NOTES: Richardson of Texas A&M enjoyed the best start, with King close behind out of the blocks. At 50 meters, King held a full stride lead and held off teammate Calvin Smith the last 20 meters. The 1-2 finish by King and Smith is a first such 1-2 placing in the NCAA 100 since 1970 when California's Eddie Hart and Isaac Curtis turned the trick.

QUOTES: King: "I had a good start. I got out and knew I had to run hard because Calvin (Smith) was pushing me. We wanted to go 1-2 together and it really didn't matter who won. I took the lead at 50 meters and just pushed as hard as I could. We have been close like this several times this year.

Smith: "I didn't have a very good start and that's what hurt me. I was finishing strong, but it came too late. We went 1-2 and that's the most important thing."

*STADIUM RECORD.

NOTES: Chris Whitlock of Washington State went out exceptionally fast. He led by more than five yards on the back stretch. Cameron began to move up at the 200 mark and took the lead coming in to the straight away. He pulled away from the field and was never seriously challenged in the final 100 meters. Sunday Uti of Iowa State and Sunder Nix of Indiana closed strong in the last 50 meters to finish 2-3. The victory is the third NCAA 400-meter outdoor win for Cameron. He won in 1980 and 1981 and was runner-up last year.

QUOTES: Bert Cameron: "I did exactly what I wanted to do. I knew that Whitlock was a pretty good 200 runner. I knew that he was going to get off quickly, so I just wanted to keep up in the first 200. But I'm stronger than him, so I beat him in the last 200. The first 200 went too fast, and I wasn't relaxed. If I was more relaxed going into the second curve, I would have had a better time. This is exactly how I wanted to do it, winning my last one. I didn't get very much sleep last night, because last night's race was very much on my mind."

NOTES: Winner Joaquim Cruz (Oregon) ran his first lap in 50 seconds flat.
Cruz took the lead for good only 200 meters into the race.

QUOTES: Joaquim Cruz (Winner of 800) "The first 200 was real fast. I didn't want them too close. I couldn't go much harder than that. The first lap was too hard for me actually. The last 200 I started feeling really tired, but I knew I was by myself then. The pace was too fast, but I'm in good shape. This is the fastest quarter I've ever run (in an 800). The weather wasn't a factor, it made me feel at home," the native from Brazil said. "The reason I can double (in the 800 and 1500) is the space between the races. The coach and I made the decision that I'd run in the 800 and 1500."

*STADIUM RECORD

NOTES: King of Georgetown and Hume of Memphis State led for most of the race. Going into the final lap, King held a narrow lead over Hinton of Virginia with Jones of Eastern Michigan trying to challenge. O'Mara, who ran a 54.0 final lap, took the lead on the home stretch and held off a strong challenge by Jones.

QUOTES: O'Mara: "I was a little worried because the field was so big, 14 people is really too many for a race like this. You could get stuck at the back and never really have a chance. I got boxed in two or three times and had to run around some people. I always feel I can win a race if I'm in contention with 150 meters to go. I got in a good position just in time for my kick. My biggest problem has always been conquering my nerves when I'm under pressure. When I heard that Craig (from Oregon) would not be running, that really took off a lot of pressure. I owe this all to my coach. This is a tribute to the program he has established."

NOTES: Kingdom got out of the blocks first and never trailed. Gault, the defending champion, and Towns made a serious challenge from the eighth hurdle to the finish.

QUOTES: Kingdom: "I was definately surprised. When I got out of the blocks I just wanted to relax. When I did get out, I was able to settel down and run a pretty good race, but I was definitely nervous."

(Kingdom signed an SEC letter with Tennessee, but the national letter with Pitt). "Tennessee told me I couldn't run track till my junior year. They told me I could run my freshman and sophomore years, but when spring football rolled around, I could only go to the big meets. So I decided to go to Pitt."

Gault: "I hesitated in the blocks because I was rocking and he caught me going backwards. I was behind at the start and that's my style. I learned a great deal from this race, I learned that 75 to 80 percent is mental. I had a mental block and couldn't get rid of it. My groin has been hurt the last two weeks. I first hurt it in the Tom Black meet running the relay, then I hurt it last night on the relay when I leaned at the finish. I'm not making excuses, I just lost the race. I was struggling."

(From Marcus Allen who went down midway through the race): "My trainer tells me I have a sprained shoulder. At first I thought it may have been dislocated, but it will be okay. I was running next to the guy from Pitt and his arm hit my leg. That made me go under a hurdle. Then I just went tumbling."

