Our Latest Invention—The Slumber Davenport.

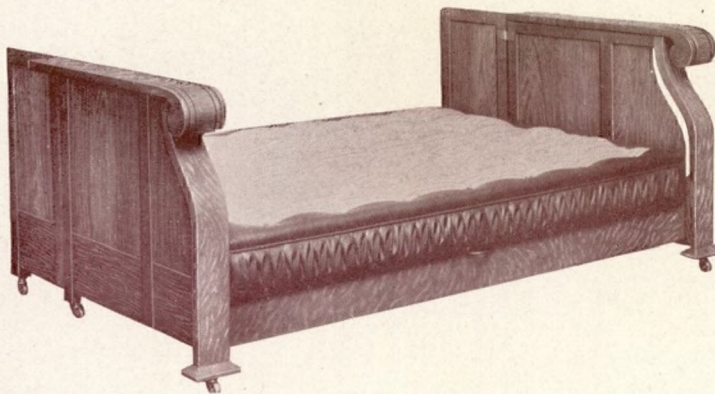

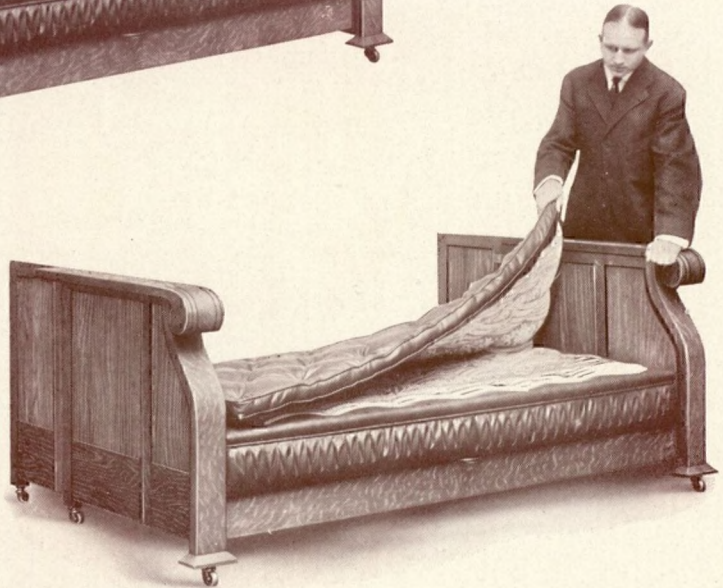

AS A DAVENPORT

A beautiful and attractive Davenport with a high grade up-to-date loose cushion seat, soft and luxurious as the finest product of upholstery today. Ruffle front, spring edge, plain upholstered back with spring edge top, large dust-proof wardrobe under seat. Consider its style, its completeness, its beauty and workmanship.

SIMPLE OPERATION.

No iron mechanism to make it unsightly, to be the source of annoyance, to get out of order, to add to the weight, etc. You open two flat gates at rear, let the back down and fold the loose cushion over on the back with the art ticking side up.

AS A BED.

The most substantial bed. A box spring mattress, the ideal surface for sleeping (no woven wire or linked wire bed). Filled with the highest grade steel coil springs each tied and anchored with the finest grade of Russian Hemp twine. Perfectly sanitary, no crevices for dust and dirt and a head and foot board the full width of the mattress.

All Davenports shown in this catalogue are equipped with our new style flat gates, as shown in this illustration. This is a big advantage over the old method as it permits the davenport to fit snug against the wall. This saves space and makes a more harmonious appearance in the room.

Slumber

DAVENPORT BEDS.

No. S. 1028. "Slumber" Gate End Davenport, with dust-proof wardrobe box. **Quartered Oak** arms and front or **Mahoganized Birch**. Any color of finish, polished, dull or waxed. No T-1026. Dropping the prefix "S" before any number and substituting the letter "T" indicates the regular tufted style of Streit mattress as shown in this cut. Any design shown in this catalog can be had with this style of mattress. See price list.

No. P-1025. The letter "P" preceding any number indicates the plain upholstered Streit mattress as shown in this cut. Any design illustrated in this catalog can be had with this style of mattress. See price list.

No. T-1026. This illustrates the regular Streit, or "T" mattress when open as a bed.

The Slumber vs. Morris Chair.

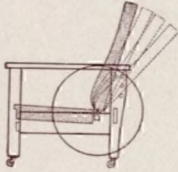

A Morris Chair

In every Morris Chair the body slides to the front of chair.

In the Slumber chair the body slips to the back of chair, which throws the balance of weight on the back.

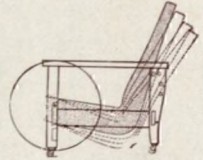

The Slumber Chair

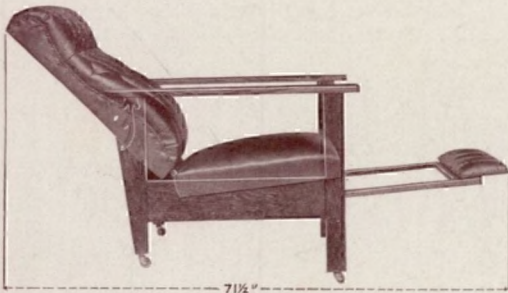

A Morris Chair

In every Morris chair the back swings from a pivot or hinge located at the rear of seat.

