

Student Council Endorses Paving Of Alabama

Project Receives Added Support

In its monthly meeting, the Student Council unanimously endorsed the petition recently presented to the city council for the paving of Alabama avenue to serve the University by a major cross-town thoroughfare. The petition was signed by the school board, Superintendent E. E. Oberholtzer, Business Manager H. L. Mills, two-thirds of the property holders on Alabama Avenue, and a large number of students and faculty.

The Council gave Weed Peterson, president of the student body, authority to appoint a committee to carry out the wishes of the petition. It was explained that Alabama Avenue was chosen because of its strategic location. It crosses more major thoroughfares than any east-west street, it was pointed out, and would be best suited to serve the needs of cross town traffic. Another point mentioned was that the paving would include laying of a storm sewer which would greatly facilitate the drainage system.

The Houston Post supported the aims of the petition in a Thanksgiving Day editorial as follows.

"... The project is worthy and deserves consideration by the city government. The University is a civic asset which richly justifies a reasonable expenditure of public funds to provide it with adequate drainage and thoroughfares. The improvements would serve not only the University, but a rapidly de-

Musical Group Will Present Concert

The first concert of the University of Houston musical organizations will be during the week of December 16, it was announced by Mr. Bruce Spencer King, director.

Included in the concert will be numbers by a male chorus, girls' chorus, and a mixed chorus. Solos will be given by Mr. King and students yet to be selected.

Mr. King also announced that a glee club for night school students is being organized. All students are eligible to enter and should meet Monday at 9 p.m.

Organization of an orchestra is under way Mr. King added, but more string instruments are needed. The orchestra will practice on Monday at 5 p.m. and on Thursday at 1:30 p.m.

Senior Rings Are Now On Sale

Roger Ervin, chairman for the ring committee, announced at a meeting this week that the senior class rings were on sale and could be ordered at the book store.

Committees will be appointed at the next meeting. The time and place for this meeting will be announced at a later date.

Rain Checks Given To Assembly Men

The rains came, and for once the University of Houston didn't have to bale out. But Wednesday night the Student Assembly felt strongly the effect of the recent flood when that group met for its regular session.

All ready to handle the business of the evening, members of the assembly were soon notified by Chairman Tom Yerxa that, although the campus was high and dry, they could not act because of the flood.

Yerxa then explained that all minutes, only copies of the official roll and business to be transacted were in the possession of Gene Cuny, secretary of the Assembly and reporter for the Cougar, who was in Louisiana. He could not return to Houston. Copies of the material which had been mailed to Assembly members were delayed by the flood.

Erection of Patio Will Be Started In December

Work will begin next month on the Spanish patio to be erected on the campus by the Latin-American Institute, Donald W. Jeppesen, president, announced this week. Plans are now being completed and will be presented to students soon, Jeppesen said.

Plans are also being made for a year-round exhibit of Latin-American products of special interest to students. This display will be exhibited in the hall wall cases of the Cullen Building, and will be under the direction of Alan Lohse. The first group of objects will be curios from the interior of Central and South America, donated by students and interested Houstonians.

Students having interesting material from the Latin-American countries who would like to place it on display are asked to notify Lohse, Lehigh 9490.

The Institute, founded in 1939 by Dr. James M. Manfredini, was organized for the purpose of creating a feeling of good will toward and greater interest in the Latin-American countries and acquainting members with the customs, traditions, and political policies of these countries. Membership is invited, President Jeppesen said.

C.D.S. Will Give Mystery Comedy

"Ghost Train," a mystery comedy, will be presented by the Collegiate Dramatic Society under the direction of Mr. L. Standlee Mitchell on December 11 and 12.

The members of the cast are Frank Walker, Lela Blount, Bettie Hays, Charlotte Walser, Charles Saunders, Ray Campbell, Rosemary Pellerin, Joe Potter, F. B. Paris, T. Mann Scoggins, and J. B. Scearce.

Alece Brigance, Rosemary Summers, J. Nathaniel Davis, and Arielle Shebay are assisting Mr. Mitchell in the production of the play.