10	Bernie Holloway, San Jose State	50.43
11	Tim James, Auburn	50.71
12	Tranel Hawkins, Angelo State	50.84

NOTES: Nylander fluctuated between three and five through six hurdles and still trailed by a yard and one-half to two yards going into the final barrier. Texas' Smith led through the early parts of the race before Thomas of Indiana made his move.

QUOTES: Sven Nylander, a 21-year-old freshman mid-term transfer student at SMU from Karlstad, Sweden: "No, I didn't think I could win it. I was looking for about fourth. I pushed myself pretty hard in the trials and thought I could run a personal best (49.64). In the back of my mind, I thought I might could win it, but realistically, I didn't think so. I usually change my pattern from 13 steps to 14 steps at the sixth hurdle, but I felt good today and kept it all the way through the eighth hurdle. And then I changed to 15 steps the last two hurdles. In the last 100 there was only one guy ahead (Thomas) and he seemed to misjudge the 10th hurdle and I went ahead. This was a real experience for me. The biggest race before this was the European championships. That has the top guys in Europe, but there are a lot of good athletes at the NCAA too."

(How SMU's coach Ted McLaughlin figured him in the race): " He was pleased with me reaching the finals and thought maybe a fourth or fifth place would be in reach, but I don't think he expected me to win it. I know I didn't."

MEN'S SCORING: (After five events) SMU 44; Tennessee 28; Indiana 27; Alabama 26; Washington 22; BYU 21; Oregon 21; Arizona State 19.

NOTES: The victory is Michael Carter's third outdoor title. He's also won three NCAA indoor titles, including this year. He sat out last year due to a knee injury sustained in football season. He is the fifth to win three NCAA shot put titles. QUOTES: Michael Carter (SMU): "I knew in the back of mind Oregon) could hit a big one at any time. I tried to improve after the second throw, but I didn't. I couldn't hit it right. I didn't do enough weight training (this past week). I've been here since last Saturday. A lot of people didn't expect me to come back like I did (from a knee injury). I'm real happy. When I was rehabilitating, I was thinking about this meet. I'd have hated to lose this one. I wanted to keep my string alive (6 straight NCAA indoor and outdoor titles). My goal is eight straight. Last year was just terrible. Akins (Kevin) and Lehman (Mike) were throwing well. I was just reading their clippings and waiting till next year. I had to start all over on my technique. I still haven't gotten it where I want it. I had a bet with Keith Connor (of SMU), if he jumped 58 in the triple, I'd throw 70. The bet was dinner, I don't guess either of us will win."

DEAN CROUSER, who finished third and was the defending champion: "I beat myself, really. I thought I could just go out and win it. Guess I will just have to go back and work on it."

QUOTES: Dean Crouser (Oregon): "There definately a feeling tonight that I've never had before. It all came so easy. I have been making things more complicated than I need to, but for this meet I just got down to the basics and it feels so easy, like there is no work involved. I was throwing over 200 in warmups and hit one that was 222, that was when I said to myself that something would happen tonight. It worked out well for me to be in the first flight and get off some good throws. I wanted to put the heat on Meyer (Rick of Houston) and the others.

Rick Meyer (Houston) 2nd: "Dean really caught the wind early and got off some great throws. He really had a great series. He improved his PR by 10 feet which is just great."

(about the shot tomorrow): "Coming in, I thought it would take 210 in the discus and 70 in the shot to win. It will be interesting to see what Dean can do

14	Sonny Elkington, Washington State	216-0 (65.84)

NOTES: Vilhjalmsson threw only one time in qualifying Thursday and set a NCAA Meet Record of 295-2. He clinched the victory Saturday on his third throw in the preliminaries at 278-6. That overtook Steve Stockton of Northwestern State who had thrown 271-10. Vilhjalmsson on his last throw went 293-1 which would have eclipsed the previous meet record of 293-0. The victory is his ninth in ten meets this year.

QUOTES: Vilhjalmsson: " I really wanted to go out and throw well today. After the prelims I wanted to prove I could throw 290 again. The wind changed just before my last throw so I just concentrated on getting the javelin high so that it would go further. Good competition like this brings out the best in me. When I'm under pressure it seems like good things happen. I have worked very hard lately and I just tried to throw it like I do in practice. The important thing is to stay relaxed. I believe 300 feet could come later this year. I'm excited about the upcoming season."

QUOTES: Keith Connor: "I was pretty pleased. At first I had thoughts of jumping really well, but after the conditions began to get bad, I just decided to win. I was going to put the record out there for the boys to chase next year, but it didn't work out. It was a good field this year, I never did feel safe with 56-7. I thought Conley (Mike of Arkansas) would do better. If I had lost, I'd get more flack than anybody on the team, because I give them more flack. I had to produce. They were looking at me for a 15-point guy."

