Harvey W. Harris Expects To Return To Classes Monday

Harvey W. Harris, instructor of the English and the Speech departments of the University of Houston, who has been ill since last Easter is reported to be greatly improved.

He is able to be up and about, but is still confined to his home. Mr. Harris states that he will probably return to his classes next Monday April 12.

Red Masqueteers "Come Through"— Despite Dust and Temperamental Weather

Many and complicated were the experiences and sensations that the Red Masque Players met on their trip to El Paso, but the changes in weather and such were the most varied.

The Red Masquers left Houston in a cold drizzling rain but by noon they were in bright sunshine. By nightfall, they were nearing Carlsbad where it was freezing. There they spent the night. In the morning the water in the canals was all frozen. Later they visited the Carlsbad caverns where the temperature stays at a constant 52 degrees all the year 'round.

En route from Carlsbad to El Paso while passing through a mountain range, the wind became so bad that it almost blew the car off the road. While crossing the salt flats outside of El Paso the wind blew such clouds of sand and salt into the air they could hardly see to drive.

Arriving in El Paso the group were given identification badges by the College Players of Texas College of Mines, on which was written "El Paso Texas, the sunshine playground." No sooner than they had set foot outside with the new badges than they became soaking wet in a heavy downpour of rain. The group was assured that this was very un-

Dupre and Kemmerer Attend State Meet At Lubbock, Texas

Dean N. K. Dupre and Dr. W. W. Kemmerer left Houston Tuesday night to attend a meeting of the Texas College Association at Lubbock. Dean Dupre and Dr. Kemmerer will represent the University of Houston at this meeting.

The Association meets yearly to discuss college standards, courses and the problems of the different schools. It is held in the form of "round-table" discussion.

The meeting began Thursday, April 8, and will last through Saturday April 10. Both Dr. Kemmerer and Dean Dupre are expected back in Houston the early part of next week.

Houston Boys Club Decides To Change Name To "Squires"

Plans of the Squires, organization heretofore known as the Houston Boys' Club, began to take shape today.

At a stag supper Tuesday night at the Lyric Cafe the club voted to assume the duty of supporting the No Smoking rule in University of Houston buildings. "On a recent trip to Baylor," said Don Miller, treasurer of the group, "I found that the school has a No Smoking regulation on the campus. In talking to their Dean, I was informed that they do not enforce this rule. They merely hold it as an outstanding presedent and the student body backs it one hundred per cent."

The club also voted to hold a picnic for members only, April 18 at Mac Gregor Park.

"At present we have taken in our quota of members for this term. Those who wish to join may petition the club. Their petitions will be given due consideration," stated Roy Much, president.

The Squires will hold a short business meeting Wednesday night at 9:30 in room 118. All members are urged to be present.

General College Sophomore Class Arranges Banquet

Sophomores at the General College met yesterday and voted to hold their annual banquet Thursday, May 13. A committee, composed of Vivian Kissen, Harry Montgomery, and Harry Johnston, was appointed to work out the details.

Deviating from the usual procedure of allowing only sophomores receiving their A. A. degrees to attend, the class decided to include all General College students.

"This banquet will probably be the last occasion for all General College students to get together at a social function," stated Roger Jeffery, president of the class, in giving his reasons for changing the policy that has governed the affair heretofore.

There are approximately twenty sophomores receiving the two-year degree.

Mitchell Announces Eight Committees For Affair

With the appointment of eight committees, including about one hundred students and faculty members, L. Standlee Mitchell, general chairman, announced his intention to immediately plan for the reception honoring high school graduates at the City Auditorium April 29.

Attempting to surpass the color and proportions of all previous receptions Mr. Mitchell has created several new committees, which were necessitated by a mass of technical problems and details.

The promotion of the reception has been delegated to a program committee, door committee, floor committee, invitation committee, committee of ushers, follow-up committee, and a publicity committee.

