because we don't have the money to provide the services. And that is simply not true." Whitmire said that as controller she has witnessed the bad management practices that waste our tax dollars.

Macey's opening speech dealt with the problems of a growing Houston. "Houston did not grow any faster in 1980 as it grew in 1900. In fact, in the last 80 years Houston has grown about 3½ percent a year. Compounded means that we have doubled every 20 years — and we'll continue to do so," said Macey. "The problem is that no one has managed that growth." Macey said he thinks he can do the job.

Leadership was the issue addressed in candidate Jack Heard. "Motivative, innovative and dedicated leadership must stem from the mayor's office." The voter must ask what individual can best exert the leadership, Heard said. After serving as a public servant for the past 25 years, Heard stated that he can best exert this leadership.

Following the statements the

On eve of talks

Reagan sends letter of warning to Gromyko

United Nations (AP) — President Reagan has sent Soviet President Leonid I. Brezhnev a letter denouncing an "unremitting and comprehensive" military buildup by the Soviets, but expressing a willingness to "establish a framework of mutual respect" with Moscow.

The letter was sent Monday and delivered today, on the eve of wide-ranging discussions between Secretary of State Alexander M. Haig Jr. and Soviet Foreign Minister Andrei Gromyko.

While the text of the letter was not released, Dean Fischer, a State Department spokesman, did provide reporters with a lengthy statement he said was based on the letter.

It quoted Reagan as saying the United States is "hopeful we can succeed in establishing a framework of

mutual respect for each other's interests and for mutual restraint in the resolution of international crises."

The president also said the United States is fully prepared to take into account legitimate Soviet interests if Moscow is willing to do the same with American interests.

If the Soviets agree to such an approach, Reagan said, it could lead to a "solid and more enduring basis for U.S.-Soviet relations than we ever had before."

The Reagan letter was disclosed here within an hour after Gromyko issued one of the harshest denunciations of the United States in years during an address to the U.N. General Assembly.

While the letter concluded on an apparent conciliatory note, it also denounced the Soviet military buildup in recent years which Reagan was quoted as saying, "far

exceeds Soviet defensive needs and one which carries disturbing implications" that Moscow is seeking military superiority.

He also told the Soviet leader of his concern for the situation in Poland, declaring it "is our strongly held view that this situation only be dealt with by the Polish people themselves."

He made clear that Soviet military intervention in Poland would "have serious consequences for all of us."

In other action, the president announced he would take his case for further budget cuts directly to the nation in a televised speech Thursday night at 9:00 EDT.

In the meantime, aides said he would be considering the advice of his GOP allies that Congress simply won't buy elements of his latest package totaling \$16.3 billion.

SA Senate approves funds by bypassing channels

Two campus organizations were the beneficiaries of student service fee funds Monday night as the SA Senate doled out the first \$700.25 of its \$20,000 "Student Organizations" budget for 1981-82.

Since an appropriate Senate Committee did not exist until later in the evening, "committee" was bypassed in order to make both allocations.

The Pre-Law Society was given \$550 to co-sponsor yesterday's Mayoral Forum. Phi Theta Kappa, a junior college honorary organization, received \$150.25 to help finance a trip to its state

convention in Nacogdoches.

The Senate did pass legislation (Senate Bill 27020) creating a committee to oversee student organization allocations for the rest of the year. The bill was stalled during last week's Senate meeting when some senators, led by Senator-at-large Don Atherton, expressed concern that the committee membership was lopsided in favor of the SA Executive Board. A compromise was reached by amending the bill to include on the committee the Speaker of the Senate (or his designated appointee) instead of the Director of Student Life.

Oxidizer spill unglues shuttle tiles, 2-to-3-week launch delay expected

Cape Canaveral, Fla. (AP) — The second flight of the space shuttle Columbia will be delayed at least "one or two weeks" or even a month beyond its Oct. 9, launch date because a fuel spill unglued up to 250 of its heat-protective tiles, officials said Tuesday.

George Page, director of shuttle operations at Kennedy Space Center, said a problem with a valve on the ground equipment apparently caused the spill of a highly toxic oxidizer around the nose of the aircraft.

The accident occurred when the oxidizer was being loaded into the forward tank of the orbiter's Reaction Control System, below

and to the front of the astronauts' cockpit. Two to three gallons of oxidizer soaked an area about 20 feet long and two to six feet wide, he said.

Page said he hoped the heat-shield tiles suffered little or no damage and can be cleaned and reglued to the orbiter's skin on the launch pad.

However, if the oxidizer, nitrogen tetroxide, invaded the maneuvering system of the spacecraft itself, the shuttle will have to be rolled back to the huge Vehicle Assembly Building for disassembly, Page said. That could create a delay "in excess of a month," he said.