Nine-Week Honor Roll Has 114 Students Listed

Grades Are In Mail Now

The official honor roll for the first nine weeks was issued by the general office Thursday.

To make the honor roll the student must be carrying five subjects and have an average of B. All grades are now in the mail; the grades of students under 21 have been mailed to their parents.

The complete honor roll is as follows: Frank Berry, Rose Lee Bilnoski, Paul Blanton, Dixie June Breunier, Alece Brigance, Jane Bryan, Anthony Calman, Mildred Carr, Roy Carthey, Ellen Cawthon, Doris Cayton, W. Blewett Chenault, Leon Clark, Bradford Cleaveland, Emma Jean Cobb, Wyoma Cobb, Dorothy Coffman, Mavis Cron, Jean Crouch, Bette Davis, Robert Louis Dean, Harrell Dumas, Juanita Ellington, Dorothy Engdohl, Arthur Flavin, Iris Freeman, June Friedberg, Amy Gaines, Will C. Gay, Leola Good, Frank Groves.

Charles Haden, Hedy Hamblen, Betty Heinrich, George Hockmeyer, Mary Jane Holloway, John Houze, Barbara Hurley, Mary Louise Jackson, Daria Jacob, Sara Johnson, Thelma Johnson, Mary Sue Johnson, Lee Keding, Patricia Kietzman,

Talley Will Head Texas Art Group

Mr. Robert W. Talley, art instructor at the University of Houston, was honored by election to the presidency of the newly-formed Associated Art Instructors of Texas, organized at the annual meeting of the Texas State Teachers' Association. Other officers elected were Mrs. Lucille Land Lacey, of Mary Hardin-Baylor College, vice-president, and A. W. Randall, of the College of Fine Arts at the University of Texas, secretary-treasurer.

Mrs. Lacey and Mr. Randall will be here early next week for a meeting of the executive committee of the organization. At the meeting they will discuss further plans and functions of the association, and will appoint committees.

This new organization will strive to promote the advancement of art instruction and art scholarship in Texas, Mr. Talley said, and has set up as specific objectives the revision of the college art curriculum and the establishment of higher technical requirements for Texas art teachers.

Mr. Talley says that membership in the association is open to art teachers of the public schools, both elementary and high. In addition, parochial school instructors and instructors in recognized private schools will have representation on the executive board of art instructors.

At the organization meeting of the A.A.I.T., the University of Texas was selected as the site of the spring art festival which will be held at some time next March.

U. Cagers Play In Championship Tilt

U. of H.-Texas Have Pre-Med Discussion

Dr. G. W. Drake of the chemistry department, Mr. L. T. Hooker and Dr. L. E. Rosenblad of the biology department Monday attended a meeting of the curriculum council of the University of Texas medical school in Galveston.

The pre-medical program of the University of Houston was discussed and suggestions were received in connection with making pre-medical courses here of most value to students. The council also discussed the medical program offered at Galveston and emphasized the importance of a thorough pre-medical preparation, especially in the sciences.

The three and four-year pre-medical plans were considered; and consensus of the council was that it was an individual matter as to whether the student should have 3 or 4 years of preparatory college training. At the present time there is a tendency for most students to get their bachelor's degree before entering medical school, it was cited; however, it is possible to have this degree conferred upon the students after their first year of medical school provided they have had 3 years of college and meet the necessary scholastic requirements, those at the meeting agreed.

The council suggested that a pre-medical committee be set up by the University and that this group make recommendations as to the qualifications of the applicants.

Chem Society Will Elect Officers

Officers will be elected by the University student affiliate chapter of the American Chemical Society at a meeting at 9 p.m. Thursday in Room 118-S, according to A. R. Stark, temporary chairman.

Approval of the charter has been granted and plans for the year's activity of the society have been tentatively outlined. Charter members include Stark, W. B. Chenault, Jr., F. M. Waddell, Milton Gardner, J. Sidney Freedlund, M. A. Westbrook, temporary secretary, J. F. Hickerson, J. S. Winterhalter, Louis J. Sheppard, Asa L. Martin, E. J. Chernosky, and F. F. Clark.

