130 Students To Receive Degrees Monday

Rev. Hines Is Baccalaureate Preacher; Freeman To Speak at Commencement

One hundred and thirty men and women will receive degrees at the commencement exercises on the terrace of the Cullen Building at 6:30 p.m. Monday night.

The baccalaureate service will be held on the campus at 6:30 p.m. tomorrow.

The Reverend John E. Hines, rector of Christ Episcopal Church, will deliver the baccalaureate sermon. Mr. Bruce Spencer King, musical director will be in charge of music for the two services.

The Choral and Glee clubs will sing *Sanctus* from "St. Cecilia Mass." Margaret Bonner, soloist, will sing "Hear Ye Israel" from the oratorio "Elijah" by Mendelssohn.

Included in musical numbers for the commencement service will be "The Hymn of Love" by Dvorak and "Pilgrim Chorus" from "Tannhauser" by Richard Wagner.

Mr. King will play the processionals and recessional for both services. Suzanne Larimer is accompanist for the clubs.

The commencement address will be delivered by Mr. John H. Freeman, Houston attorney, and music will be directed by Mr. King.

The Reverend Robert E. Goodrich, Jr., of Riverside Memorial Methodist Church, will give the invocation and benediction for both services.

A list of the graduates follows:

Bachelor's Degrees: Billie Gene Arnold, Mrs. Laura Taylor Avery, Mrs. Elna Thur Birath, Lois Cole Bowen, Sue Willa Bauknight, Maude Ellen Bradburn, Bess Gilbert Branhan, Charles Franklin Brigrance, Earle Wilford Brokaw, Marian Ruth Brown, Nina Lois Buting, Dorothy May Campbell, Elizabeth Frew Carlon, W. Blewett Chenault, Jr., Virginia Carey Christy, Wyoma Cobb, Denton Reuben Coker, John Elmer Coleman, Allene Seagraves Cooper, William Percival Craddock, Hulén L. Crawford, William Lucas Crump, Alice Marie David, Kitty Lou Dawson, Maurine Wilson Durst.

Everett Dixon Dyer, Dicie Hunt Embry, Frank John Ernst, Roger Newton Ervin, Jr., Kathleen Cook

Senior Committees Are Announced This Week

Faculty and senior class committees for baccalaureate and commencement duties as announced by the general office are as follows:

Committee on assemblies, meetings, etc.: Mr. Vern and Dr. Werlin. The class committee includes Henry Taub, chairman, Ruth Crawford, and Weed Peterson.

Caps and gowns: Dr. Crouch, Mrs. Soule, Mr. Daasch, Mr. Miller, Dr. Donner, Mr. McCoy, and Dr. Daniels. The class committee is composed of Elmer Coleman, chairman, Virginia Christy, Mildred Dybalski, Herman Lovitz, Louis Risinger, Sue Willa Bouknight, Elizabeth Holland, and William L. Crump.

Decorations committee: Mr. Talley, Mrs. Ebaugh, Mrs. Bender, Mr. Mitchell, Mr. Lewis, Mrs. McMullin, and Dr. Manfredini.

The class committee consists of Charles Brigrance, Wyoma Cobb, John Henry Houze, Jr., Charlotte Walzer, Alice David, Roger Erwin, Jr., Suzanne Larimer, and Patricia O'Brien.

Processional and recessional committee: Mr. Hutchinson, Miss Byington, Mr. Johnston, Mr. Patterson, and Mr. French.

Committee on chairs and stage equipment: Mr. Hooker, Mr. Rees, and Mr. King.

Committee on faculty caps and gowns: Dr. Rosenblad, Mrs. LeClere, Mr. Kestenberg, and Dr. McElrath.

Committee on ushering: Dr. Greulich, Mr. Harris, Mr. Halden, and Dr. Hussey.

Axson Winner

ROBERT JIRCIK

Carlton, Crawford Receive Senior Girl Award Jointly

Elizabeth Carlton, president of the Cougar Collegians, and Ruth Crawford, president of the Buckaroos, were selected to be joint recipients of the annual award given by the Cougar Collegians to the "Outstanding Senior Girl."

A committee from the faculty headed by Dean N. K. Dupre made the selections, basing their choice on standards submitted by the girls' organization.

Both women have been prominent in campus activities, both rank high scholastically, and both were given high rating on such qualities as leadership, loyalty to the school, and personality.

A \$10 prize will be split between the two girls, and the award will be officially made at the Commencement program on May 26.

Senior Class Prom Held on Rice Roof

With a flourish of drums and a blast of trumpets the 1941 Senior Class dance closed out the current social season of the University of Houston.

