

FORUM OF CIVICS

WESTHEIMER ROAD
HOUSTON, TEXAS

July 2nd, 1929.

AN ORGANIZATION DESIGNED TO STIMULATE
CIVIC PRIDE AND TO COMBINE MANY AND
VARIED FORCES FOR THE BETTERMENT AND
BEAUTIFICATION OF OUR CITY AND COUNTY

Mr. J. S. Cullinan,
~~c/o Texas Company,~~
Houston, Texas.

Dear Mr. Cullinan:

The Forum of Civics hopes to do some planting on the grounds of some of our public buildings this Fall, and we are making a survey now of the various buildings, preparatory to ordering the trees.

Among the grounds to be included will be the library, the Tubercular Hospital, some of the school grounds, and we are also interested in the Negro Hospital on the corner of Elgin.

We called Judge Moore about the Negro Hospital and he suggested that we write you. We do not know what plans the Hospital Board has for these grounds, and, of course we do not want to interfere with them in any way, but if they would care for us to plant, without charge to the Board, a few large pin oak trees, about 25 feet in height, we shall be glad to do this, if our plans do not miscarry.

Won't you please refer this to the proper person on your Board, asking that they take the matter up with us?

Yours very truly,

FORUM OF CIVICS