The Society is open to Chemistry majors. Faculty sponsors are Dr. G. W. Drake, Mr. E. P. Doremus, and Mr. C. B. Johnston.

NOTICE

Mrs. Lillian Warren, chairman of the Business Administration division of the University, this week requested the Cougar to call to the attention of students, the new typing bureau sponsored by the business administration department.

Student having material to be typed may secure the service of the bureau at a nominal fee, Mrs. Warren said.

Were Y Tourney Dark Horses

By Harold Kreisler

The University of Houston A basketball team will play the Carr-Sweeney quint for the championship of the Y.M.C.A. Early-Bird Tournament at 8:30 p.m. Tuesday.

Featuring an air-tight defense, and an offense of accurate goal-shooters, Coach E. A. Snapp's University of Houston A team cagers smashed their way into the finals Wednesday night, defeating the strong Stilts All-Stars 25-15.

The Cougars, an unknown team before the opening of the season, proved to be the surprise package of the tourney. Members of the fiery, hard-hustling Cougars included Jimmy Lancaster and "Rod" Morgan at the center position, Weldon Mallette, Dudley Vance and Bertram Bader held down the forward posts while Paul Saphos and Buck Crate, two of the finest defensive players in the tourney, were at the guard posts.

The Cougars won a total of eight games in their march to the tourney finals, while losing only to Ineeda Laundry (who in their second game with the University cagers were beaten by 11 points).

The red and white suited Cougars scored an average of about 30 points per game against their opponents' average of about 20 points. By virtue of their impressive record in the tourney the Cougars rank as one of the leading amateur teams in Houston.

The University's basketball team aroused much interest from both students and friends of the University, who turned out to lend support to the Cougar cagers.

Instead of entering the City Rec-

MAGNA CUM LAUDIS

Henry Bryant, sophomore student in the University, deserves the applause of all who are associated with the University, as well as residents of this part of Houston, for his work in circulating the petition relative to the extension and paving of Alabama Street.

He has set an example which other University people might well emulate in sponsoring an enterprise that will benefit the University and in bringing the University to the favorable attention of prominent Houstonians and of the Houston public.

Weed Peterson, Student Association president, is also due credit for his part in lining up student and faculty support of the project and for his presentation of the petition to the city council. Weed continues to justify his selection to the important office of student president.

IMPORTANT

Important is an urgent word, and it aptly describes the work of the Houston Anti-Tuberculosis League. The successful fight they are waging against tuberculosis in this community, the tremendous contributions they are making to the health of young and old, and the greater safety from disease they foster for all challenge the co-operation and support of all students.

The annual sale of the tuberculosis Christmas Seals is our chance to help.

Tuberculosis is preventable and curable. Our purchase of Christmas Seals and the gay, red-colored double-barred cross bangles, each according to his means, is an opportunity and a duty that none should pass by.

MORE PRAISE

The unsung heroes of the University of Houston this week were Coach E. A. Snapp and his A team cagers who battled their way to the finals of the Y.M.C.A. Early-Bird Tournament.

Although an unknown and untried team, the Cougars have proved their mettle. They have won the reputation of being one of the leading amateur teams in Houston. They have worked hard and certainly deserve the full support of the student body. They faithfully reported for practice every Thursday night and brought home the laurel wreath.

These men should be commended for their fine showing in the tournament and their perseverance. Coach Snapp should be given much credit for the splendid condition of the boys.

Buhl foundation has made a grant of \$194,740 to the University of Pittsburgh for a five-year expanded program in social work training.

The original manuscript of a report signed by Hernando Cortez, sixteenth-century governor of New Spain, is in the University of Texas library.

The University of Minnesota has opened a class in new methods in home landscaping.

After receiving her first college degree 42 years ago, Mrs. John A. Davenport this year entered South Dakota State university law school as a freshman.

Clubs

BUCKAROOS HAYRIDE IS TONIGHT

At 7:30 tonight, a hay-ride sponsored by the Buckaroos will begin at the Palace stables. From the stables, the group will go to MacGregor Park for a weiner roast, after which there will be dancing.