Six workers wearing protective

suits and helmets worked throughout the day inspecting the tiles and trying to determine how many were involved. Fumes from the spill kept unprotected workers from the pad.

There was no possibility of an explosion because the system's hydrazine fuel has not been loaded. No one was injured.

The tiles are among the 31,000 that make up the orbiter's insulation shield against the high temperatures of atmospheric re-entry. They are made of silica fiber compound and individually sized, fitted and bonded onto 75 percent of the orbiter's external surface. Their silica makeup is what kept the oxidizer from eating away at them, Page said.

FORUM

Editorial

Low compensation

Putting a value on a person's time and life is impossible, but the President's Commission on Hostage Compensation has arrived at a figure they think is commensurate to the hardships suffered by the 52 Americans who were held hostage in Iran.

If the commission's recommendation is accepted by President Reagan, the former hostages will receive \$12.50 for each of their 444 days in captivity. That comes to a grand total of \$5,550 for over a year and a half of these people's lives. Busboys and inmates in penitentiaries earn more than what the commission wants to award the former hostages.

The commission based its recommendation on detention benefit records from World War II, the Korean War and the Vietnam War. The former hostages were not taken prisoner during armed conflict so the basis of the recommendation is faulty at best.

The offer is an insult to the 52 Americans who have suffered damage beyond monetary measure to their lives and to the millions of other Americans who prayed for their release.

Letters

Talford brings band the discipline it requires

To the Editor:

It irks me, really pisses me off, that a non-Band member — a person who has no official ties with the UH Marching Band — should make so many inaccurate and so many unjustified statements about a person inside The Band, (Cougar, Sept 11); a person this dolt probably hasn't ever met.

Let's set the record straight.

First, let's talk about the "letters". Those grotesque masses of styrofoam (or whatever) that were supposed to spell out HOUSTON for the, ahem, entertainment of the football audience, most sophomores probably don't remember from last year. That is because they were taken out BEFORE LAST YEAR, not this year. And anyway, I say, "Good riddance".

Those were the ugliest things I've ever seen.

Second, let's discuss a thing that has been absent from The Band for quite some time, i.e., discipline. The Band is at the football games for two reasons: (1) to entertain the audience and (2) to raise the crowd's enthusiasm. It is NOT there so that individual members can talk to fiancées and parents. If financial supporters insist on disrupting The Band, we don't need their money. What good will money do without a decent band to spend it on? If The Band is not in their seats, but is instead running around going to the bathroom, buying nachos, and engaging in conversation under the stands, what good are they?

It is my impression that Mr. Talford and his assistant, Sue

look like whores, and a band that utilizes its accessories (Cougar Dolls, flag line, etc.) instead of letting them run off on tangents. All these assets combine for a more uniform and synchronized band.

I don't necessarily agree with all the changes Mr. Talford has

Nielson, are doing an incredibly good job, considering the amount of time they've had and the situation into which they were thrust. Through their own perseverance and the Music faculty's confidence in them, we now have new drums, new flags, new pompoms, new spats, a talented group of Cougar Dolls that don't

made, but I'm willing to give his way a chance. Maybe we can all BENEFIT from a little shake-up. Maybe now we'll look like a band instead of a "ragtag" group of individuals doing whatever we --- well please.

Name withheld
By request.

Does Bishop pay building use fee?

To the Editor:

I have been a student at UH for four years. In that time I have paid a --- of a lot of Building Use and Student Service Fees, while getting very little use or service from either.

Recently, I had occasion to call upon what I would consider a service provided by my Building

Use Fees — with some surprising results.

