

Dearest Minnie

Bless your pore lil heart. How I wish I was there to rub your little stomache and put ice on your head or what ever might help. I was beginning to feel realalarmed at not having heard from you and I too have been a sick child but an back on my toes now. I immediatly took your telegram to Mr. Blifrit and he said just to let him know when we are ready. I am getting along nicely with the Dallas listing. I have discovered a man second door from me who was for years manager of Bradstreet Co here and who has had a nervous breakdown so he is classifying and putting our list in good order. His wife is a dandy stenographer and she is doing the typing and I am very much pleased over the way the Dallas list is coming.

I had Mr Fitz wire both Sumners and Wilson and am enclosing copy of wires. Please return them as this is my only copy. Mr. Fitz is certainly a dear and we continue to get our almost daily editorial and some days we get two. Am sending you one at Mc Collum in yesterday's paper that ought to make that illustrious gentlemen take notice. By the way, the Farley editorial was copied by the Houston Post, the Eco Times and many smaller papers. Come s you will recall all that done about "Had it been left to a referendum of women,--thus and so," and "had it been left to a referendum ---"and a whole lot of good suffrage stuff.

I am sending you this letter in duplicate to Washington and Galveston. The copies of s given letters will only go to Washington as if you should be in Galveston, you can have Mrs Leagues letters.

Am sending you a letter I have ready to mail when your wire come. It is self explanatory. I fear I am going to get mixed on so many carbons and enclosures but maybe not. I am wondering about Cleburne campaign dates. They conflict with Dallas. Think I will postpone Cleburne. I believe we should use the Dallas meeting for the purpose of organization. Will phone Mrs Jalonie and see what she thinks of postponing Dallas instead to Saturday afternoon January 5. If she says no then will try and postpone Cleburne.

It is 3 o'clock and I have not eaten and am starved so must run. Surely hope you are loads better and that you will return in fighting trim. Give Vin my love and keep loads for your self. If you are in Galveston next Thursday, Friday and Sat, may, understand I said MAY run down for the week end.

Again oceans of love and hope you are all well,

DONNA.