Dancers glided to the syncopated rhythms of Ed Gerlach and his orchestra. Gerlach, because of the great enthusiasm shown him upon his performance at the Junior Prom, was selected for a return engagement.

The dance was under the direction of Will Gay, senior class president. Committee heads were Ruth Crawford, decorations; Fletcher Dailey, tickets; Lee Keding, program; Mary Susan Johnston, banquet.

Political Propaganda

Johnny Goyen and Dick Schill exchange free drinks in campaign this week. They finished first and second in the race for councilman, No. 1.

Robert Jircik Wins \$25 Axson Writing Prize With Essay

Robert Jircik, sophomore student at the University of Houston, has been named winner of the twenty-five dollar Axson Writing prize offered to University undergraduates.

Of the thirty-four essays submitted, Jircik's "What Is To Become of Us?" was judged best by the committee composed of Mrs. Vesta Ewing Veatch, president of the Axson Club, Miss Ruth Pennybacker, chairman of the English department, and Mrs. Bessie M. Ebaugh, member of the English faculty.

A member of Miss Pennybacker's creative writing class, Jircik works as custodian at the Core Laboratory. He started school last summer taking a pre-law course.

This is the first year the Axson Club has offered the prize to a University of Houston student, and the committee feels that the response was gratifying, Mrs. Ebaugh said.

Dr. Donner Expects 100 In Workshop

"The enrollment of the educational workshop to be offered this summer will be limited to one hundred members; and at the present date, advance registration is considerably larger than last year's," Dr. Arvin N. Donner, director, stated Friday.

The educational workshop on problems of teaching and administration is sponsored by the University of Houston and the Houston Public Schools in cooperation with the Commission on Teacher Education and the Progressive Education Association.

"This project takes the stress off grades, and instead encourages the

R. A. White Reports Fiesta Nets \$1200

Auditor Robert A. White has estimated receipts for the Fiesta at \$3600 and expenditures at about \$2400. "Net proceeds will likely be in the neighborhood of \$1200," Mr. White said.

"This must be very general, because of the fact that many bills are still unreported," he added, "but it should be within \$100 of the correct figure."

Dick Schill reported that \$1400 have been received from the advanced ticket sale, but a great many tickets are still unaccounted for.

This year's Fiesta expenses were \$1000 higher than last year, because the net profit last year totaled \$1100, \$200 of which was invested in automobile plates. The plates are now on sale in the bookstore.

University Students Join Naval Reserve

They're in the Navy now! David Kaiser, eighteen-year-old freshman at the University is one of a hundred and fifty Houston boys who as members of the local division of the U. S. Naval Reserves has been ordered to leave Monday night for active duty at the naval air base at Corpus Christi, Texas.

Two other university students, Ted Britton and Roger Blaikie, are also Naval Reservists but have been deferred until July, at which time they will join their division.

Joe Rose, who attended the University until October when his duties in the navy forced him to drop school, recently received his commission as an ensign in the U. S. Naval Reserves. He is now stationed at the Naval Reserve recruiting office.

It is expected that these boys will remain on active duty for the duration of the national emergency.

Masquers Reward Group For Work At Final Banquet

Awards for outstanding work in the Red Masque group were given to June Tenney, Christine Wilson, Donald Jeppensen, Patricia Soule, Mildred Dybalski, Hal Berry, Jerry Harrington, Betty McGhee, Alan Lohse, Mitzi Sawtelle, Gene Cuny, and King Stewart last Wednesday night at the Red Masque banquet held at Kelly's Champion Corral.

The awards were made by director L. Standlee Mitchell who congratulated the winners and then congratulated the members the club for their successful season and earnest work.

Bonnie Boysen, M. K. Alston, and Harold Sprawls were given keys upon becoming new members of the Collegiate Dramatics Society.

An original script, written by Charlotte Walser and Betty Hays was presented at the banquet by the Gas Masque Players. Pat O'Brien, Henry Taub, John Nicosia, Charlotte Walser, Betty Hays, and Gene Cuny were in the cast.

At the conclusion of the program, Mr. Mitchell gave gifts to various members of the group. The gift represented Mr. Mitchell's personal opinion of the recipient.

Miller Announces Houstonian Date

Billy Miller, editor-in-chief of the 1941 Houstonian announced that the tentative date for its appearance is June 4.

Miller stated that everything possible had been done to have the annual out at an earlier date, but that it was delayed by waiting for Frontier Fiesta pictures.

Tom Menefee is our new president.

At nine o'clock Thursday night the polls closed after two days of balloting, and at two o'clock Friday morning the winners in the student council election race were announced. Menefee defeated his opponent, Ray Campbell, by a count of 232 to 244. After the ballots had been counted four times Jerry Leinweber lost the vice-presidency to Ed Davis by the slim margin of one vote.

