MAVERICK-CLARK & S.A.

J. Austin Miller, Esq.,
City Engineer,
Houston, Texas.

Dear Sir:

We cannot find the centers that were made by your department on St Emanuel Street, and would like to have you set two more. We are very anxious to conform in every particular to the requirements of your department, and would much prefer to be relieved from responsibility of our own centers.

Thanking you in advance, I am,
Very respectfully,

John W. Maxey

J. M. Maxwell
