June 8, 1928.

Judge W. W. Moore, Chairman
Advisory Committee
Houston Negro Hospital,
Petroleum Bldg.,
Houston, Texas.

Dear Judge Moore:

I wonder if Mr. Cullinan will not be willing to assume the cost of providing the little folder we got out regarding the negro hospital.

I had to get some other printing done to take care of the membership arrangement and had to put in some gas fixtures for the sterilizing equipment. This strained our resources so much that I have had to defer payment of one or two salaries until we could get around the corner.

Will you be so kind as to present the matter to Mr. Cullinan and let me know the result.

Yours sincerely,

(SGD) J. W. SLAUGHTER
