As you know, the operation of the Union Hospital situated on Andrews street in Houston, Texas - was discontinued May 15, 1927, and its patients moved to the new Negro Hospital on Elgin Street. There is an unpaid balance on the building and other matters of importance needing your attention.

We, as President and Secretary of the Board of Union Hospital, are calling you to meet at the Colored Y. M. C. A. building on Thursday evening May 26th at 8 o'clock to take such steps in closing out the affairs of the old hospital as to you may seem necessary.

Yours very truly,

H. P. Carter, President

HPC-M.

R. L. Isaacs, Sec'y.
