June 19th, 1926.

Judge W. W. Moore,
14th Floor Carter Bldg.,
Houston, Texas

Dear Judge:

Enclosed herewith is a copy of my address. You, of course, understand that I did not follow this word for word, as I never do in speaking, but it contains all of the subject matter of the address.

Allow me to say in passing that I think the occasion went off splendidly and that I think you personally are deserving of great credit for this experiment, which I believe will prove to be one of the biggest and best things ever done in this country for the negro race. It was a pleasure for me to take part in the dedication and I only wish that I might have had the power and gift necessary to do entire justice to the occasion.

Very truly yours,

(Signed) George E. B. Peddy.