Headed by Mrs. Pearl C. Bender and including mesdames Byington, Ebaugh, and Pennybacker, the program committee will plan the entertainment and determine the stage motif. The queen and duchess from each class of both the general college and the University will serve on this

Mitchell Directs Day School Students In 'Shooting Stars'

"Shooting Stars," day school operetta, will be presented in the San Jacinto high school auditorium Monday, April 28, L. S. Mitchell announced yesterday.

Parts for the play were cast over a month ago, but Mitchell has been unable to meet with the group due to press of other duties. Choral numbers have been rehearsing under the direction of Edith Stafford, General College Glee Club director, since the play was cast.

Starting Monday rehearsals will be held every week night in the San Jacinto auditorium.

HARRY JOHNSTON GAINS TITLE "BEAU UGLY"

Cougar Omnibus Poll
Results In Battle
"Mud Slinging"

Harry Melville Johnson emerged victorious in one of the most viciously contested division of the Omnibus Ballot sponsored by The Cougar. He won the title of Beau Ugly by a bare majority of six votes over the previous two-time winner of the award, Alexander Gardner. The contest had simmered down to "The Battle of the Mud-Slingers."

"I wish to take this opportunity to thank my many supporters publicly," beamed Mr. Johnston "I will do all in my power to carry on the tradition of the University and do honor to the position which I now occupy."

The title of most representative boy and most representative girl was bestowed upon Elmer Hamilton and Algerine Allen, respectively. This is the second year that Miss Allen has won this honor.

She was also selected as the Most Ambitious Person.

The voting was unusually close this year, Douglas Carter and Wilbur "Goon" Stein tied for the title of Most Versatile Boy; Edythe Reddick won by a one point margin over Mavis Anderson for the title of Wittiest Girl; and Grace Dustin nosed out Edythe Reddick for Best-All-Round Student. Miss Reddick won the title of Biggest All-Round Student last year.

Another winner who barely managed to hold his own against almost overwhelming competition were Aubrey Mang who emerged victorious after a hard scrimmage with Gordon McGann for Most Effeminate Boy Luther Smith was prominently mentioned but failed to prove a real threat.

Mr. Robert Talley won the title of Favorite Professor. Close behind, in second place were for other instructors who were separated by two

CONGRATULATIONS TO THE RED MASQUE PLAYERS

The Red Masque Players of the University of Houston proved on their invasion of El Paso that as a dramatic unit they will take a back seat to none. "The River" captured fourth place in the Texas Intercollegiate One-Act Play Contest, competing with the strongest group of productions seen in years. Mavis Anderson, who played the leading feminine role in the play, was awarded a loving cup as the best female actress of the tournament. Edythe Reddick, who portrayed the part of a negro servant, was awarded the French Little Theatre medal as the best character actress of the tournament. Jimmy Julian and Hoga Walters distinguished themselves in the male roles. The Red Masque group attained its share of honors.

L. S. Mitchell, director, is to be congratulated. Working long and tedious hours, he has developed material with nothing but cherished ambitions into talent worthy of ranking with the best in college dramatics. Members of the group are to be commended on their co-operation under all conditions.

In addition to those who have been written up in headlines, the stage hands who made the trip should be mentioned. Without them the success of the Red Masque Players attained would not have been possible. They neglected other duties to make possible their presence at a time when they were sorely needed.

We congratulate the Red Masque Players, distinct credits to the University of Houston!

MARK OF UNDERSTANDING

The efficient manner in which the University of Houston Administration is handling the absences of students is representative of the broadminded yet business like attitude that has been fundamentally responsible for Houston business men's co-operation thus far.

Some students have been provoked at the unflinching telephone calls to their home after each absence but none have forgotten this when tempted to again miss classes without legitimate excuse.

In a substitution serving the employees and business men of a city, naturally, certain leniencies must be allowed to take care of imperative attendance to business. Our administration has foreseen this necessity and allows a note, not necessarily on letterhead, from one's employer to excuse him for all imperative absences, of course contingent upon his co-operation in making up all assignments missed.

This policy and a general liberality in favor of business endeavor will increase the reputation of the University of Houston in the eyes of businessmen in the city, assuring the University continued growth and prosperity.

