Mrs. A. Z. Hester
Mrs. Minnie Lewis

Pastors of all the Churches are
Honorary members of the Board.

I come to you at this time in behalf of the New Union Hospital, a colored charitable hospital, recently organized to take care of our suffering brethren. This hospital is in need at this time of about \$10,000.00 for repairs, necessary equipment and the payment of obligations already incurred; and as will be seen by the enclosed letter, our institution has the unqualified endorsement of our City Health Department and the Better Business Bureau, as well as the personal endorsement and commendation of Dr. J.W. Slaughter of the Houston Foundation.

This institution has come to meet a long felt need in our city, through the untiring efforts of our representative colored citizens, as will be seen from the named occurring on the margin of this letter; and meets with the hearty approval and co-operation of such of our splendid business men as Mr. E.A. Peden and Mr. Jesse H. Jones, and institutions such as Anderson Clayton Cotton Co., Foley Bros. Dry Goods Co., the South Texas Coml. Nat'l Bank, Union National Bank, First National Bank, and Houston National Exchange Bank, who have already made generous contributions in our behalf.

We respectfully appeal to you that you give this letter your earnest consideration at this time, and assist us with whatever contribution you feel able to extend.

Assuring you of our sincere gratitude for your kind assistance, we are

Yours sincerely,

UNION HOSPITAL

By

I. M. Terrell
