Mr. Angel M. Cabrera  
Jacatlán

Dear Sir,

Being well informed by your letter dated on the 5<sup>th</sup> day of last month, which I had not received until today, this is to advise you that I shall petition the parish priest to wait until work on the new school building is closer to completion, if this does not cause any inconvenience for him, so that the children do not interrupt their studies. Therefore, the aforementioned proposal involves permitting the children to continue their studies in the parish church until the new school building is ready for use.

I remain at your service,

Signed by Porfirio Díaz