At a call meeting on Tuesday, a regulation shirt was selected for all members of the club. The shirts are to be ordered at some date in the near future from a Houston firm.

Rodeo costumes are being planned for the members who will participate in the Fat Stock Show and Parade in the early spring.

B. A. CLUB PLANS DANCE

The Business Administration Club announced plans at their last meeting for a dance Friday, December 6. The dance will be held from 9 to 12 p.m. in Room 118-C. The price of admission will be 25 cents per person and students may obtain tickets at door. Music will be furnished by a nickelodeon. All University students are invited to attend.

PRE-LAW HAS JUDGE ATKINSON AT SPEAKER

Judge Norman Atkinson was guest speaker at the Pre-Law meeting last week.

In his address Judge Atkinson cited the factors that make successful lawyers. He was introduced by his son, Norman Atkinson, Jr., University student.

DR. HOOKER WILL SPEAK AT PRE-MED MEETING

Dr. Lyle Hooker, Houston oculist, will speak at a meeting of the Pre-Med Society, at 9 p.m. Monday in Room 118-Science. Subject of the talk will be "Injuries to the Eye."

Dr. Hooker is considered one of the outstanding eye specialists in the United States. He has been elected to membership in the American College of Physicians and Surgeons.

FOIL CLUB WILL PARTICIPATE IN STATE TOURNEY

Members of the University of Houston Foil Club will participate in the state fencing tournament which is to be held December 7 and 8, according to Mr. J. D. Hutchinson, co-sponsor. John Taub, Henry Taub, and John Kosut are expected to enter in the senior events, and Rene Pernaud will enter the beginner's division.

Representatives from all over the state are expected to enter the contests. The meet is not limited to college fencers.

In 1939, nine University of Houston fencers took the first nine places in the meet.

Invitations to the tournament have been issued by Arvin S. Rodner of Houston.

SECRETARIAL CLUB ELECTS

The newly organized Secretarial Club held a meeting this week in 217-C. Henry Taub was elected president and Pat O'Brien secretary-treasurer. Andrew Shebay and Dorothy Lemke, night school students, were elected vice-president and associate secretary-treasurer respectively.

Each secretarial class elected a chairman and secretary to act as representatives to the club. They are: Bob O'Banion, Beverly Hays, Lloyd Pietzsch, Peggy Jean Bay, Charlott Walsler, Anita Meredith, Andrew Shebay, Robbie Mae Moffatt, Mary Ladd, and Elsie Scully.

A committee composed of Bob O'Banion, Robbie Mae Moffatt, and Charlotte Walslermet with Miss Schedler and Miss Schulda, honorary members, to choose the name, motto, flower, and colors for the

Parking Rules Are Issued By Office

The following traffic regulations have been issued by the office in an effort to reduce traffic jams and accidents to the minimum:

1. Keep the road in front of the buildings clear.

2. Enter the large parking lot by the lane nearest the Science Building. Keep this lane clear so other cars may pass.

3. If you enter from Calhoun Street, turn to your right and enter the regular parking lot entrance.

4. Park your car at a forty-five degree angle between the white lines with your front wheels resting against the pipe. Do not park outside of the "No" sign at the end of the pipe.

5. When leaving the parking lot, back out. Do not drive over the pipes. Turn right.

6. No parking along the driveway is permitted.

NOT AIR RAIDS:

Hammering in Halls Provides More Rooms

This incessant hammering into the walls of the Science Building halls is not for air raid shelters but for additional English clinic and conference rooms. The large room on the right of the hall at the east end of the building will be partitioned into three smaller conference rooms. Doors are being made in the opposite wall, making two more rooms available to the English department.

On the second floor, the men's lounge is being converted into a faculty dining room to be used for entertaining guest speakers and notables visiting the campus.

Letters Come From Hangs and Green

Letters were received by Dean Dupre this week from the first University faculty members to answer the call to colors, Mr. E. L. Green and Mr. Frank E. Hangs who are now both captains in the Engineers Reserve of the United States Army.