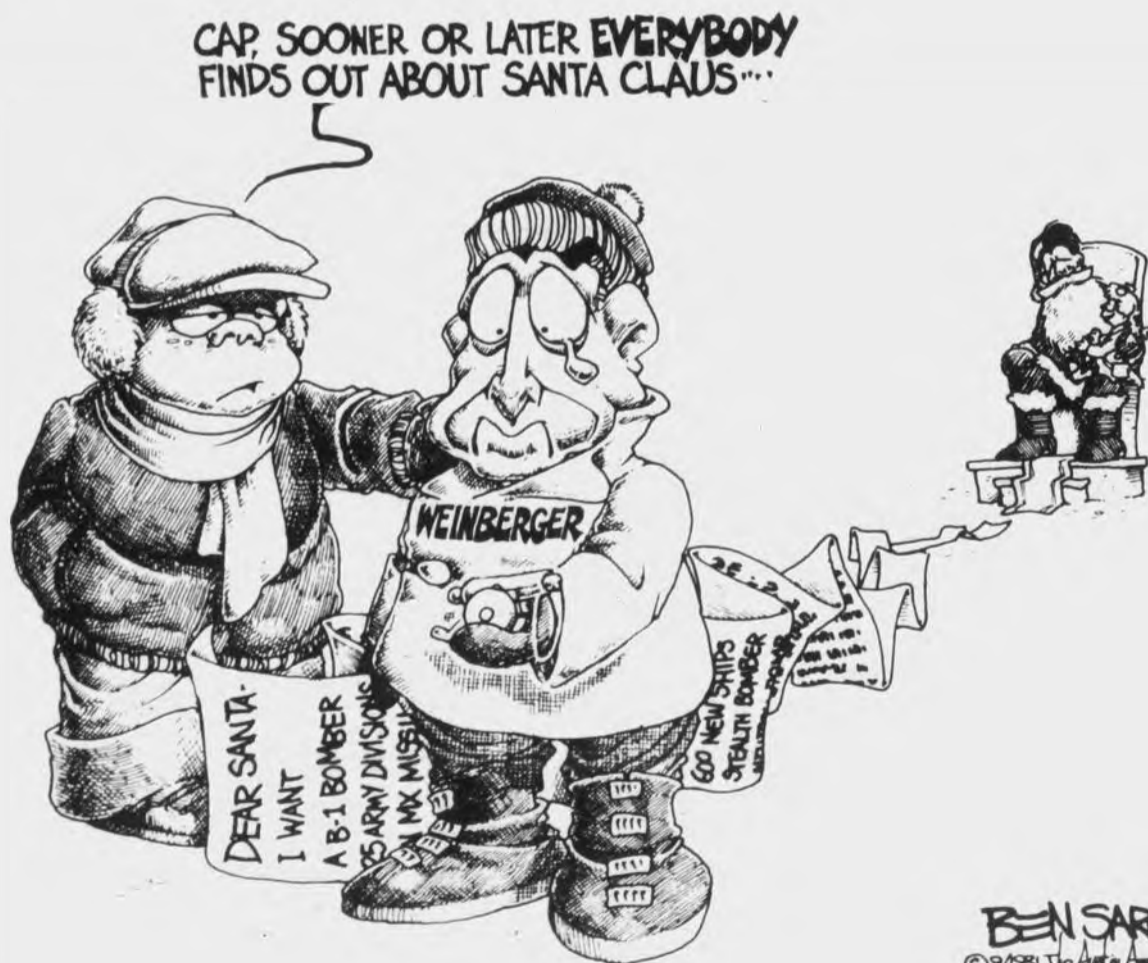

On Monday, Sept. 21, I called Building Alteration and Maintenance to remind them of a call made the previous Monday (seven days and three hours earlier) about an air conditioner which was out of service because it was burning. Upon reaching the

foreman of the correct department, I was told the crew in my area was at the President's house.

I would like to know if the President pays more Building Use Fees than the 35,000 students on this campus or if such personalized service is offered to students as well.

Forum lets candidates air viewpoints

Continued from page 1

forum's moderator, Dr. David Thomas, associate professor in the department of speech and communication, posed two questions to the candidates. They were each allotted five minutes to answer. Thomas' first question dealt with annexation, his second with the crime issue.

Green reiterated his earlier comments on annexation and added, "Just because it's legal, doesn't make it right." Annexing without providing proper service is an injustice, Green said. He said the police force needed to be increased and must have an image change.

Whitmire said she is also against annexation when we are not prepared to provide the adequate services to the area. As mayor, Whitmire said she would take action to see that the Clear Lake City area is disannexed.

Whitmire had four suggestions to improve police protection. First is to increase its size. Second is to make better use of the officers we already have. Third is to improve citizen involvement. And fourth,

to improve city street lighting to prevent crime on dark streets.

To increase the departments' size, Whitmire wants to cut the red tape in the screening of applicants for police officers which impedes their entering classes as soon as possible.

Like Macey, Whitmire wants to schedule overtime shifts to make better use of the officers we have.

Macey pointed to his record to show his feelings on the subject of annexation. "My record is very, very clear in city hall against annexation when we don't have adequate services." Macey said he voted to free Clear Lake City. He also spoke out against the 1960 area annexations when they were proposed by Mayor McConn. Macey said he did not foresee the need for annexations in the next four years. He does hope to clean up the disservice done to the Alief area through annexation. "We left pockets. Even our police don't know when they're in the city."

