

NATIONAL  
WOMAN'S LIBERTY LOAN  
COMMITTEE

## TREASURY DEPARTMENT

OFFICE OF STATE CHAIRMAN

308 Trust Building,  
Galveston, Texas,  
November 18, 1918.

Dear Chairman:

Since last I wrote, a great blessing has descended upon our nation,- and the world. We have won the Fight for Democracy and the Brotherhood of Man! Beyond what the words themselves convey, my feelings become too deep and sacred to attempt expression in writing to my co-workers, many of whom have met the sacrifice of some loved one with the high courage of a brave heart, prompted only the further to carry on your part of the battle here at home. I bow in honor and homage to all of you who have played this brave part.

And now, with what great high hope we may enter into organization and campaign for the Fifth Loan, a short time hence. Even with renewed zeal and enthusiasm, knowing it will provide the withdrawal to keep safely, in comfort and good cheer, our dear ones across the water, until the time they may be returned to us in pride and triumph. You will gather that I count on your further aid, feeling you will desire the honor of serving to the end.

As nearly all supplies for the Fourth Loan were rather tardy in receipt here, and a quantity came to us too late to be of use then, it seems wise to send you a few of these in advance of the Fifth Loan, which we believe will also be the last. May I ask you to hold in readiness for use when the time comes, or distribute to your sub-chairmen for that purpose?

A grateful Thanksgiving will be yours! With anticipation of a real Christmas, reflecting the true "Peace on Earth, Good Will toward Man." as my hearty wish, I am,

Sincerely and cordially yours,

State Chairman,  
Woman's Liberty Loan Committee.