FRIENDSHIP

Among possessions greater than silver or gold to anyone is an honest sincere close friend. A true friend, next to some one you love dearly, will stand by you, help you, sympathize with you, and laugh with you. Friends with their comforting words, smiles and cheer make life richer and sweeter.

Sometimes, when you are feeling weary and blue, a warm hand-clasp or a slap on the back, goes a long way to make your burden lighter.

A sincere friend will never doubt you and trust you when others do not, a true friend will fight for your cause. A lost friend is a lost jewel. Make the right kind of friends and you will find joy in living, striving and working.

Geeving Eet To Heem—

According to Purdue University co-eds' estimation of men: men are what women marry; they have two feet, two hands, and sometimes two women. It's a psychological mystery that a soft, fluffy, violet-scented woman should enjoy kissing an awkward, stubby-chinned, tobacco-scented thing like a man.

He took her gently in his arms
And pressed her to his breast;
The lovely color left her face
And lodged on his full dress.

Columnist note: "A New York University professor protests against the students' reading a newspaper in class. Some people are funny." Well, well. If that is the truth, then we certainly have a lot of queer people on this campus.

Laffy-Etes—

Then there was the inventive minded professor who came upon the idea of manufacturing water wings with holes in them for people who can already swim. Only a professor could have thought of that!

Pearly Teeth At Any Cost—

A Kilgore College co-ed startled witnesses by energetically brushing her teeth at a filling station nonchalantly ignoring honks and cheers from the street.

Must be a result of health habits drilled into the young lady while in grammar school. Or maybe she plans to use the ivories in advertisements.

It fell to earth I know not where.
I lose a lot of arrows that way.

Rote Conducts Meet
Of Speaking Club
In Harris' Absence

Due to the continued illness of Mr. Harvey W. Harris, English and public speaking instructor, his 7:30 Speaking Club met with O. W. Rote April 2. Mr. Rote is an English instructor at San Jacinto High school.

"College Night," was the theme of the evening program under the auspices of Boyd Schinn, June Carter, Mary Bell, and Doris Twitchell. Using forgetfulness as a typical example, Jack Morgan delivered a speech on "Friendship." Jonnie Pace then spoke on "Why People Should Join Clubs and Take Part in Social Activities in College. Next on the program was Link Hook's "Return to Religion." His reasons were enumerated.

Fred Jones lectured on "Showing Courtesy to Those About Us." Mr. J. L. Battle talked on the viewpoints shared by University boys concerning clubs and societies in the school. A free discussion followed on aids to college activities, number of stags at dances and vice-versa dances. Mr. Rote then talked on the attitude of a girl toward the boy with whom she is dancing. The program was brought to a climax when Luke Wade concluded with "Collegiate Personalities."

SIMPLICITY
LEND'S DIGNITY
To WHITE HOUSE

The name White House seems a very simple title for the Executive Mansion, the residence of the President of the United States. Yet, to all America it bears an assumption of dignity incomparable to any other building or name of a building in our country.

The first Executive Mansion was unpainted. It was constructed of freestone. When the British burned it in 1814, the smoke-blackened walls remained standing. They were used in the rebuilding and were so ugly that the whole mansion was painted white.

Its striking appearance caused people to refer to it as the White House, and thus simply, originated the name of the Executive Mansion, The White House.

Too bad Robert Talley had to stay home from the trip. We all know that his love missed him very much—or did she? I sure like the smell of gardenias.

Doug Carter wanted to go to the College of iMnes. Never in all his life has he found so many cute little girls just his size. Ask him about the one who wrote all over his overalls and signed "Just Me."

It is hard to remain true to the girl back home so Wilbur Smith found out. He did a pretty good job of it even tho I do think his foot slipped once or twice.

Out in El Paso they had a date committee which functioned quite well—too well in fact to suit little Doug-Less. They got him a date with a girl almost his size. She was five feet ten inches and weighed close to 250). When he found out who it was Doug refused to show up.

L. Standlee Mitchell was presented a beautiful bouquet of pansies by Mrs. Sheldon at the business meeting Thursday morning in the Hilton Hotel. Deah!

