

MEMORANDUM

J S CULLINAN
HOUSTON TEXAS

Houston, Texas,
January 5, 1926.

HOUSTON NEGRO HOSPITAL

Judge W. W. Moore,
Building.

It was my understanding before I left New York that specifications had been sent out and bids were to be submitted on January 6th.

As my stay in Houston is uncertain and at best limited and as the prospects are when I leave I may be detained for a considerable length of time, it becomes highly important that when the above mentioned bids are received that they be promptly tabulated and determined if I have opportunity to give the matter further attention before I leave.

I am sending copy of this communication to Mr. Sullivan for his information in order that he may be governed accordingly in making engagements as soon as he is in position to do so.
