TO ALL EMPLOYEES

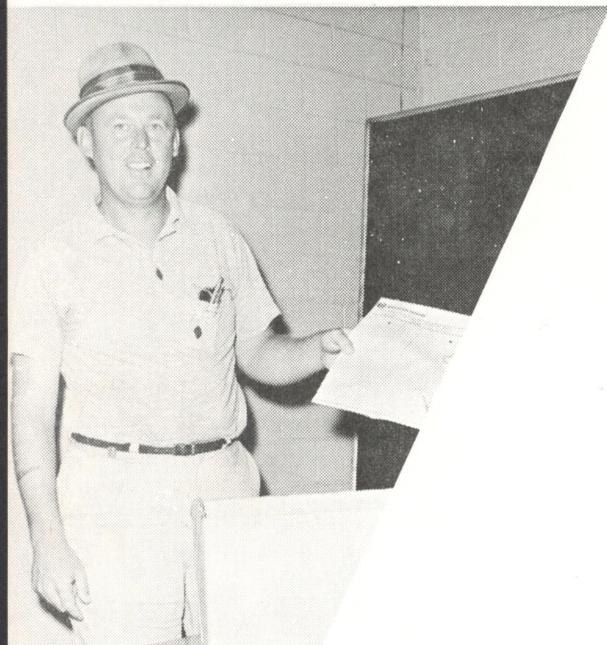

Employees packed the Central Shops Building for the kickoff meeting...

REFINERY EMPLOYEES SOAR OVER TOP IN ANOTHER SUCCESSFUL UF DRIVE

Once again, Refinery employees have gone "goal bustin'".

By noon of the third day of our United Fund drive, we had raised the necessary money to top our goal of \$23,775. The contributions are still coming in. As of this afternoon our total stands at \$27,213, and this figure promises to grow even more before we finally ring down the curtain on another successful UF effort.

UF Solicitor H. J. Krebs picks up packet to begin a job....

...Alec Chesser talks "United Fund" to the group.... Seated are R. L. Post, J. E. Garrison, L. W. Garner, L. T. Wilson, and R. L. Lucas.

NEW LOS ANGELES BASIN DATA CENTER

Shell's new Los Angeles Basin Data Center, located at the Dominguez section of the Wilmington-Dominguez Refinery, went into operation in August. It is designed to give the flexibility, speed and capacity required to handle the information systems of the major Shell facilities in Southern California.

The Data Center has been developed around a high-speed computer system called the IBM 1410. The new system is four times faster than the IBM 650 which it replaces.

Initially, the new Data Center will provide data processing and computing

services for the Refinery, the Dominguez Chemical Plant, and for Shell Chemical Company's Synthetic Rubber Division which includes the Torrance Plant. Later it will service the Pacific Coast's E&P Area as the Area's programs become operational on the IBM 1410 system.

Shell has three other major data processing centers -- at Tulsa, Oklahoma; Menlo Park, California; and New York.

SHELL BOWLING LEAGUE RESULTS

The Snails, on the crest of a four-point victory Tuesday night over Inspection, moved into first place in the Shell Mixed Bowling League, a scant half-game ahead of Super Shell, Woodchoppers, and the Hybrids.

Ann Washburn again set the pace for the women with marks of 132-499. For the men, A. Jaeger had high game of 213, while high series honors were shared by J. C. Muyres and C. F. Kastensmidt with 572.

REFINERY - (Cont'd.)

Volunteer workers are busy today tying down the loose ends - contacting those remaining employees who haven't been solicited... getting all the cards tabulated to make the announcement of our final contributions total.

To celebrate the victory, and reward volunteer workers for their efforts in making this drive a success, Refinery Manager L. T. Wilson has invited all UF solicitors and members of the UF committee to a special buffet dinner in the Refinery Cafeteria Wednesday evening, Oct. 16, beginning at 4:45 PM.

BEATNIK STORY

Two beatniks were lost in the swamps when one started to yell out in pain. His beatnik friend asked what was wrong and got the answer, "An alligator just bit off my leg."

"Which one?", asked his cohort.

"Who knows -- you see one alligator and you've seen 'em all!"