On crime, Macey would like to look at a new form of management for the police department. Macey hoped to

remove politics within the department, overlap the night and evening shifts to provide police protection when it is most needed and hire "Para-Police," people who are trained to do specific jobs within the department that do not call for confrontation with the public.

Heard said he was opposed to rampant annexation.

Heard said more citizen groups such as the Neighborhood Watch Program, which he originated, are needed to combat crime.

A short question-and-answer period followed the candidates responses. Questions came from members of the audience.

In a response from a question from the floor, Macey said he is committed to see women hold more important jobs in city government.

Whitmire said she would fill jobs in city government with the most qualified personnel and would see that the salary structure within the city of Houston is comparable to the private sector.

The Bible
As Scripture and as Primary Document of Western Culture
A Course for Fun and Education Only (Non-Credit)
Taught by Lynn Mitchell, Jr. (Ph.D. Rice University)
Rockwell Visiting Theologian (A.D. Bruce Religion Center)
Course Description: An introduction to the Bible as both the Scriptures of a living faith and a basic document for the understanding of the Western philosophical, scientific and political tradition. A "Biblical worldview" will be distilled from a brief survey of the Biblical materials, and the relation of this "worldview," historically and logically to, Western philosophy, science and culture will be dealt with in an introductory manner.
Style: Informal, open to exploration In any promising direction
Time: Tuesday, 2:30-3:30 p.m. (Beginning Sept. 29)
Place: Room 202 Bruce Religion Center
Admission: Free

New starters for both teams

By **RICHARD BROWN**
Sports Editor

Utah State Aggies. Sounds foreign, doesn't it?

The Cougars have never faced this Pacific Coast Athletic Association team, but the game with the Aggies in the Astrodome Saturday will pit two teams that share a painful kinship.

The starting quarterbacks for both teams were injured in games played last weekend.

UH sophomore quarterback Audrey McMillian was lost for the season with a shoulder separation made in the Cougars' 12-7 loss to Miami. (McMillian underwent surgery at Houston Methodist Hospital yesterday afternoon.)

Utah State saw its junior quarterback, Chico Canales, suffer a back injury after throwing touchdown passes of 30 and 16 yards in the first quarter of the Aggies' 31-18 win over Weber State. Canales will not play this Saturday, but he should return later this season.

Canales was fairly effective in

leading the Aggies to a 2-1 record before his injury. He completed 50.8 percent of his passes for 365 yards and three touchdowns.

McMillian in two games had thrown for 166 yards and no touchdowns, completing 15 of his 26 passes for 57.7 percent. He also gained 32 yards in rushing.

Both quarterbacks will be replaced by inexperienced sophomores who have seen little playing time in 1981.

The Aggies have Doug Samuels and Paul Petros. Samuels is a 6-foot-3, 190-pound Houstonian who has completed three of nine passes for 31 yards. Petros, a 6-foot-1, 203-pounder from California, is three of eight for 26 yards and one interception.

The loss of McMillian puts Lionel Wilson in the starting role for the Cougars. Wilson, in subbing for McMillian this season, has completed one of seven throws for 10 yards and two interceptions. Wilson's backup, Gerry Dickens, was a redshirt this year until his elevation to the varsity squad. Dickens quar-

terbacked the junior varsity team Monday to a 21-16 victory over the West Texas State JV in Canyon. He threw a 35-yard touchdown pass to freshman running back Patrick Franklin for the winning score.

The Cougars' turn of events this year is too reminiscent of the 1980 season. Starting quarterback Terry Elston dislocated a small bone in his left wrist in the third game against North Texas State and was lost for five weeks. He was replaced by Brett Chinn who received a deep-thigh bruise against Texas A&M two games later.

McMillian was called on and led the Cougars to a win against SMU. In the game with Arkansas the next week, McMillian suffered a separation of his left shoulder.

Chinn returned to finish the season with assistance from a healthy Elston.

Chinn was expected to start this year, but a serious neck injury gotten in spring practice will keep him out of football indefinitely.

Swim coach **Phill Hansel** checks the progress of **Linda Hughey**, **Jennifer Boulianne** and **Ingrid Lawrence** as they go through warm-up exercises in preparing for the 1981 season. UH has its annual Red-and-White meet in November. (Photo by Doug Dodson)

TCU's Stamp gets honor

(AP) — Texas Christian University quarterback Steve Stamp fired a Southwest Conference record five touchdown passes Saturday against Texas-Arlington to be named The Associated Press Offensive Player of the Week.

Southern Methodist's Russell Carter, who intercepted two

passes in the Mustangs' rout of Grambling, was named the SWC Defensive Player of the Week.

His 17 completions on 22 attempts against UTA was a 77.3 percentage completion mark, best for a game in TCU history.

