Houston, Texas.

Dear Sir:

We wish to call your attention to the expiration on June 2nd of American Central Policy No. 9294 covering \$37,000.00 fire insurance for the Houston Negro Hospital on the Nurses' Home Building and Utility Building.

Renewal premium for term of one year on this policy is \$283.53 being the same as last year. We are writing to offer you the facilities of our deferred premium plan if you should wish to use it. As a suggestion, the premium could be taken care of with down payment of \$55.53 and six monthly payments of \$43.00 at 6% annual interest.

We are proceeding with renewal of the policy and will appreciate your advising us should you wish the premium handled in this way.

Very truly yours,

(SIGNED) L. A. STEVENSON
