

J. S. CULLINAN
HOUSTON, TEXAS

September 21, 1934.

HOUSTON NEGRO HOSPITAL

Mr. J. Y. Powell,
Building.

Dear Sir:

I am pleased to receive yours of September 20th reporting on your conference with Commissioner-elect R. H. Spencer, and to further note that as anticipated he is in full sympathy with what has been done and is being done. I consider it important that there will be at least one member of the new Commission who understands the matter of hospitalization.

My further feeling is that as applied to the new Commission, we should look to Mr. Spencer as the one in that group to whom we may look for sympathetic consideration in connection with any matters affecting our corporate or individual affairs.

Yours very truly,

(Sgd) J. S. CULLINAN