Complete tabulations for all offices are:

For vice-president, Ed Davis, 240; Jerry Leinweber, 239; Hal Berry, 224, and Frank Walker, 85.

For Secretary, Grace Keller, 326, and Lela Blount, 239.

Councilman-at-large No. 1, Johnny Goyen, 366; Dick Schill, 255, and Clop West, 221.

Councilman-at-large No. 2, John Sargent, 257; Gene Coddou, 237; Maryanne Flanagan, 150, and Rodney Alsop, 138.

"I would like to thank all the people who have so untingly helped me in my campaign," the successful presidential candidate stated, "and I certainly intend to live up to all the ideals embodied in my campaign platform. There will be complete unity between my administrative officers and me," he added, "and together we hope to accomplish much to further the welfare of the University." The twenty-year-old Reagan graduate is a member of

Applicants Tested For Summer C.A.A.

With the expectation that the University will offer work in aeronautics this summer, Dean Dupre said that many applicants have begun taking their medical examinations this week.

"Although no allotments have been made by the Civil Aeronautics Authority yet," the dean said, "we expect to offer both primary and secondary work this summer."

Previous college credit is necessary, but students taking aeronautics need not be enrolled in other courses, Dean Dupre added.

For the primary course, the requirement is that the student have completed thirty hours' college credit and be between the ages of 19 and 26.

The secondary course is open to men of this same age who have completed the primary course and have sixty hours' college credit.

The quota for the primary course will likely be 50, with 40 for the secondary, Dean Dupre said.

Senior Reception Slated Monday 4:30

A reception in honor of the 1941 graduating class of the University of Houston will be held Monday, May 26, at 4:30 p.m., on the lawn in front of the Cullen building.

Hosts for the occasion will be the board of trustees, the administration, and the faculty.

In the receiving line will be Dr. Ray K. Daily, chairman of the board, Dr. Louis Daily, Dr. E. E. Oberholtzer, president of the University, Mrs. E. E. Oberholtzer, Mr. Hubert L. Mills, business manager, Mr. and Mrs. H. R. Cullen, Mr. Ben Taub, Mr. and Mrs. Julius Settegast, Mr. Will C. Gay, president of the senior class, Mr. Val Jean McCoy, president of the faculty organization, Mrs. Val Jean McCoy, Mr. O. D. Brown, president of the ex-students' association, and Mrs. O. D. Brown. Refreshments will be served.

Diplomatic Candidates to Go With Draft, Practice Crafts, Or Get Hurriedly Hitched As College Capers Come to Close

By Dorothy Lee Engdahl

Freshman, sophomore, junior, then senior—all mileposts in the journey through college.

The University of Houston senior class of 1941 will soon promenade in their stately black robes to receive recognition for their successful completion of this trip.

Each of the 130 men and women who will be awarded his diploma in June has contributed to the growth and progress of the University; however, it is only possible to mention some of the outstanding and typical students of the class of '41. Alice David, Queen of the Fron-

tier Festa, will receive her B. S.

Having served as a member of the Student Council and vice-president of the Cougar Collegians, Alice has been named in the "Outstanding People" section of the Houstonian.

Weed Peterson, retiring president of the Student Association, will long be remembered at this institution for the active part he has played in student affairs.

Suzanne Larimer will receive her B. A. degree; then she will become Mrs. Foster Montgomery in June.

Perhaps one of the most versatile seniors is Betty Lee Heinrich. Having quite consistently made the honor roll, Betty Lee has also served as

an assistant in both the biology and French departments.

Mrs. Elna Thur Birath, now acting as publicity director of the local Dental College and prominent in Houston's women clubs, will receive a B.B.A.

Tommy Scoggins is now flying for "Uncle Sam" in King City, California, but will report to Moffet Field near San Francisco in about two weeks.

Serving as president of the '41 senior class, Will Gay has also held several offices in the Business Administration club. Equally prominent on the Cougar staff, Roger Ervin has faithfully held the posi-

tion of Business Manager on the 1941 Cougar.

Versatility is certainly the outstanding characteristic of another member of this class, Frank Ernst, who is now interning in Kansas City, but will return to Houston in July to act as house doctor at Methodist Hospital.

"King" Henry Taub is completely his senior year, after having held several class offices and actively participated in University affairs.

These, and many more, make the present class one of the most promising classes ever to graduate from the University of Houston.

Congratulations

With final examinations making a stealthy approach in the dark of the waning semester, another school term creeps slowly towards extinction, never to return again. To many of us, this means only that summer is here now, and that school will again start in the fall.

But there are those who see the close of school as the beginning of a new era in their lives. They are the graduates.