Both men were engineering instructors and were given a year's leave of absence in October to render services for the army. They are stationed at Fort Belvoir in Virginia studying military engineering and tactics.

"There's no forty-hour week here," Mr. Hangs wrote. "Our day begins at 6:15 a.m. and usually ends at 7:45 p.m., after which there's a study period."

"Escape" Co-Stars Shearer-Taylor

Norma Shearer and Robert Taylor are co-starred in the best-seller "Escape," which is now showing at Loew's Theater. Supporting these stars are the brilliant Conrad Veidt, Nazimova, Felix Bressart, Albert Bassermann, Philip Dorn, Bonita Granville, Edgar Barriar, Elsa Bassermann, and Blanche Yurka. Miss Shearer plays the part of the countess, and Mark Preysing is portrayed by Robert Taylor. Nazimova, silent star, returns to the screen as Emmy Ritter. Conrad Veidt is the villain, of course.

Look particularly for scenes in the concentration camp.

All states in the union and 18 foreign countries are represented by students at Northwestern university.

club. These were chosen from suggestions made by members of the club.

DO YOU REMEMBER?

From 1937-1938 Cougar Files

Three years ago this week . . . the Men's Faculty club was sponsoring a student employment bureau. Faculty members on the committee in charge were Instructors Warren A. Rees, Fred Smith, Harvey W. Harris, and H. W. Henderson.

The Collegiate Dramatic society had been to Waxahachie for the state convention of the organization and had been in the presentation of "The Flattered Word," directed by Mr. L. Standlee Mitchell.

Thanksgiving was still being observed on the last Thursday in November and Dr. Joseph Werlin was among the Houston speakers at the state convention of the T.S.T.A.

Mr. Murray A. Miller, director of the General College (day school to us) announced this week the official grading system of that branch of the University. The G. C. was using a personal letter compiled from individual reports of each instructor to inform the student of his class standing instead of the conventional A-B-C method of grading.

The University of Houston Society of Engineers had elected the following officers: Foster W. Montgomery, president; W. J. Meier, vice-president; Edward de Young, secretary-treasurer; and T. R. Blackburn, chief engineer. Edward de Young, only member of the group still attending the University, is at present a member of the board of directors of the U.H.S.E.

A called meeting of the Student Council this week was attended by a lone representative, Vernon Kelly, sophomore, and a few freshman guests, itemed the Cougar. Kelly, 1940 graduate, was later made president of the Council for his trouble.

Ernie McAshan was sports editor of the Cougar. You still see him around these halls, maybe still predicting football scores.

MISS DRAKE ARRIVES

Miss Helen Marie Drake, born November 20 weighing 11 pounds, 9 ounces, is the newest member of the household of Dr. George W. Drake. Dr. Drake is a member of the chemistry faculty.

Poet's Corner

By George Chiasson

LINES ON A TRAVEL FOLDER
The foaming wake of a steaming ship,

The stinging lash of the spray;
The luring swing of a black girl's hip,

A curving smile on a brown girl's lip;

A naked swim in a tropic spring,
Gin and tonic—Singapore sling;
Cloudless days and perfumed nights,
A market place with its thousand sights;

An uncut diamond, a piece of jade,
An opium den where dreams are made;

Merchants squatting in crude bazaars,
Unlisted drinks at native bars;
A sloe-eyed maid in a China town;
A dancing girl in resplendent gown;
Palm trees fringing a coral shore;
A tavern brawl in old Jahore.

From dreams like these I shall have no rest

Till I've seen the East and found the West,

But I stagnate here with glass in hand

And sing my lay of a promised land;

Wave farewell to Flo and Mabel
And slowly sink beneath the table.

CAMPUS CHATTER

Everything seems dead since the holiday of the past week, maybe the following words will live things up a bit.

Hal Hillman, Texas University ex, is one of the few remaining eligibles left on the campus, girls take note—

Charles Cunningham making no progress in forming a triangle with Flanagan and Simons.

