NUMBER 33

TUESDAY, MARCH 11, 1980

ELIGIBLE TO RECEIVE JACKETS

Two DPMC employees have produced lucky badge numbers from last week to become the newest members of the Red Brigade. They are M. J. Parris of OP-II, who won with 763 from last Tuesday, and A. Chester of M-S-H, who won with 208 from last Thursday. Today's lucky number, which was drawn by insiders from Cat Cracking, is 534.

RULES OF THE ROAD

Red D. Worker says, "When you are walking or riding a bike in the DPMC, be sure to obey the rules of the road. Walkers (and joggers) should remember to point themselves so they face traffic and to wear light clothing when they're out at the Complex after dark so they can be easily seen. Bicyclists are required by state law to follow the same rules as motor vehicles--such as driving on the right side of the road and using traffic signals."

CHANGING WEATHER

There is an old saw that says, "If you don't like Texas weather, wait a while and it'll change." That certainly has applied to the DPMC the last few weeks, with the thermometer jumping from frigid to tropical and back to frigid again. We hope Monday's scorcher means Spring is here to stay--but in Texas you never know.

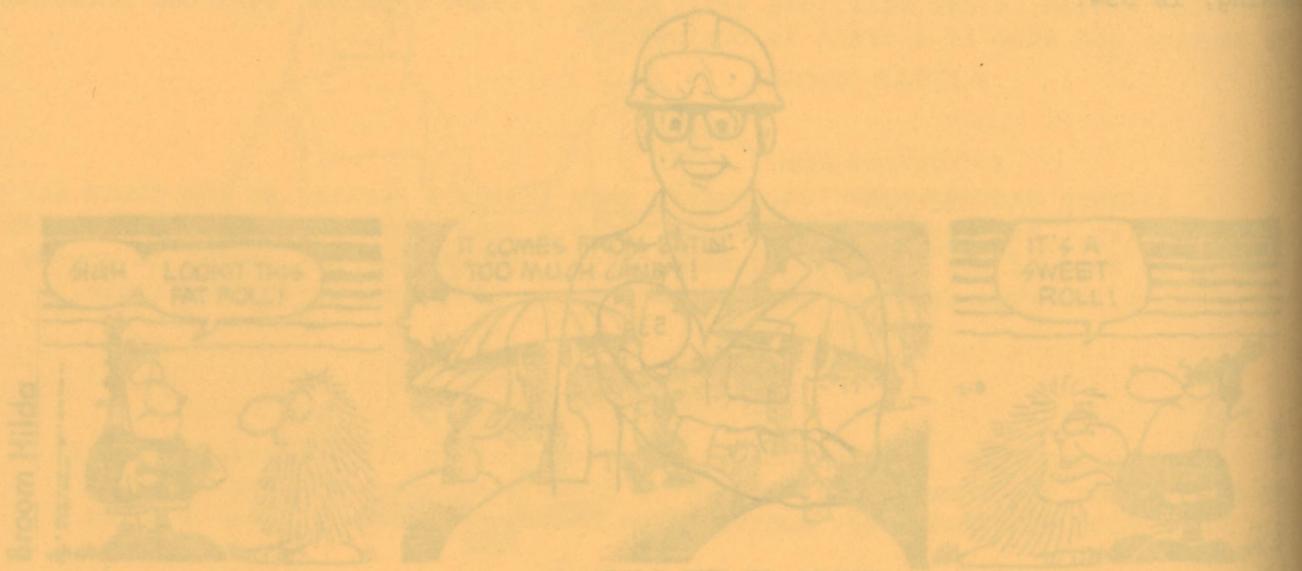

THE INSIDE-STORY

ADVERTISEMENTS

FOR SALE

Spanish love seat. Like new. \$125. Ward's double oven electric range. \$
Ebony Fischer console piano and bench. \$750. Call 487-3588.
