

, October 18, 1918.

My Dear Miss Roberts:

Mrs. Cunningham, who has been quite ill with the prevalent influenza, has asked that I write and request you to attempt to find for her copy of the editorial which appeared in the Fort Worth Record, - about January 12th, she thinks, - regarding Mr. Cantrill of Kentucky. It seems she spoke to that gentleman of such editorial, and he was anxious to see it. Of course you know in advance how appreciative Mrs. Cunningham will be. She was in the office for the first time today, and had to leave before accomplishing all the things she desired, - one of those being the letter to you for this favor on your part. I "shewed" her out, and promised to send you the lines.

Hoping that you are in the best of health, I am,
with very good wishes,

Sincerely yours,

EHL/L

Headquarters Secretary.

PS: Did you know Miss Engle is state organizer for Liberty Loan in Ohio? They "gobbled" her up before we could get her. And she wrote of being real homesick for Texas, and the "natives," - one of whom you are which, probably?!!

E.H.L.
