

any opportunity of ascending, has  
which the Nation there is ~~you can~~  
~~find in any~~ <sup>any</sup> ~~British~~ Military  
Affairs - There is some ~~business~~ in the  
Island - for instance Sir Stall will  
of a patent to be can take  
you - My impression is that 1809  
Plan is allowed to the Nation - or  
1200 hard bread - so much more  
to meet cost of my Sugar & Coffee's  
allowed) to the 100 value of land  
&c - at all ways while we have  
plenty give full allowance - and  
if one buys not sufficient give  
have the watch daily

Oct 2 1836

Sir

Immediately on receiving the enclosed  
petition I sent for the Adjutant & all the  
Sergeants of the different Companies to explain  
the meaning of their desire for you removal  
and find that <sup>the principal one is</sup> ~~it is~~ that they you  
~~calling~~ <sup>attending</sup> them ~~part~~ <sup>in</sup> of their duty ~~allowance~~  
that you get full ration &c.  
I explained to them the scarcity of  
Coffee & other articles of which  
they appeared to be very ignorant - but  
insisted that they were an abundance  
to furnish full rations you refused  
doing so - which induces me to believe  
you are probably not aware of the  
quantity allowed by law. The ration  
of the soldier of tea is the same of  
that in the U States - And if you have not

There should be full ration issued in all  
instances when we have the provisions  
which you will please do in future

Respectfully

Yours

J. W. Wagoner  
Col. Comd.

Or

J. W. Wagoner

Any opportunity of ascertaining how  
much the Nation there is —  
— from — any Book on Military  
Affairs — Then — in the  
Gland — for instance  
& Adjutant Hunter who can tell  
you — My inn — is that 18 oz  
is all — to the nation — is  
12 oz hard bread — so Sugar  
& Coffee (if any Sugar & Coffee is  
allowed) to the 100 rations of  
— at all want's while we have  
plenty give full allowance and  
if one beef is not sufficient of  
have two butchered daily.

Sir

Immediately on receiving the inclosed  
Petition I sent for the Adjutant & all the  
Sergeants of the Different Companies to explain  
the Meaning of their <sup>for you</sup>  
And feel that <sup>the principal</sup> ~~are~~ <sup>are</sup> ~~of course~~ you  
<sup>finding</sup> ~~that~~ <sup>then</sup> ~~short~~ <sup>in</sup> of their daily [allowance]  
that [men] got full rations &c &c  
I explained to them the scarcity of  
coffee <sup>often articles of which</sup>  
they appeared <sup>ignorant</sup>, but  
inclosed when there was an abundance  
to furnish full rations you refused  
doing so - which induces me to believe  
you are probably not aware of the  
quantity allowed by law. The ration  
of the Soldier of Texas is the same as  
that in the U States and if you have

There should be full rations issuing in all instances when we have the provisions which you will please do in future.

Respectfully

J<sup>as</sup> Morgan
