

# AN APPEAL

If taxation without representation was tyranny in 1776, is it not so in 1919?

Women are the home-makers. They are the principal factors in training the children who are to become the future citizens and law-makers.

Women suffer from lack of good government and from incompetent officials as do men.

Women, by their earnest loyalty and their untiring energy did their part in winning the world's war.

In the face of these facts, it is but just that they be treated as citizens and given the right of self-government.

Those denied the right of self-government are idiots, insane, criminals, and women.

We have grown above our companions, therefore ask for suffrage without favors.

We, the undersigned women, appeal to the voters of Marion County, to vote for the Amendment, May 24th, which if carried, will give to women Equal Suffrage with men.

Vote for  
Women  
Suffrage  
Saturday,  
May 24

In support of our appeal, we remind you that Texas boasts of a Republican form of Government that is, that her laws, like those of the Nation, are made by the people, for the people, yet Texas women are denied the right of self-government.

Are not women people?

Women in this state are co-workers with men in every line of business; they are therefore producers.

Women are tax payers, yet have no voice in the passage of laws that regulate the payment of such.

God created all men equal. Women mentally and morally know no superiors. In politics these facts have been lost sight of.

Texas will pass the equal suffrage amendment. In our pride, we plead that Marion County place her name in the list of progressive counties that will go down in history as favoring the enfranchisement of women of this great State.

In the name of justice and right we ask that you vote for the Equal Suffrage Amendment May 24th.

## WOMEN WHO FAVOR THE AMENDMENT.
