HOUSTON NEGRO HOSPITAL

Mr. W. T. Sinclair,
Building.

Dear Sir:

Yours of December 8th:

Attached hereto are blue prints of Negro Hospital grounds, revised to show the improvements set out on print accompanying your Memorandum.

The block corners to this land are in place on the ground. Side walk elevations, as established by the city, are shown on the print.

The location of the curb lines and widths of roadways are as will be recommended by the City Paving Engineer at such time as permanent paving on these streets should come up for consideration and they are subject to the approval of the City Council.

Please advise any further attention required from this Department.

Yours very truly,

W.H. Mead.

Chief Engineer