For these people there is an excellent future; today, as at no other time, there is an abundance of opportunity. Conditions in our land may never be so rich and full in their scope as they are at the present time. The field is open; the harvest is ripe; the tools are excellent.

To the 1941 graduates of the University of Houston go the best wishes of the entire student body and faculty.

Good-bye, good luck, and smooth sailing!

The Cougar Submits

"Well, that makes me so mad! I've turned that story in to the Cougar two times, and I can't find it anywhere in this last issue!"

How many times have you said that, University of Houston? We've heard it a thousand times this year. We know that you think the Cougar's editorial board lurks around looking for news about you and your club, pounces upon it, files it away in the wastebasket, then gleefully runs a story about some person or happening that in your estimation is of no importance!

Did you ever stop to think that there is just so much space in the Cougar, and that type isn't flexible?

The University of Houston has been able to maintain only a high school size official publication because you didn't have to pay for it.

The Cougar operates off whatever advertising can be sold and \$500 given by the school each year to help make up the deficit. As you can see, this isn't much when each weekly issue costs approximately \$70.00, and we buy Collegiate Digests to give you. If we sell much advertising one week, there isn't too much room for news or your favorite column. It is rather hard for the editorial board to select for publication the news that they consider most important to the greatest number of people, knowing that those whose pet stories have been omitted will be hurt at the Cougar because of it.

We have put the Cougar on a business basis for the first time, paying a regular salary to the editor and business manager; put out four big issues this year, each of which cost from \$125.00 upward; and attempted to uphold a high editorial and news standard. Despite a loss in national revenue of \$600, we will not be in the red this year more than the deficit allowance.

We know that you want a paper to compare with the Daily Texan, the Daily Lariat or other college papers. So do we, but that will be impossible until University of Houston students, like those of Texas University, Baylor, and every other college in Texas, pay a small blanket tax to support it.

What do you say? Let's have a Cougar that will do honor to one of the largest colleges in Texas, the University of Houston.—V.G.

Help Move the Ghost City

The Fiesta is over. The customers have gone. The receipts are in the hands of the proper people. Quiet reigns throughout the Frontier City. A doomed ghost town, it stands shadow-like as the wind whistles through its sawdust streets.

Yes, the Fiesta, a very successful one, is over. But no ghost town should be left to mark the grave of an enterprise so gay and frivolous as the one which took place here a few short weeks back. The City, like Rome, was not built in a day, or three, or ten. It took hard, sweating, and sometimes back-breaking labor for many days.

Under the supervision of persons respected by us all, the immense task of buying lumber, nails, wire, paint, tools, and many other necessities for the successful construction of the City went forward. These people took upon themselves the responsibility of seeing that those articles were taken care of during and after the Fiesta. They have done the first part of their job in a noteworthy manner, and are attempting to place the same emphasis on the latter part: that of salvaging all useful materials still remaining on the grounds.

They need help! They need it now!

The value of the materials now standing on the Frontier City streets runs well into three figures. This material, if neglected as it has been up to the present, will soon deteriorate and be useless for future construction.

The task is not a hard one. It is not nearly so difficult to dismantle the City as it was to construct it. Everyone can help; even a little. Remember, the Fiesta next year will be bigger and better only if the materials used this year are carefully preserved.—G.M.

Forty-Eight Enrolled In Industrial Classes

Forty-eight men have enrolled to date in the two classes of the University of Houston's school at Cameron Iron Works, Mr. C. A. Hall, director, announced recently. Twenty-five others have filed applications and will be admitted as soon as facilities are available, he said.

Courses in shop mathematics are now being taught on Mondays and Wednesday afternoons by H. A. Echols and Robert Prim.

Drafting, heat treating, and applied mechanics will be offered later, Mr. Hall said.

Frontier Fiesta First of "Big Ten" 1941 News Stories

It is customary for the editorial staff of leading newspapers to pick the ten big stories of the year at the close of a calendar year. The editors of the Cougar, before closing the scholastic year, would also like to choose the ten big stories of the year taken from the headlines of the Cougar.

These stories are picked because of their interest to the student body and because the editors feel that at the time of their occurrence they caused the greatest amount of comment on the campus.

- 1. The Frontier Fiesta—For twelve consecutive weeks the Fiesta made the Cougar front page.
2. \$183,000 Industrial Building Approved.
3. Trustees Bar Secret Societies.
4. Selection of Vanity Fair Beauties.
5. Student Class and Council Election Returns.
6. University Students Register for Draft.
7. Alice David Named Fiesta Queen.
8. Dedication of Flagpole by Cougar Collegians.
9. Approval of Recreation Building.
10. Election of Fiesta chairman.