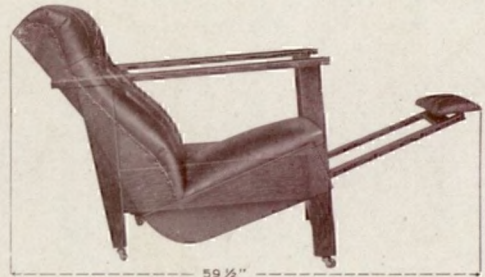

In the Slumber chair the back and seat are one piece and swing from a pivot at the front of seat.

The Slumber Chair

A MORRIS CHAIR

THE SLUMBER CHAIR

NOTICE:—The Slumber Chair requires 12 inches less floor space.

THE *Slumber* CHAIR

We are patentees and sole manufacturers of the "Slumber" chair. Catalog No. 25 illustrates complete line of "Slumber" chairs. Send for copy.

An Interesting Special Offer

FIRESIDE CHAIR No. 50

There is an ever increasing demand for big, roomy and comfortable Living Room chairs. The Fireside chair with its high back and deep springy seat makes a particularly desirable chair for that room of the house where we really live and spend our evenings, whether it be called the living room, den, parlor sitting room or library. This room at least should not be without one chair of this character both from the fact that it offers such a great degree of comfort and that it is at the present time the most stylish piece of furniture made. The character of the construction and the upholstery is such that it will not be found in the cheap shoddy grades. There is refinement in every line and in the possession of this will be found a greater source of satisfaction than in any new piece of furniture you could buy for your home.

The illustration shows the chair upholstered in a good serviceable denim. A good quality of tapestry, or Panne Mohair such as we use, would make a very desirable and serviceable covering. Made in **Genuine Mahogany Only**. If a rocker is preferred add \$2.00 Net to the price quoted.

ARM CHAIR No. 52

This style of arm chair will make a fit companion piece for the above Fireside chair. It is one of those odd chairs for which there always seems to be a place or corner in the home awaiting to receive it. The lines are beautiful and the style is of the highest class. We know that anyone purchasing this chair at the price we offer will never regret it, in fact we will guarantee that you will be delighted with it. The appearance may not indicate that it is an extremely comfortable chair but it is. This chair makes a splendid rocker and we furnish it either way. If the rocker is preferred add \$1.50 Net to the price quoted. This chair is made in **quartered Oak or Genuine Mahogany**

These are **SPECIAL NET PRICES** from which no discount is allowed

TRADE MARK

CINCINNATI, O. U.S.A.

Nov. 1, 1910.

Mr. Frank A. Yeaw,
Greenfield, Mass.

Dear Sir:-

We are pleased to mail you under separate cover samples of coverings as requested.

The #1019 davenport we have not in stock and we have decided to discontinue this pattern, on account of its similarity to the 1002, there being very little difference. The #1002 we have in stock at the present writing and can ship promptly. Other patterns in stock in the mahogany finish are;-

1014--1021--1022--107--110--113

117--118--122--123--132--etc.

We will be pleased to receive your order for any of the above and can assure you that you would be well satisfied with your purchase.

Yours very truly,

The C. F. Streit Mfg. Co.

TRADE MARK
ON EVERY PIECE

CINCINNATI, O. U.S.A.

June 1, 1911.

Frank A. Yeaw,
Greenfield, Mass.

Dear Sir:-

In the creation of a wonderful improvement in our davenport bed is our object in writing you at this time. This improvement is of such a nature as must appeal to you and arouse your interest.

While we have not heard from you since sending our last catalog we are hopeful that the purchase you were interested in making at that time has been deferred so as to permit you to examine, with a view of purchasing, our latest invention, the "Slumber" davenport. The accompanying catalog #26 illustrates all new designs.

A study of the illustrations will give you some idea of how beautiful and desirable these new davenports are but it is unfortunate that we are unable to bring out in the picture their real beauty and luxuriousness. Only in the actual possession of one can its many points of merit be realized and enjoyed.

No other davenport offers the luxuriousness of the "Slumber" davenport; none equals it in its completeness as a bed. The seat has a width of 25 inches, as wide as a couch and softer, so that it can be used as a couch with even greater comfort. As a bed there is a separate sleeping surface with a bright wholesome art ticking mattress. The width as a bed is 50 inches, ample for two people. The full head and foot board will hold the pillows in place and allow the bed clothes to be tucked in. Under the seat there is a roomy wardrobe box that is really dust proof, which advantage is not found in other makes. In short no two purpose piece of furniture fulfills each separate requirement to such perfection as the "Slumber" davenport.

To secure your order now we will allow a discount from the price list of 25%, which is one fourth off. We will allow you to keep the davenport in your home for thirty days, to give it a thorough trial and if you are willing to part with it at the end of the thirty days you may return it at our expense. To receive your acknowledgment of our catalog will be much appreciated. May we expect it?

Yours very truly,
The C. F. Streit Mfg. Co.