*MEET RECORD

QUOTES: Felix Bohni: (on jumping first): "The order doesn't matter to me, but I might have psyched out some of the others by making my heights on the first attempt.

(on goals): "My goal was at least 18-6, but in a championship meet, I just jump to win rather than go for height. "

(on greatly increased consistency): "I've made significant changes in my training and technique and my jumps are much more under control."

NOTES: Meet and stadium record by Weir...Also a collegiate best for 1983...This breaks Weir's string of two straight second-place finishes at NCAA Championships...SMU scored 29 points in this event...Bill Green of Long Beach State is the highest finishing native-American in this event (fourth) ...Two-time defending NCAA champion Richard Olsen finished third.

QUOTES: Robert Weir: "I had a distance goal today, but I didn't get it so I won't say what it was. The only problem with the ring was that it was rough. I had a problem staying in the circle. I had to get used to it. But if I decided if I spent a lot of time thinking about the ring I would forget about the competition, so I didn't worry about it. I was really disappointed about not qualifying in the discus. This kind of makes up for it. In terms of consistency this was my best series."

SCORING (AFTER TWO EVENTS): SMU 29, BYU 21, Indiana 15, Campbell and Boston 12, Washington 10, Long Beach State 9, Alabama 8, Kansas and Texas-El Paso 7.

QUOTES IN RELAY ORDER:

Sam Graddy: "The first leg wasn't the best I've run. I don't try to worry about performances, I just run."

Terry Scott: "As the season progressed, I felt pretty confident about the team. Being a freshman has nothing to do with it. I consider myself on the same level as the rest of them. Being a freshman doesn't matter at this point (in the NCAA meet)."

Reggie Towns: "Our handoffs were better than most this year, but I still think we could have done better. We had a good handoff to Willie (Gault)."

Willie Gault: "As Reggie came in I could see the other guys going out. I was three to four yards into the zone and they were five yards away. I told the guys before the race, if we were only five or six yards behind, we would be okay. I almost made a mistake when I was half way through. I thought I was in front, but the people on the outside were ahead of me at that time. I just had to pour on the power. We'll take the team race one step at a time. It's premature right now."

NOTES: TCU, qualifying leader with its 39.01 led through the first two legs and late in the third carry the Georgia and Washington runners began to pull even. It appeared to be a three to four team race at the final touch-off. And that didn't include Tennessee. However, the Vols' outstanding anchor man Willie Gault pulled ahead with approximately 15 to 20 yards left, having made up at least five yards.

SCORING (After three events): SMU 29; Washington 22; BYU 21; Tennessee 15; Indiana 15; Boston U. 12; Campbell 12; Georgia 10.

*MEET & STADIUM RECORD

NOTES: TCU took the lead to stay on the back stretch of the third leg when Keith Burnett passed Alabama's Allan Buford. Burnett recorded a 45.0 split and gave TCU anchorman David Walker a three yard lead. Walker held off challenges from Oliver Bridges of Howard, Lamar Smith of Alabama. Willie Caldwell of Baylor was running in fourth when he went down with a pulled muscle coming around the final curve. SMU entered the relay needing a sixth place to tie and a fifth to win the championship. The Mustangs responded with a fourth place due largely to the 44.3 anchor leg by Rod Jones.

QUOTE: Bill Hartson, Baylor, "I felt wobbly. It didn't have anything to do with the leg (he's coming back from a mid season leg injury). I just haven't run that fast in several weeks. I really needed that race, I have to find out what it's like to run a fast 400 again. It's been too long, but I feel great. I had plenty left tonight so will be ready for the final."

1983 NCAA CHAMPIONSHIPS

May 31, 1983

Houston, Texas

KERRY ZIMMERMAN, INDIANA/Decathlon Champion:

(Chance of winning going in) "I would say lower than average, below 50 percent. I haven't been training an awful lot because I'm a long jumper, high jumper for Indiana and in our conference meet I has to score in those. So a lot of training went toward that. I haven't put in mile one on the road for two weeks. I expect PRs in every event (second day) because my second day is not really up to power. I really relaxed in the hurdles and ran a good PR there, which I think was one of the keys to the whole thing. I knew if I could throw 200 in the javelin, and if Ramos didn't, it would be really close. I knew we were in position to win. I've always said I never had the incentive to run the 1500 meters hard because I really never had to do it. In this one I really had to stick with Ramos and I ran as hard as I could. In two weeks I haven't done anything at all. I haven't picked up the javelin in two months because of my elbow, but that's kind of a natural thing. It's like swimming, once you do it you don't forget. If I don't put ice on it, it will be really sore. The hurdles were the key to the whole thing because that was a big PR. I was really happy I got that. Now I am going to go home and put in a good three weeks of long jump training because I think I am a good long jumper. Then I'm going to the TAC meet in Indianapolis and long jump there. I'm going to skip the TAC meet in Los Angeles, the decathlon."