Richard Mason has finally made up his mind for June Jones . . . Cliff Shelton denies a remark made in this column in its last appearance, but makes no denial about Jane Blair. Also Walter Van Allen now has a score, having acquired the attention of a local dark eyed Junior lassie.

The best way to find a student's telephone number is to buy a Cougar Directory from the Book exchange or any Cougar Collegian.

Billy Shirley, local tobacco magnate, certainly gets around town these days. Boots Merritt and Louis Scholl are getting along fine, so it seems.

Mrs. Tucker's pies are plenty good too.

Why don't some of the local males, who never take dates to the dances, take on some responsibility of their own.

Bea Williams is recovering from an operation and Alec Murrelle doing better after a mishap with an auto.

Rumor has it that Billy Stroud and Leota Wolfe are a couple now . . . Who occupies Jack Heard's minds when he has that nonchalant look? . . . The Hockey Team got off to a fine start with a 11 to 3 victory . . . another game Sunday night . . . A certain competing column reeks with erroneous stuff . . . Jack Valenti is very much interested in one Pat Wadley, incidentally he hasn't met her yet. Some boy.

Prexy Peterson already dated with a frosh fem for the December 13 Freshman Dance . . . Jimmy Seaman is one elegant fellow . . . June Zehner divides her time between the University and A. and M., sounds like the same old story . . . Joyce Montgomery and "Butch" Schmitt have been spending quite a bit of the past together, also "Punky" Spencer and "Scotty" Schott on the long time trials . . . Willie Mae Wolfer is one to take notice of fellows, and can be found about most any morning.

Mary Jane Woodburne, some eye full, has been taking up her time with that six-foot Irishman . . . Who has David Gunn been carrying a long face for, for some time? . . . Gloria Powell's affair with an Aggie has recently come to naught, may be that University talent will stand some chance now . . . To get Chumps Club started, see this Columnist in the near future . . . Charlotte Forester and R. H. Nowell have been seeing each other pretty often lately to be incidental.

Let's quit now and see what the repercussions are after going to print.

Student Council---

veloping and flourishing section of homes."

The Post editorial, further praises the University with the following description:

"We may add that the University of Houston is a rapidly growing institution, which means much to this city and its people. It has not received one dollar from the taxpayers, having been built with donations from generous Houstonians and federal funds on donated land and having been supported and operated wholly by tuition fees paid by the students."

Columbia's \$2000,000 "Arizona" Opens At Majestic

More than 30 five-ton truckloads of props were required before production on "Arizona," Columbia's screen adaptation of the Clarence Budington Kelland story, which is playing its first engagement in America, outside of its Tucson premiere last week, could be started by producer Wesley Ruggles. The film, which cost more than \$2,000,000 stars Jean Arthur, with a cast of thousands, headed by William Holden, Warren William and Porter Hall.

Ruggles filmed the historical novel with Miss Arthur in the colorful role of Arizona's first courageous white woman, on a 360-acre site leased from the state in Tucson Mountain Park, 14 miles from the present city of Tucson.

Old Tucson was faithfully recreated from old prints. It included 82 abode buildings, surrounded by a fortified 14-foot wall, and nearby Indian villages. A 725-foot, 8 feet deep arroyo piercing Old Tucson, also was completed, fed by 30,000 gallon capacity dams built at each end of the man-made stream.

Other huge sets were Phoebe Titus' 16-acre ranch and hacienda, the Tubac silver mines, and the Apache battlefield. Production units finished at the old Tucson locations included commissary and kitchens, dressing rooms, hospitals, production office, warehouses, projection room, fire department, power and water plants.

Faculty Activities

Mr. Bruce Spenser King, musical director, will be presented in concert, assisted by Antoinette Doss, student, will be presented in concert at Ball High school in Galveston Tuesday night.

Friday at 4:30 p.m. over KXYZ Mr. Val Jean McCoy talked on the economic effects of present defense program. The program was in form of a dialogue with a student asking questions and Mr. McCoy answering them.

Next Friday at the University's regular broadcast period Mr. Harvey W. Harris's speech class will present a program.

