

July 20, 1926.

Galena-Signal Oil Co..
Retail Department.
Second Nat'l Bank Bldg..
City.

Dear Sirs:

This is to advise you of damage caused by your delivery of oil yesterday to the Houston Negro Hospital.

It appears that the driver connected up his hose to the gage opening in place of the filler. The oil backed up through the vent line and blew all over that part of the building. Please take up, with the Fidelity Trust Company, the matter of correcting this damage.

Yours very truly.