QUOTES, ETC.

QUOTES FROM TED McLAUGHLIN OF SMU, 1983 NCAA CHAMPIONS

"We're in the entertainment business, but that's about as much as I can handle. This is great, what the hell can I say. There are easier ways to win, everyone thought we had it knocked. Nobody realized Tennessee was sitting back there. They really cashed in on the 100 and hurdles. We had 16 people come here and all but one scored. We had some great performances, little things won it for us, like Henry Andraide diving at the finish for fifth place in the hurdles and then a 44.1 anchor split by Rod Jones in the relay. Everybody did their part. It was just great. I can't say enough about the guts of this team. On Leslie Brooks' lead off leg, his leg grabbed at the 200 mark and he almost had to stop, but that's the kind of guy he is. He's a 45 second quarter miler and he had a 48.2 tonight, but that 48.2 helped us win the championship."

RICHARD OLSEN (SMU) (Two-time NCAA Champion): "(About the circle) It's slow, but it's the same for everybody. I've thrown on slow circles before. It's just a scapegoat for everybody that doesn't throw good. I don't think the lengths will be what they were last year. I think they will be five or six feet shorter because of the slow circle. But this is a major meet and you can never tell.

(About why his distance has gone from the 240s to the 220s). "I had an operation on my knee about a year and a half ago. It's fine, but there are several exercises that I cannot do. I can't do any squats or any jumping. I weigh about 215 now, down from about 240 a couple of years ago. I went for four months on a vegetarian diet. I got all the way down to 206 pounds. I went to see a specialist about three weeks ago and started eating red meat again. The specialist said some body types need red meat. I guess I'm one of them. But I feel strong. In fact, I feel strong enough to throw 80 meters (262 feet, 5 inches). The technique is what's messing me up. When I lost the weight, small things changed around. I guess it's mainly mental - the adjustments I had to make. I like to gamble. I wanted to do better than 240 feet. I wanted to start throwing 270 or 280 and am willing to try a few things differently.

ROBERT WEIR (who has the best collegiate throw this year). "It's a slow surface, but if I stay in the circle I'll be okay. I'm going to need to practice throwing tonight for 15 to 20 minutes. It's just a matter of getting confidence. If I do the right things, I hope the right results will come (About Olsen). He's been working on his own, separately. I haven't seen him too much lately. Obviously, this title means a lot to him, but it means a lot to other people (Asked whether he thinks about finishing second two years in a row) "Yes."

QUOTES FROM 1600 METER RELAY

David Walker of TCU: "I felt like I was in good shape when I got the baton.

My teammates gave it to me right where we needed to be. I didn't feel any pressure. I knew that they were back there, but I just ran relaxed. It was almost like I was running on my own. This wind is beautiful. I was disappointed after we didn't win the 400 relay, but we hung together and came back in the 1600. I've had some big things happen to me recently like winning the SJC and graduating from college, but this is the best feeling I've ever had."

Dean Crouser, Oregon (Defending champion in discus & shot put)

Crouser threw 205-4 in discus qualifying Wed. night.