Dr. R. A. Tsanoff, professor of philosophy in Rice Institute spoke before the Men's Faculty club of the University of Houston on Friday at its regular semi-monthly meeting, according to Robert A. White, president of the club.

Mr. Robert W. Talley, art instructor, will speak over KPRC at 1:15 Sunday on the weekly "Look and Listen" program.

Mr. Talley's subject will be "The Appreciation of Utilitarian Arts."

At a meeting of the Executive's Club Tuesday, Dr. W. W. Kemmerer, comptroller of the University, outlined the philosophy of the University, and Dr. C. F. Hiller, bursar, related the University's history and gave a report on its financial status.

Jack Battle, a former student of the University of Houston, and Weed Peterson, president of the Student Association, told of the advantages offered to working people of Houston by the University.

REWARD

Lost on the parking lot Wednesday, November 20: Two note books that contain needed information, and three essential text books. Will appreciate any information, no questions asked. A liberal reward is offered to the finder. See or call Wilbur Jenson, 1114 Smith, Fairfax 7259.

More Books Given To U. Library

The library of the University of Houston received nine volumes of Publications of the Modern Language Association of America, 1931-1939, and two volumes of the Steel Castings Handbook this week.

The Publications of the Modern Language Association of America were presented by Dr. R. Balfour Daniels of the English department at the University. This gift provided the library with a file of this publication for the past ten years for use in research work by advanced students in English and other modern languages.

The Steel Castings Handbooks were given to the library by the Electric Steel Casting Company. This handbook was published by the Steel Founders Society and includes the history, manufacture, and physical and chemical properties with all specifications and information pertaining to the designing of metal parts using alloy steel.

Hockey Team Tops Lone Star 11-3

By Wilbur Joneson

A speedy varsity quintet of the University of Houston overwhelmed a "keyed up" team from the Lone Star creamery last Sunday at the Polar Wave rink in its opening hockey game of the season. Showing plenty of fire that goes with this fast game, the hard-driving Cougars raked up an unusually high game of 11-3. This victory sets the University in a deadlock for first place with the Eddleman Mappers.

Standouts in the game were Fenzel, Nolen, Blust, Mulvey, and Tommy O' Hoyle, who incidentally, is a "B. W." that should be on the starting line up after his fine showing in the game Sunday. The spot light also shines on Stanford, Swishes and Studdert of the Lone Star.

The flashing Cougars will meet the Eddleman Mappers for the amateur league lead at 7:30 p.m. Sunday, December 1, at the Polar Wave Ice Palace.

Game by Periods:

University of Houston	2	2	7
Lone Star Creamery	2	0	1
U. of H.	Lone Star		
Nolen	RW	Studdert	
St. Clair	LW	Swisher	
Blust	RD	Powers	
Fenzel	LD	Buvens	
Mulvey	G	Sampson	

Spare: U. of H.: Dwyer, Schexnayder, O'Hoyle, Moroney, Bergon. Lone Star: Hawkins, Dahlgren, Maro, G. Studdert, A. Smith, Standford.

Scoring: U. of H.: O'Hoyle (4), Bergon (2), Nolen (2), Maroney, Blust, Schexnayder. Lone Star: Standford (2), G. Studdert.

Officials: McIlhenny, Lyon.

U. STUDENT HAS RADIO PROGRAM

Joe Samuels, University of Houston student, will resume his "Postal ODDITIES" program on Tuesday evening at 9:15 p.m.

This program has been absent from the radio for about a year and a half. It will be composed of the narration and dramatization of odd and unusual tales that have found their way through the labyrinth of the world's postal business proving that truth is often stranger and far more interesting than fiction.

FORMER STUDENT IS MARRIED

Of interest to University students is the wedding of Miss Norine Sanford of Kirksville, Mo., and O. F. Carroll, Jr., which took place recently in Kirksville.

O. F. is a former University student and is now attending the College of Osteopathy and Surgery at Kirksville. He is a brother of W. R. Carroll, University student.

SPORTS AT A GLANCE

By Albert Brower

Sports in Full Swing

Sports activity at the University got into full swing this week. The hockey team opened its season with a record score when it trounced the Lone Star Creamery, 11 to 3.