Other stories of great interest during the year were the election of beauties for the Fiesta reception, the Willie vs. Roosevelt debate, reception for Albert Thomas, Student Assembly set up, Cougar Safety Club, announcement of winners of literary contest, outstanding people chosen by the faculty, the convertible parade, the University basketball and hockey games, awards to engineering students and the naming of the ducks.

Speech Students Present Program

The oral interpretation course, taught by Mrs. Nena R. Lewis, presented a program last night in Cullen auditorium.

The program was as follows: "I Can't Breathe," by Ring Lardner, as interpreted by Lois Lillian Anders; O. Henry's "Proof of the Pudding," given by Lewis Risinger; the balcony scene from "Romeo and Juliet," as interpreted by Edna Norman; "Bo'ned in Zion," as recited by Addison Westmeyer.

O. Henry's "The Gift of the Magi," as told by Daisy Leggett; Brownie's "My Last Duchess," and Harris' "Why the Guineas Stay Awake," recited by Charle Mae Carter; Daly's "De Whistling Barber," given by Sam Person; Miller's "The White Cliffs," interpreted by Lalla Bloodworth; and O. Henry's "The Whirligig of Life," told by Mary Bell.

NOTICE

Mrs. E. W. Schuhman, chairman of the hostess committee of the Faculty Women's Club, announces the postponement of the May meeting of the club until early June, the date to be announced later.

Work of Hand, Miller, Cuny, Jircik Among 1941 Harvest's Most Excellent

By Glenera Thornton
The sixth annual Harvest published by the creative writing class under the sponsorship of Miss Ruth Pennybacker as editor-in-chief will be released Monday, May 26.

It will contain thirty-eight stories, essays, sketches, and poems selected from the entire student body of the University on the basis of merit.

Illustrations represent the work of nineteen students from the fine arts department under the direction of Mr. Robert W. Talley.

Mr. Frederic Hand has contributed three poems of unusual lyrical beauty they are: "Calthago," "Night in the Forest," and "Lilith."

My recreation to the actual mechanical presentation of his subject material is the feeling of a decided influence by Walt Whitman.

Mr. Hand has published verse in Clipper, Sonnet Sequences, Kaleidograph, Cycle, and Lyrical Poetry; and was presented a Certificate of Excellence in the College Literary Contest by Harper's Magazine in 1940.

He is now writing a book of poetry which he calls a "subjective history of the past three years." Of the thirty students whose works are represented in this issue, Mr. Hand shows outstanding ability.

"What Is To Become of Us?" by

Clubs

PRE-LAW TO HAVE FORMAL INSTALLATION

The board of directors of the Pre-Law Club met last Thursday night to make plans for a formal installation of officers. The date for the installation will be announced next week by the board.

Examinations for admission to the club were passed upon and grade requirements were checked.

John Sargent was appointed chairman of a committee to make plans for the annual Pre-Law stag party and picnic. The social activities of the club will not be held until the completion of final examinations.

FRENCH CLUB ELECTS NEW OFFICERS

France may fall, but the French club of the University rolls merrily along!

Mary Jane Dawson, Mardi Gras Duchess and Fiesta worker, was elected the new president of the club. The other officers are as follows: vice-president, Dixie June Breunier; secretary, Helen Britton; and treasurer, Bernice Thickstun. Mary Frances Jones is in charge of publicity.

Election of these students was held at their regular meeting last Thursday. Mr. Jules Vern is their sponsor.

PSYCHOLOGY CLUB ENTERTAINED AT STEAK FRY

The University of Houston Psychology Club held a steak fry at the home of Bette Davis Wednesday night. About thirty students attended, and enjoyed the games planned by the program committee.

The next meeting will be held on June 5 at 7:30 p.m. at the home of Dorothea Howard.

BANDERA BECKONS BUCKAROOS

Climaxing their years activity, the Buckaroos will pay their annual visit to Bandera, Texas, on June 6, 7 and 8. Ruth Crawford, president, said Friday.

Some forty members will make the trip, and will stay at the Mayan ranch.

At the opening performance of the Community Players' western comedy, "Howdy Stranger," Ruth Crawford, Regina Strom, Evelyn Ruthenbeck, Jo Kathryn Schmidt, Nan Bottler, Marjorie Burnley and Mary Jo Emmert acted as ushers. The girls wore their regulation dress uniforms.

During the summer, the club will continue riding regularly, on Wednesday evenings, at 6 o'clock, and the regular bi-monthly meetings will be held.

STUDENTS SING AT TRAFFIC CLUB

June Tenney, Jack McHenry, and Suzanne Larimer made a big hit Tuesday when they entertained the Traffic Club with several vocal numbers.