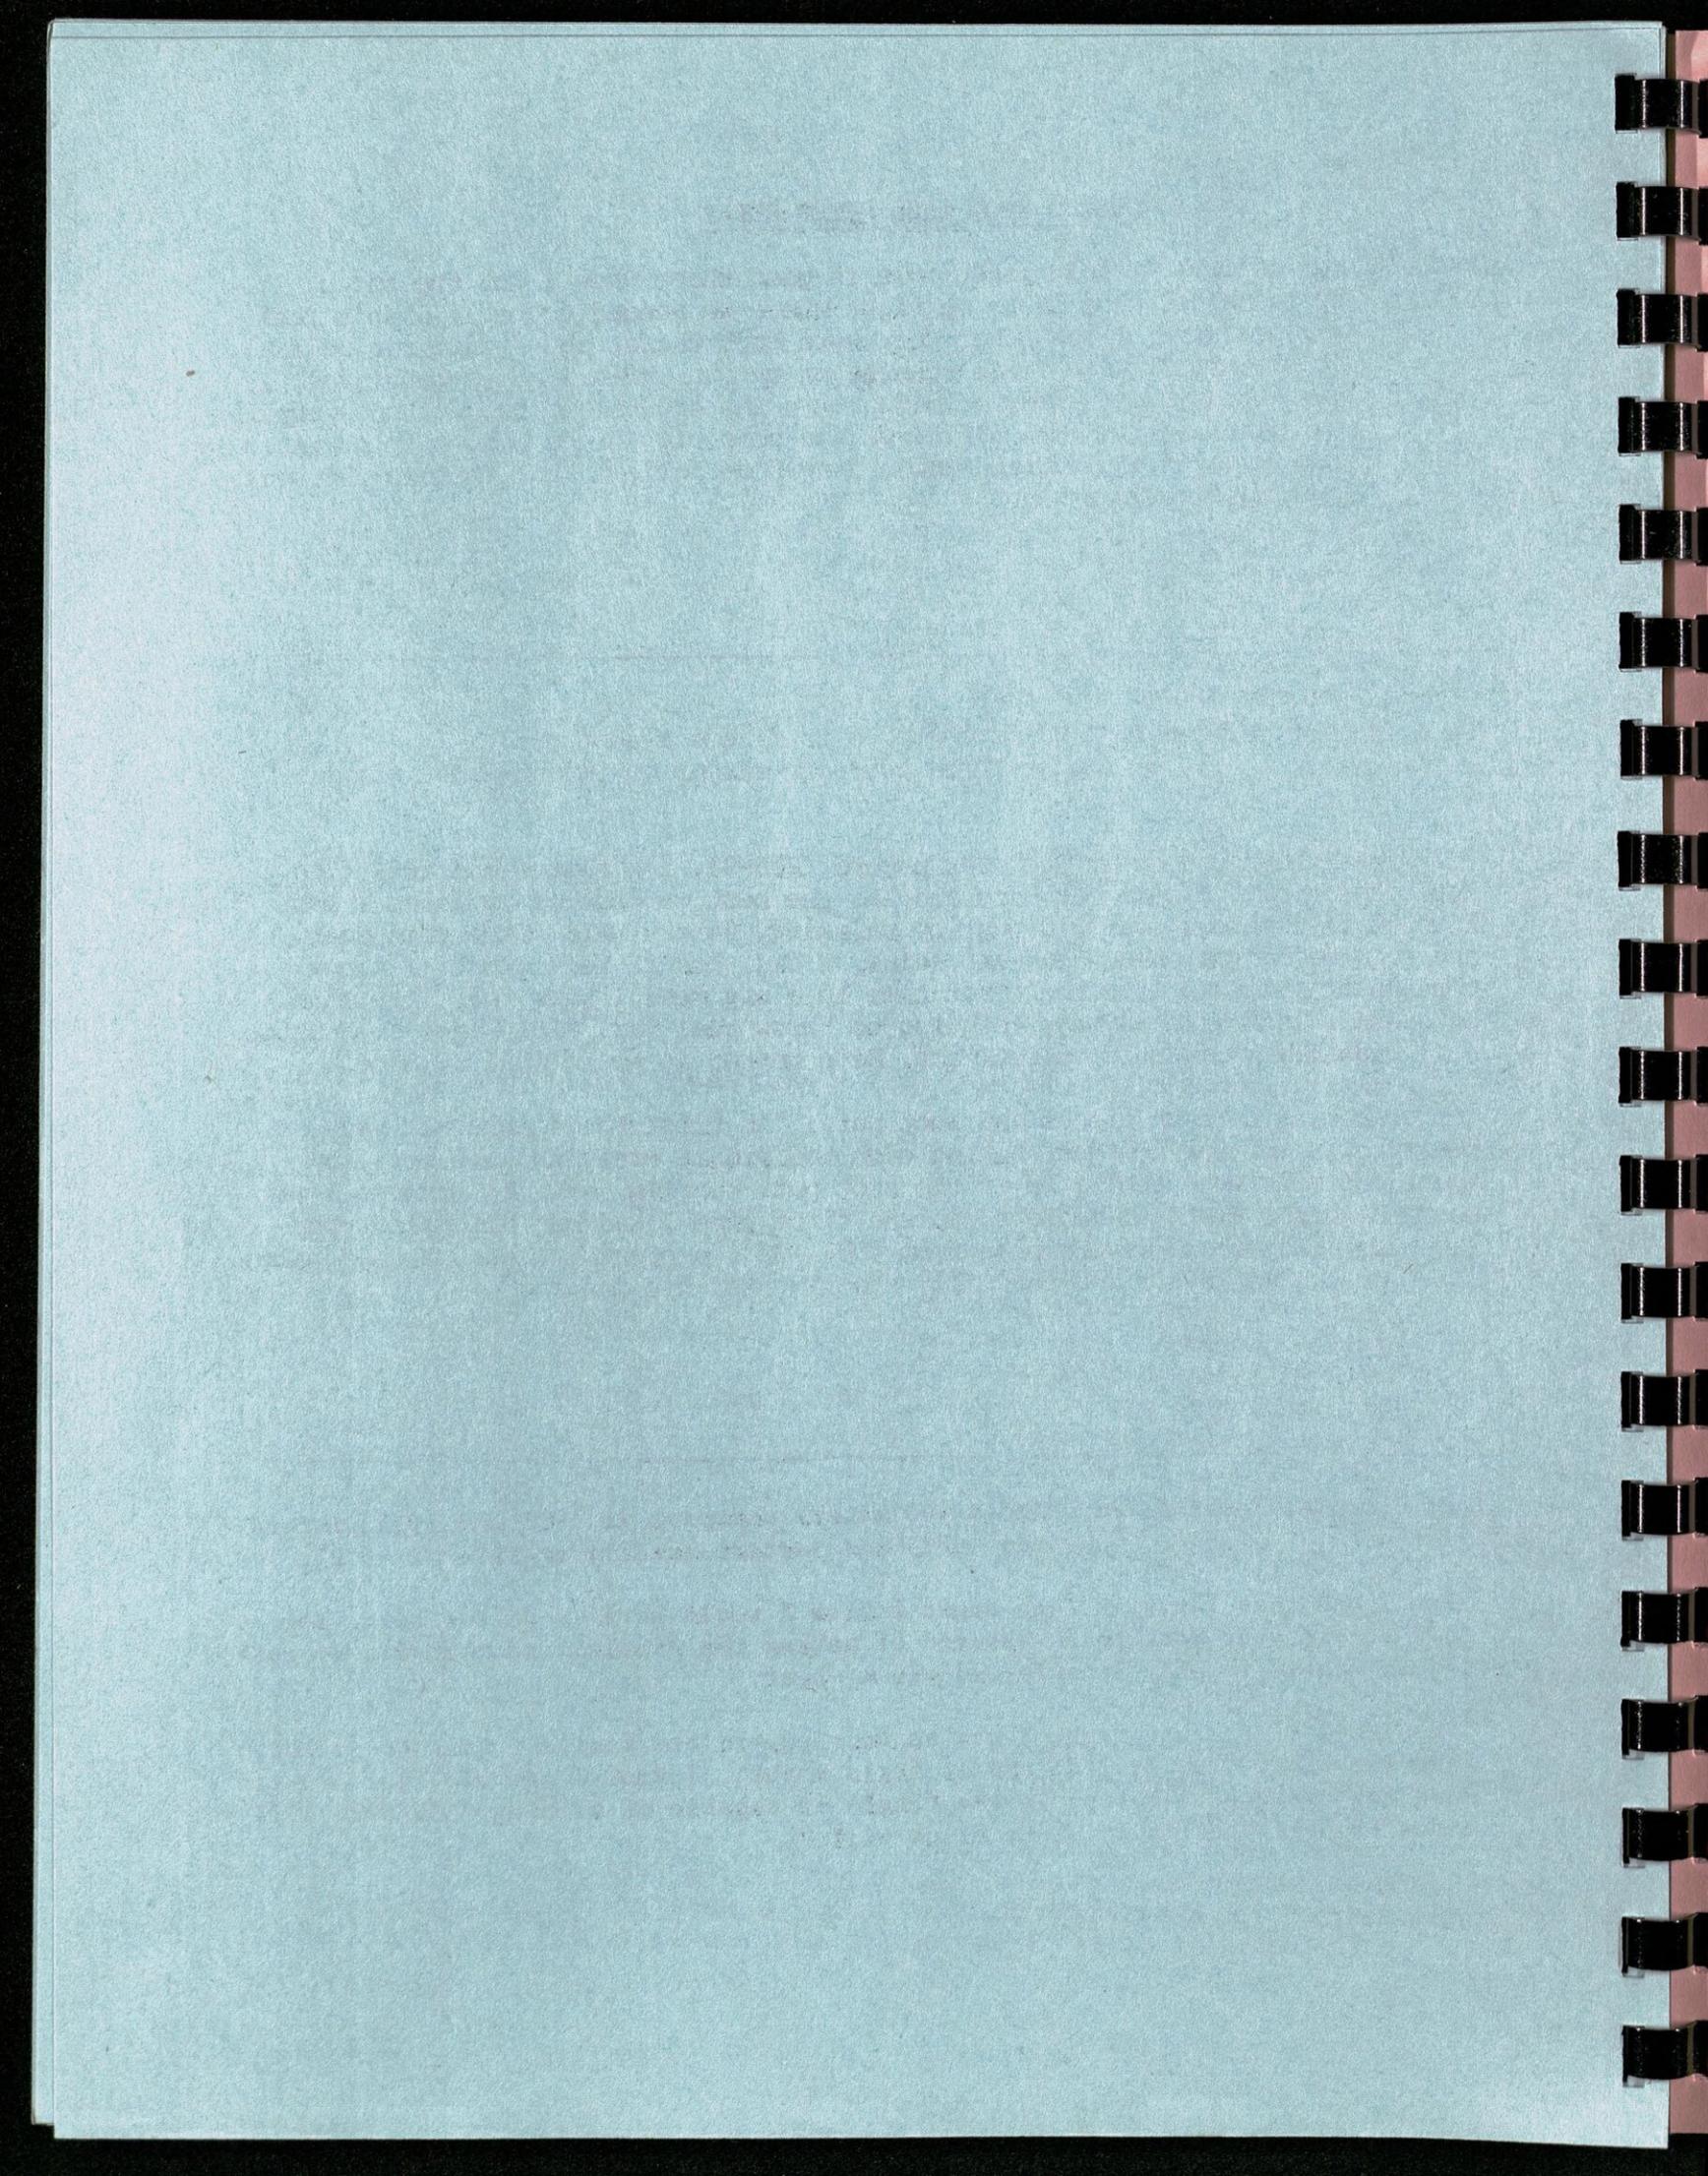

"I think I have a shot at the meet record (210-0). I'm rested and feel good. The other night, I came out here and had the best workout of my life. I had five of five throws over 210 just by relaxing. Robert Weir (SMU) came over and told me to just slow down and relax. I did, and it felt great. I'm not nervous at all, and it's the first time in a big meet I have felt like this. It doesn't look like anybody is going to throw real far. Rick Meyer of Houston will probably be my main competition. He's geared up to do well at home.

(on competing in both discus and shot put): "At first the double was putting pressure on me. Now I'm just taking each individual event and not worrying about the double. I feel good in the shot put. Wearing Levis in warmups I was throwing 65 to 67 feet. Tonight was the first time I had met Michael Carter (two-time NCAA shot put champion from SMU). He's a great athlete. He has taken the last two weeks off and is really shooting for his one."

Bert Cameron, Texas-El Paso (NCAA 400 meters champion in 1980 and 1981, second in 1982) had fastest qualifying time of 45.27.

