RE: HOUSTON NEGRO HOSPITAL SCHOOL OF
NURSING

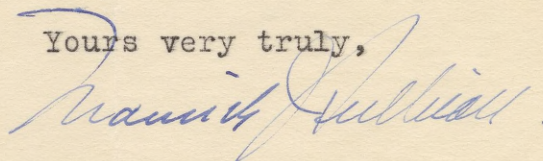

Dear Sir:

Enclosed herewith is a copy of a
proposal from West & Jensen for the instal-
lation of screens and brick work supporting
same on the porches of the above Institution.

This is based on the installation of
frames with independent screen sash in the
same manner as was used on the main building.

Please advise me if this meets with
your approval.

Yours very truly,

MJS:P
