PAUL KEPLINGER WINS REGIONAL SPRINT RACE

Paul Keplinger, 12 year old son of Ron E. Keplinger, brings home the "gold" from the South Central Division Winter National Event held in Oklahoma City on April 12.

The winter national races sanctioned by the International Kart Federation (IKF) across the country are tune-up races for the August national championship races scheduled in Quincy, Illinois.

A sixth grader at Spring Woods Junior High School in Spring Branch, Paul plays violin in the orchestra, but spends most of his time working on his cart and engines.

While his father, senior accountant, Treasury, does the mechanical tuning and building of the engines and mixes the fuel, Paul does the racing and brings home the trophies.

As a proud father, Keplinger enjoys telling his friends how Paul races in the Rookie Junior Class using a 4.9 cc engine that will turn

out about 7 hp and speeds exceeding 50 mph.

The IKF Regional Sprint Race held in San Antonio on May 3 marks Paul's most recent win.

Paul is pictured in the cart he raced to win the huge first place trophy.