Miss Cynthia Sory had gardenias all the way from Houston. Thanks to R. W. Talley. They were real. (Funny, these April Fool jokes.)

Music Study Club Hay Ride Postponed Due To No Interest

Due to lack of interest on the part of students, the Music Study Club hay ride which had been scheduled for Saturday night was called off. They are given excellent attention and best care. Mother are not separated from their children and the home tries to keep them together as long as possible."

Dr. J. P. Molly will speak to the class Saturday on Juvenile Child Welfare.

Collegian-Tom Hockey Game Ends In Tie

The University puck pushers fought their way to a one to one tie with St. Thomas, city runners-up, in a game played March 25. Scored upon in first period the university icemen came back to even the count in the third period, but were unable to take the lead in the overtime session.

The game started with the Toms taking the offensive and connecting with the solid defense of the Cougars for most of the first period. Shannon of the Catholics slipped one past Chernosky into the net in the crosline moments of the first stanza. The following set-to found both sides evenly matched with the Saints coming in too close for comfort once however with no gain. The collegians found themselves early in the last quarter and began to take toll of the opposing line and kept the little black pill in that sector most of this time, finally scoring when Lee took a rebound shot from Schlieff and found Plitt on the other side of the net.

Williams, Lee, and Kercheval alternated with Schlieff, Meyer and Feagin at forward with the Lindley twins shifting with Herzig and Ellis at defense. Chernosky was goalie.

FRENCH GROUP PRODUCE FARCE AS FOURTH SHOW

French Little Theatre of Houston will give for its fourth production of the season a XVth century comedy entitled La Farce de Maitre Pathelin.

"This is the best farce that has been left up in the Middle Ages," said Jules Vern, director. It offers a very picturesque tableau of the manners of that time. It has added to the French language a great variety of expressions and proverbs still in use. It has been attributed to Francois Villon.

Students of French 332 have read and translated it during the second semester and will attend the play. A cast made of some of the best actors of the French theatre will present the farce on the evening of Thursday, April 15, at 8:30 p. m. at Rosary Hall, Milam and McGowen.

A special invitation has been made by Bill Shamblin, president of Les Corbeaux, the University French club, to all the members and French students of the University.

Permanent Officers For Science Society Will Be Elected

Election of permanent officers for the remaining term will be the main business of the Social Science Society at their next meeting. The session will be held April 14, in room 222. Temporary officers of the club are: Al Aron, president; Bill Gilliland, vice-president; Thomas Cantrell, secretary; Ralph Pierce, correspondent; and Maurine Durst, reporter.

The Social Science organization has opened its membership to all students interested in this field. The club is receiving favorable recognition as evidenced by letters from important personages and institutions. Several debates with members of Houston high school teams have been participated in by members of the society.

of Laziest Student. Twenty votes behind, in second place, was Carl Lieb; Jack Palmer came up just in time to save show money. The other title of Most Versatile Girl was won by Grace Dustin.

General College Softball Team In 8-8 Deadlock

In a weird game characterized by wild pitching and ragged fielding, the softball team of the General College made its debut to local fans with an 8-8 deadlock with the Gautney Service Station club at Lubbock Field Monday night. The tilt was called at the end of the fourth due to the time limit. Negotiations have been opened whereby the game may be replayed in the near future.

The day school team played under handicaps since the game was its first under the arcs, but members showed flashes of form which bode no good to future opponents.

Willie Buschardt did the pitching chores for the University team. He was wild the first two innings, but

settled down and gave up but two runs in the final stanzas of a game which resembled a track meet. Murray Wiggins, Captain E. J. Bautsch, and Eddie DeYoung provided the punch that kept the team in the game. Wiggins connected with a circuit clout and a single, driving in two runs. Bautsch put the University ahead temporarily in the fourth by driving out a three-bagger to deep left field with the bases loaded. DeYoung drove in two runs besides playing heads-up ball behind the platter.

Gautney's third-baseman, Dalzele, showed to best advantage for his club. In two trips to the plate he hammered out a double and a single. Lewis, pitcher, although fanning six, was wild and issued seven free trips to first.