"When I saw that I was in lane eight I knew I would have to go out hard. You have to win your heat to be assured of making the finals, and that was my goal. I just wanted to play it safe and win my heat.

"I couldn't sleep last night I was so worried. In the finals I want to go out hard the first 110. If I do and it feels smooth, I know I can win. But you can't make any mistakes. Anybody in the finals is capable of winning. I'm sure I'll run under 45.0 in the finals. Lots of us will."

QUOTE: Merlene Ottey, Nebraska, winner of the 100 Meters.

"My start is one of my biggest problems. But I've been improving and I didn't get out all that badly today. I got the lead at about 50 meters and just managed to hold the rest of them off. I really don't think I was that far ahead. Tomorrow will be a tough day (she will be competing in 3 events tomorrow, the 200 Meters, 400 Meter Relay, 400 Meters) I've just got to take each race as it comes instead of thinking about all of them at once. I'm taking a lot of vitamin C for the heat but I'm not really doing anything else differently. I'll stay around tonight and watch our 1600 Meter Relay team. I guess I'm just lucky I'm not running on that.

NOTES: Due to excessive wind reading there is no record.

QUOTE: Merlene Ottey, Nebraska, (in reference to running 100, 200, 400, & 400 relay) "I'm not confident that I can win any of these events. That's too many different races to feel that I have a real chance in any one of them. There are others here as fast as I am, especially when I'm so tired. I'm feeling pretty good now, but I know how tired I will be by Saturday. I'm just not used to running this many races in such a short time. I hope I have the strength.

*Meet and Robertson Stadium record.

NOTES: Springs took the lead at the end of the 24th lap and ran a 66.0 final 400. Regina Joyce of Washington led for the first third of the race until pre-race favorite Beth Farmer of Florida took over and led for 10 laps.

QUOTES: Springs-- "My plan was to sit back and let the other girls do the work and hopefully rely on my kick--and it worked. There are times in a race when you don't feel quite right and there are times when I felt sluggish. You just hopefully try to stay in there and not let the other girls get away from you. I was able to do that."

*Collegiate, Meet, and Stadium Record.

