Jan. 12th, 1926.

Mr. Maurice J. Sullivan,
Second National Bank Bldg.,
Houston, Texas.

Dear Sir:-

We understand that a Sedgwick Geared Automatic Brake Dumb Waiter Outfit is required in the new Houston Negro Hospital.

Under separate cover we take pleasure in sending you copy of our catalog 'O' and various pamphlets descriptive of Sedgwick outfits.

We enclose circular illustrating and describing the Sedgwick Geared Automatic Brake Dumb Waiter Outfit designed specially for hospital service.

Twenty years ago we installed two Sedgwick dumb waiters in the Englewood, N.J. Hospital, and ten years later installed another outfit in a new addition to the same hospital.

We have just completed installation of three Sedgwick Geared Automatic Brake Dumb Waiters in the new million dollar addition to the Englewood Hospital, making six Sedgwick outfits which are in satisfactory service in this one hospital.

We have a contract to install a large dumb waiter in the laundry building of the Englewood Hospital.

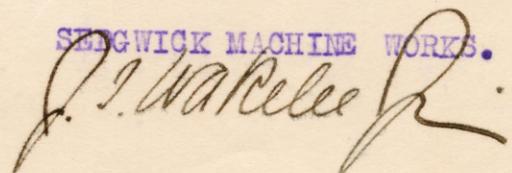

If the dumb waiter contract is to be given out by the general contractor we will appreciate your forwarding to us his name so that we may take the matter up with him.

We hope that you will not hesitate to call upon us if our thirty-five years of specializing in the design, manufacture, and installation of hand power dumb waiters and elevators can be of assistance to you in any way.

Thanking you for any information that you may give us,
we are

Yours very truly,

SEDGWICK MACHINE WORKS.
