STOP FOR TRAINS

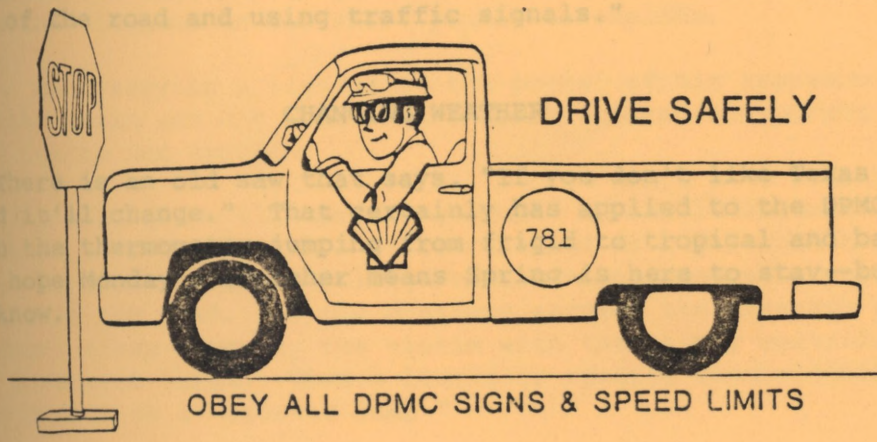

Judging from the way some DPMC employees are buzzing across the railroad tracks--just a few feet from an approaching train--it looks like attempts are being made to break the land speed record. We realize nobody wants to wait for a long, long train to go by. But the fact is, a train is bigger than a car and in a confrontation, a car will lose every time. Please approach railroad crossings with caution and stop if a train is coming.

JEWELRY

ANOTHER SAFETY NOTE: It appears many insiders working in the field are wearing jewelry. But Red D. Worker says, "It's a good idea to leave your bracelets and rings at home if you work around machinery. Jewelry can get caught in moving parts. Don't let your favorite jewelry make you a lost-time injury statistic."

LUCKY NUMBERS

At press time, nobody had yet reported winning with Thursday's lucky number of 208 or 956 from Friday. However, Steve Slaymaker of Power Plant II found 523, which was drawn last month, to be his lucky number. Today's lucky number is 781.
