Dear Marge:

Now that the National Women's Conference is history, I want to take a moment to personally thank you for the support you provided the registration process.

Besides coordinating all of the volunteers and assisting them during the three days, the calming effect your presence had during the entire process was really apparent. Knowing that you could be counted on to always take on 'one more thing' throughout that hectic time, helped tremendously to soothe ruffled nerves among not only us but also among harried delegates.

Although we always trusted and never questioned Helen's judgment when it came to decisions relating to the logistics of the NWC, I now know, firsthand, why she was so insistent on having "Marge do registration".

It was a pleasure working with you and I hope that at some point in the future our paths will cross again. I am listed in Information so do call me if you are ever in D.C.

Thanks again for your able assistance.

Sincerely

WEATHERLY