The basketball team hustled its way into the semi-finals of the Y. M. C. A. tournament and, here's the tragedy; Ineeda Laundry, which handed the University of Houston its first defeat of the tourney, was made up almost entirely of University boys. Harry Hope, Howard

Thompson, Herman Earlywine, and J. P. Wood, all of the University, were the big guns for Ineeda. The Cougars, though, got their revenge by defeating the Laundry in their second meeting, eliminating it from the tournament. Too bad all the boys can't get together . . . lotsa good material going to waste.

The University of Houston All-Stars, our unsponsored football team, is still plugging away, doing right well in amateur circles without much support. They play in West Columbia this Saturday night against the Jack and Jill Tigers.

Ranking Fencers to Enter Tourney
A number of University fencers will compete in a city open match to be held sometime in December. The fencers will enter as experts or as beginners in the ancient sport of old France. A few of the probable contenders will be John Kosut, John Taub, and one of the Foil Club sponsors, Mr. William Shamblin. Entry blanks were issued at the last meeting, with the understanding that they be filled out and returned with a fee of one dollar. Valuable prizes will be awarded to the victors at the close of the contest.

PRACTICE FOR PRE-LAWS

Detroit, Mich.—(ACP).—To acquaint seniors with the practical side of the law by an internship period similar to that served by doctors, the Wayne University law school has launched a program of apprenticeship training with co-operation of Wayne county attorneys.

Personal interviews with clients, experience in looking up law and preparing briefs, and training in terms and procedures peculiar to practice in Michigan are provided.

Formal classes for seniors are before noon, making the afternoons free for internship. Amount of class work required remains the same.

Exchange

At Sweet Sixteen the maiden fair with many lovers busy, Will tilt her nose up in the air and ask with quite a haughty air,

"Who is he? Oh! Who is he?" At twenty-five she's more subdued, with sweethearts not so busy,

Still doubtful men must not intrude, she asks with no wish to be rude,

"What is he? Oh! What is he?" But at the age of thirty-five, with hope deferred quite dizzy,

She follows out another plan and cries when hearing of a man,

"WHERE IS HE? OH! WHERE IS HE?"

SCHOOL NEWSPAPERS EXCLUSIVELY

Christmas Seal Sale Begins This Week

Houston schools this year will again give spirited co-operation to the yearly Christmas Seal Campaign. Sale of the brightly-colored penny stickers started Thursday.

"It gives us singular satisfaction to know that we can be sure of the interest of children and their teachers," Dr. Elva A. Wright, Houston Anti-Tuberculosis League president, said.

"The greatest hope for success in the educational movement against tuberculosis lies in the growing children of today. Through the sale of Christmas Seals these children have opportunities of learning facts about the prevention and cure of tuberculosis.

Houston senior Hi-Y club and other student groups have volunteered active co-operation in the sale drive.

CO-ED RETURNS FOR FIFTH YEAR

Deland, Fla.—(ACP)—Stetson University's most prominent co-ed is back for her fifth year.

She is 83-year-old Mrs. Letitia Wilson Reynolds, a resident of Illinois, who is doing graduate work.

Students Invited To Family Relations Meet

All students interested in family relations have been invited by Mr. L. T. Hooker, instructor of the University course on this topic, to attend the fifth annual institute on Parent Education to be held at the First Baptist church, December 10.

The principal speakers, Dr. Paul Popenoe, director of the institute of family relations at Los Angeles, California, will be introduced by Mr. Hooker, a former student of Dr. Popenoe.

The institute, sponsored by the Houston Council of Parent-Teacher Associations, will have three discussions: the problem child, the adolescent, and the family.

YOU SAID IT

LLOYD PORTER— Grand music, a good floor show, fine foods, and inexpensive too.

MARION PELLERIN— More fun than other places, see more of your friends and everybody feels at home.

DOLPH RUTHERFORD— I like the Empire Room. Food is better, music and floor show are great.

HAROLD SPRAWLS— The best spot I know to dine and dance and spend an inexpensive evening.
