Houston Negro Hospital

Mr. J. S. Cullinan,  
Houston, Texas.

Dear Mr. Cullinan:

I received the clippings from the  
Houston Chronicle, concerning the Houston Negro  
Hospital which you have built as a memorial to John.

This is very unique and is a thing which  
I think will do a great deal both in the direct re-  
sult of benefiting the negroes in the neighborhood  
of Houston, and in establishing proper sympathetic  
relations as to the negroes in a racial way in the  
community.

I congratulate you on the thought and  
generosity which this enterprise represents.

Yours very truly,

*Fred W. Freeman*