Dr. Raymond W. Baldwin, a member of the club, and the Department of Public Relations arranged the appearance. It is planned to present students in programs at various civic clubs throughout the coming year as a project of the Department of Public Relations.

CAMPUS CHATTER

By Billy Miller

I compliment the victors of the election just over and hope that they can remember next fall what their platforms and promises were, that the defeated and victorious will forget bad marks of campaigning and work in harmony for better and stronger student government. I sincerely hope that every one of them can and will make up his own mind, speak it, and do away with the fence-riding cowboys so lately popular.

The Breakfast Club of the University of Houston cafeteria is having a picnic in Galveston today, didn't think they could leave the University for that long... Elizabeth Carlon is off to Washington, D.C., and a good time this summer... Miss Pennybacker certainly does a good job sticking up for the better and more legitimate journalism, and more power to it, but I'll bet a pretty penny that she reads all the gossip columns in the Cougar.

A duo deserving a good word are Ruth Crawford and Cella Stafford, they lend many a hand in student affairs, go to school and work, too... Did you know that Louis Shepard has been going to school for

seven years, one year more than your columnist? Brother, that's perseverance... David Kaiser is leaving for the Navy next Monday, he's in the Reserve you know. Well, I suppose that by school time next fall plenty of us will have rifles on our shoulders. I'm saying good-bye to my friends now 'cause I can't find any more excuses... Being as how this is the last issue I want to wish the graduates and you a good summer and a better future because of our college association and don't forget your annual will be out somewhere about the third or fourth of June—Sorry that it had to be so late...

When all this world conflict is over and everything is peaceful, let's meet here again and have a great reunion and talk about these good times together—until then, so long.

Well, here we are all rested up from the Fiesta and ready to get on the line to study; seems almost too late now, because the exams are here... Too bad you didn't keep your lessons under control along the way... Sure enough, Jerry Harrington made the Senior Favorite section of the Longhorn, A. and M. yearbook... The reunion of little Jackson (Corn on the cob, southern style with butter) Valenti and Weedy House seems to be a reality, so the signs showed during Fiesta construction days... Bob Condon and Jane Huhleman got off to a fine start of matrimony about two Saturdays ago in the little church around the corner. A regular fellow is Jane's brother, Horace Kuhleman, who never misses any of the dances... and by the way, those girls who gave the dance on May 10 really put a feather in their hat for the setting, dancers, and orchestra that night. Just about the best this season... That Senior Dance was really some brawl; everybody had a big time, but the music a la Gerlach was a wee bit on the high school speed. After all, the seniors are beginning to show that 25-30 mileage instead of the 90... Betty Carnes is supposed to go steady with a fellow from Texas University, but I ask, just where does Homer Jones fit into the Picture? Looks like "I Only Want a Buddy, Not a Sweetheart."

Couple of weeks ago, Dolph, "You can't do my girl that way," Rutherford sported a beautiful red-head to a dance and have had twenty requests to find out her telephone number. You're doing all right, friend.

Students Plan Own Class Programs

A model of democratic procedure—that is what students call a class in speech conducted this term by Mr. Harvey W. Harris. After the first three weeks of the course, which serve as an orientation period, an elected board of officers takes charge of the class. The teacher keeps himself in the background as much as possible, remaining available for advice, guidance, and criticism as the students feel the need of these services.

From topics suggested by the class, a term program is set up which gives all class members numerous opportunities for self expression.

"They learn speech by speaking," Mr. Harris explains, "and likewise they apply the democratic prerogative of free public expression of opinion."

Officers are: Robert Botts, president; W. T. Rochelle, vice-president, and Mrs. W. E. Lightner, secretary.

Article Tells of School at Hughes

An article in the latest Houston, Chamber of Commerce magazine, relates the progress of Hughes Industrial School, a project jointly undertaken by the University of Houston and by Hughes Tool Company.

C. A. Hall is director of the school for the University.

Mr. Tom Mobley, personnel director of Hughes Tool Company, is quoted as saying that such a program results in "making better men." Dr. Kemmerer is also quoted.

First University Post Cards On Sale

Have you seen it? It's the new picture of Roy Gustav Cullen Memorial Building, the first ever to be put on a postcard.

The University has just received a shipment of 6000 of them, and they are now on sale in the bookstore.

The legend on the back of the card describes the beautiful "color-tone" print as follows:

"Roy Gustav Cullen Memorial, modern University of Houston building which was the gift of Mr. and Mrs. H. R. Cullen. Neither endowed nor tax supported, the University annually enrolls 4000 students in industrial, business, professional, and cultural courses, in both day and evening schools. Buildings are completely air-conditioned. The landscaped foreground is part of the long-time beautification project."

The card was prepared and ordered by the Public Relations Department. The photograph is by Elwood M. Payne.