Stamp now has 25 career touchdown passes, second only to Sammy Baugh's 39.

Cougar Notes

Mad Dogs excel

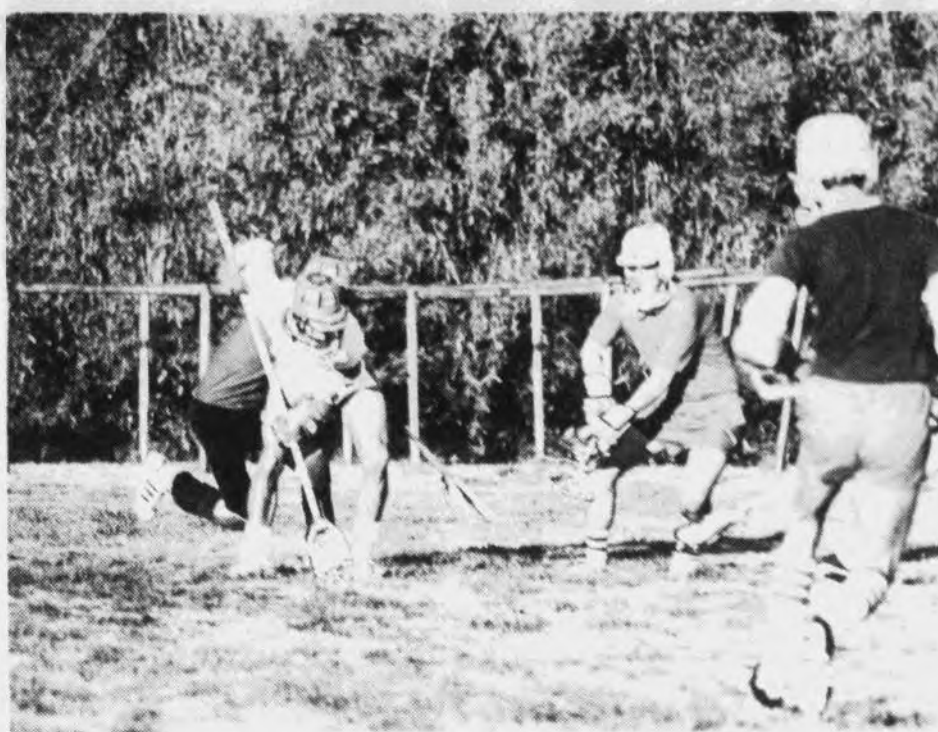

Football: The Cougar defense limited its opponent to less than 100 yards rushing for the second straight game. Miami managed only 84 rushing yards and New Mexico had 50. With that effort, the Cougars are ranked eighth in the nation in rushing defense and ninth in the nation in overall defense. UH is also 29th in scoring defense. The Cougars' next opponent, Utah State, is ranked third in rushing defense nationally.

UH defensive coordinator Don Todd is pleased with the UH defense so far, but he says it's too early to say just how good the Mad Dogs are. "I'm a little surprised we played that well this early," Todd said of last Saturday's game. "I think we're fully capable of playing better. Our discipline was so far off in the New Mexico game. It improved a lot against Miami. I cannot remember a better effort at strong safety than the game Donnie Love played Saturday. He was just super and the rest of the defense wasn't far off."

Junior right cornerback Reggie Vonner, who returned an interception 40 yards for the Cougars' only score against Miami, has been getting pats on the back for his catch since returning from Miami. "Everybody is still talking about it," Vonner said, "but we could have played better. Some cues were missed in the game, things that don't show up on the film. It was hard to tell what kind of coverage you were in. It moved from a zone coverage to a man-to-man coverage."

Senior split end Lonell Phea caught three passes for 52 yards last Saturday, which puts him eighth on the UH all-time receiving list with 49 catches for 902 yards. Only five receivers have more yardage — Elmo Wright (3,347), Don Bass (1,821), Ken Hebert (1,785), Eddie Foster (947) and Vic Hampel (921). Phea's longest catch of the game went for 20 yards, but he wants to do better. "I want to break one so bad and I'm getting nervous thinking about it."

Golf: The golf junior varsity team won the President's Cup Golf Tournament played at Wharton Country Club in Wharton Sept. 17. The six-man UH team shot a 458 to Wharton Junior College's 472. Freshman Billy Ray Brown led the Cougars with a score of 72.

Members of the UH Lacrosse Club say they play the fastest game on two feet and they want to prove it to you. There will be a club meeting in the San Jacinto room of the University Center Sept. 25 at 2:00 p.m. and newcomers are invited. For more information, call Mike Gifford at 749-2754, or Charlie Myers at 643-7274.
