CONFIDENTIAL

Mr. John H. Shary,
Mission, Texas.

Dear sir:

In connection with a possible application by the City of Houston, and Harris County, for approval of a proposal to assign funds for the construction of a City-County Hospital at Houston, I am taking the liberty of enclosing for your information, copy of a letter addressed under date of September 12th, 1933 by Mr. J. S. Cullinan jointly to Hon. Oscar Holcombe, Mayor of Houston, and Judge W. H. Ward, County Judge of Harris County.

I feel that this letter contains some pertinent statements with reference to the local hospital situation, and that it would be desirable to hear from the various local interests involved before passing upon any such application, should it be filed. A copy of this letter, together with the enclosure, is being addressed to you at Fort Worth, as a matter of convenience.

Yours respectfully,

Chairman Advisory Board