It will be distributed by retailers all over Houston.

Stuart, Ruth Laird, LaVergne Grisom, and Boyd Miller.

Mr. R. Balfour Daniels and Mrs. Bessie M. Ebaugh are associate editors, and Miss Mary Edna Poole and Mr. Charles William Goyen are assistant editors.

Students Compile History of Fiesta

Rodney Alsop and Gene Cuny are compiling a book giving a history and explanation of the Frontier Fiesta of 1941 in detail. The book, when completed, will be given to the library to serve as a permanent record.

If any students have pictures they would like to submit to the authors, or if there are any students interested in working on the book, their services would be greatly appreciated, Cuny said.

Student Loans Top \$1,791.50 This Year

Students in the University of Houston have borrowed \$1,791.50 from the loan funds in the University of Houston this year, according to Mrs. Pearl Bender.

During the first term, five loans, totaling \$455, were made to women. During the second half, \$556.50 was loaned to four men, \$780 to seven women, Mrs. Bender reported.

A scholarship of \$200 was granted by the Delphian Assembly this year, and the Oren M. Roberts Chapter of the U.D.C. gave a \$50 scholarship to Ruth Sims.

Two major additions to the loan funds this year were the \$1000 received from an anonymous donor and giving the University its first fund for loans to men, and the recent \$1100 given by the Business and Professional Women's Club at a dinner honoring the two women board members.

OLD COUGARS RECEIVED

A complete file of 1935-1936 Cougars was sent in recently by G. A. Rembert, 3771 Georgetown, Houston, Texas, a graduate of the University of Houston who is now with the Southern Pacific.

Mrs. Rembert is the former Lucille Black, also a University graduate, and daughter of the late F. M. Black, the first dean of Houston Junior College.

MEMORIES OF THE FIESTA: (A little late—but who cares) . . . Bill Cardiff, cleverly hidden behind a mass of frizzly foliage (which incidentally won him the beard contest) . . . Jerry Leinweber replete in derby and frock-coak . . . M. K. Alston, whip in hand, beard on face . . . Frank Colby, camera in hand, frown on face . . . Mary Jane Autrey, eyes on Jerry . . . left night club patrons gaping in open-mouthed wonder as they paraded from one nighterie to the other on Fiesta eve . . . keen showmanship . . . Mary Jane Childress sitting atop a piano a la Helen Morgan, warbling "The Man I Love" . . . wee Lovelle Williams cool, unruffled attitude as she recites her "cute" poems . . . the scrawny fuzz Buddy Toomey laughingly termed a beard . . . blonde June Jones' exciting thrashing at the Night Club Revue . . . matchless harmonizing of Jerry Anderson, Gerry Belis and Mildred Dillard at same N. C. R. . . husky-voiced Dillard has a good mike manner . . . and say, what happened to the deal between said Dillard and George

Rosenblad Report Is In Periodical

Dr. L. E. Rosenblad, University of Houston biology professor, has a short article in the latest issue of the "American Naturalist," the May-June number, on drosophilinae, or fruit flies.
He has been studying the fruit fly for the past several years, with particular attention to the mutations or changes which may be brought about by application of X-ray to them.
Dr. Rosenblad joined the science faculty of the University of Houston in the fall of 1940.

Ex-students Honor 1941 Graduates

At an ex-student reception Tuesday night, preceding practice for graduation, the 130 candidates for degrees were addressed by O. D. Brown, president of the exes, Pat Foley, and Dean Dupre.
Other officers of the association presided at the coffee table preceding the formal meeting.

B.A. STUDENTS TO RECEIVE GREGG CERTIFICATES

Students from B. A. 132 have passed the Gregg Writer Transcription test, having successfully transcribed 80 words per minute on the test, according to Mr. Ples Masten, instructor in the course.

These students, who will receive certificates in the near future, are Esther Black, Howard Blasingame, Julia Cole, Urban Couvillion, Hazel Dement, Wilfred Engelke, Robert Glenn, Edna Henske, Kathryn McAnally, Charles Neibel, Garnett Paster, Alice Reynolds, E. E. Snyder, and Edna Belle Zurborg.

