Streets*

Dear Mr. Cullinan:-

I thank you for your letter of the 23rd,
calling my attention to the condition of the streets around
the Negro Hospital.

I regret that we have been unable, as yet,
to purchase any material for the reconditioning of streets but
I assure you we will be more than glad to place the streets
mentioned in as good condition as it is possible for us to do
so at the earliest possible moment.

Yours very truly,

S. A. Starkey
