

MEMORANDUM

New York, January 4th, 1928.

HOUSTON NEGRO HOSPITAL  
Improvements of Grounds

W. T. Sinclair, Secretary,  
20th Floor,  
Petroleum Building,  
Houston, Texas.

In connection with the above, you will recall that it was contemplated to put a wire fence around the property and I believe Mr. Wooding planned on using barbed wire.

I am not sure that this is permissible even if desirable. Please confer with Judge Moore about this before the work proceeds.