QUOTE: Benita Fitzgerald: "I really wanted that record and I feel great to have got it. I strained a hamstring in a 200 meter race a couple of weeks ago and I was just hoping I didn't re-injure it here. If I accomplish my goals it will help the team accomplish theirs. I don't feel like I hold the whole team on my shoulder"s.

NOTE: Fitzgerald got out of the blocks first and never trailed. She pulled away from the pack at the third and fourth hurdles. Her strongest challenge came from Turner of UTEP who closed very quickly over the 8th, 9th and 10th hurdles.

QUOTE: Judi Brown, Michigan State.

"I realized that this race had the best in the nation, not just collegiate, but all of the best. So how I did here should determine how I can do in the TAC meet, and that will mean a lot. With this race now in the back of my mind, I think I'm ready. Coming into the straight-away the leader messed up on the 8th hurdle and I thought I had a chance. When she messed up on the ninth hurdle, that's all I needed. A lot of people will have called this an upset. You've probably never heard of me and I'll be the first to admit, I've been a very inconsistent runner."

QUOTE: Leslie Deniz: "I was looking for at least 215. I threw over 215 on my last throw, but I fouled. All I know is the last throw was close to 220, which is the goal I set for myself. I know it's in me, so I guess it's just a matter of being patient. I had to take 2 weeks off from my training when I hurt my back. So I'm just coming back".

QUOTE: Denise Thiemard, Nebraska, Women's Javelin Winner:

"I wasn't real disappointed Wednesday during the trials. It was just a goal and I wanted to get to the finals. My goal today was just to win. It was hot, really hot, and I was not used to the weather. When your hands are wet from sweat it makes it hard to throw the javelin, that was the main problem out there today, again you were just dying. This meet was really a different meet, it was the biggest all season and I was quite nervous. I wanted to win, I didn't go for any record.

NOTE: With the victory Thiemard remains undefeated in 1983. Previously she had won the Big 8 championship and the Drake Relays and had a season best of 201-3.

QUOTES: Randy Givens, Florida State: "I was looking for (Merlene) Ottey and Florence Griffith before I took the baton. I didn't exactly know where I was but I knew I had to get out fast as Ottey and Griffith would be coming on. Next thing I knew I was out by myself, I was looking around for someone and was surprised no one was around. I couldn't see anybody. These were the best four exchanges of the year".

NOTES: The victory was the second of this meet for this Florida State foursome. The same group won the 1600 Meter Relay Friday night. Nebraska led on the first leg but Marita Payne put Florida State ahead to stay with a strong second leg. Brenda Cliette widened the lead on her third leg. While Nebraska struggled with their final hand off, Cliette passed smoothly to Randy Givens and Florida State pulled away for an easy win.

QUOTE: Randy Givens, 1st leg, Florida State Relay - Winner.

"I couldn't tell if I gave us a lead or not, but we got the lead pretty quickly and kept it all the way. It really wasn't that surprising to us that we ran this fast, we felt we would be ready and we had stiff competition from Tennessee, UCLA, and Nebraska".

Marita Payne, Florida State Relay, 4th leg.

"I had no idea what kind of lead we had. I just ran. I am a senior and this is sure a great way to end up. It couldn't be any better".

NCAA HEPTATHLON
May 31, 1983
Houston, Texas

PATSY WALKER, HOUSTON/3rd

"Yeah, I am, because it is a personal best and that's what I came to the meet with (Are you happy with your efforts?). I thought everything was real solid except the long jump. That was a disappointment. I had some problems with my run, it just didn't go as far as expected, I don't think. I had a personal best in the javelin. The 800 was a good race, that's only the second 800 I've run all year. This is the second time this year (I've run the heptathlon). I've got four more to go this summer. It's really the beginning of the season for me because we run all the way through August.

JACKIE JOYNER, UCLA/1st

"I really enjoy playing basketball, but my first love is track and with the Olympics coming up you have one chance, I have one chance. This is the big chance for me to go to it and not to put it off for the next four years. That's why I decided to give up basketball for that one year (next year). I know I'm in better condition than a 2:15 800. The first lap was too slow (in the 800). Before the 800, the final event, Bobby was saying it's a challenge, if we get it we get it, if we don't, just settle for what we get and we'll go on to the next day, next event, next heptathlon meet, knowing that it's there. I haven't really decided (plans this summer), I know I want to make the World Championship team to go to Helsinki, and whatever else comes up, and work on my long jump. I'm going in there to compete for myself to do my best in each event. But I won't go in there saying I've got to beat Jane Fredricks, because I think I would mess up, going in there just concentrating on Jane. Then someone else would slip in there and beat both of us.