Miller . . . or is Miller still mesmerizing little Frances . . . the rhythmical LaConga-ing at the Cougar show . . . Boots Manry's slick thumping of the hides and tomtoms . . . the antics of Bob Cutting and Henry Rougnac in their portrayal of Buckaroo, the marvel horse, in Cuny's burlesque . . . Cutting took the front end, Rougnac the southerly posterior . . . delectable Doris Ware, whom I would very much like to meet . . . Judge Roy Bean's Court would have left Will Hays shivering . . . a real disappointment was the Taxi Dance . . . hard work by J. Leinweber and Mike Troncale and others went to naught when the babes in the short skirts failed to cooperate . . . Mary Katherine Clark's engaging singing at the Television show was nonpareil (she has King "Aristotle" Stewart talking to himself) . . . the surprise package of the midway was the scintillating "Night Club Revue" staged by Lou Ann Flanagan and Berkeley Moore . . . it was the top money-maker of the F. F. . . Flanagan and Moore whipped up a program that was Academy Award timber . . . with Sophie Parker and Herbie Holmes and the inimitable Ed Allen and entertainers from practically every nite spot in this burg and one of the swellest bands in these parts, Fran Mowery and his Collegiates . . . they packed em' in for three nights . . . this Mowery lad really has a sweet crew, the University ought not let them get away . . . pictures of the Fiesta on the screen at Prince's bell ringing stuff . . . newest among the heart-holders is the fuchrer Joe Koppel-Boots Merritt pattern . . . with Merritt running a high temperature . . . Elections—

Continued from page 1

the pre-law club, was vice-president of his junior class, and served as construction chairman of this year's Frontier Fiesta.

Ed Davis, vice-president-elect, is twenty years old and a Reagan graduate. He received the degree of Chevalier, the highest honor bestowed by the De Molay organization. "I pledge my whole-hearted support to the faculty and student body," Davis vowed, "and I want to sincerely thank all the students who helped me so faithfully in my campaign."
Secretary-elect, Grace Keller, has been active in student affairs during her college career. She was secretary of her junior class, publicity chairman for the Cougar Collegians, and served as vice-chairman of the 1941 Frontier Fiesta. Grace was born in Colorado, but graduated from San Jacinto High School in Houston. At the University she is taking a business administration course. "I shall try to the best of my ability," Grace promised, "to fill this position."
Johnny Goyen is still winning elections, having served his freshman and sophomore classes as night school president. Goyen is twenty and a graduate of San Jacinto.
Pre-law student John Sargent goes to night school and works for the City of Houston water department in the day time. He went to Sam Houston.

It was voted to have an open counting of votes. Consequently, a number of students availed themselves of the opportunity to witness the tallying of votes. Weed Peterson, outgoing president of the student council was assisted by Louise Butler, this year's secretary of the student council; councilmen John Taub and Jack Valenti, Clifton Shelton, Charles Saunders, Gene Cuny, Charles Brigance, Billy Miller, and Frank Zeto. Dean Dupre was also present.
The new officers will assume their duties next September when they fill the vacancies left by Weed Peterson, Thomas Yerxa, Louise Butler, John Taub, and Jack Valenti.

MUSIC and SUCH

By Jack Daly

Yesterday you learned who won what position in the elections and I hope you voted right, but there were so many good people running that practically any way was the right way.

Although other columnists were tossing bouquets to various individuals for their valiant work on the Fiesta, and completely ignoring Louise Williamson—I estimate her work as equal to that of any three boys put together, and I happened to be there to judge. Of course, there were many others who did a great deal toward making the Show a success. Mr. Lawrence did more than his share, and Tommy Calvert came in to work like a slave.

When we next plan a dance, isn't it only fair that we first consider those musicians who helped us when we most needed help? Frank Williams, Jack Grubbs, Rollo Reed, Boots Manry, and Fran Mowery all brought their orchestras to help in the musical shows.

Wonder how many of you heard Shep Fields and his new band two weeks ago on Fitch Bandwagon. It surely is something new—no brass and ten saxes and four rhythm. Really is fine, but might prove tiresome after a while. Probably his best arrangement is Intermezzo. Fields and his new unorthodox crew will appear on the Met stage before long.

Many of you have heard the new Benny Goodman band and many more of you will be hearing it when he starts his coast to coast for a tobacco company soon. Well, when you hear it, keep in mind that he a 24-year-old Hindu girl writing his arrangements for him.

Jokey of the week: It happened on a recent half-hour broadcast by Guy Lombardo. After the broadcast, Carmen (I'll see you in my grave) Lombardo came up to his brother, Guy, and told him that the drummer was sick, so Guy said to tell the fellow to go home and rest. He didn't know the drummer hadn't even been to the studio during the show.

Well, Cousins; this is the last of the daily dozen, but unless I hear from my Uncle, I hope to be back next year with some more of the same and hope even more that I may have the pleasure of seeing most, if not all, of you again during the summer and next year.

Since I do my writing from long range, I'd like to say a merry cheerio to the Editor, Sponsor and Staff, and, of course, to all my Cousins. For any of you who have read my column—it's really been a pleasure writing and for those who haven't dug it—well I took up some space anyway.

Until next year,

Notes to you,
Cousin Jack

Keding Cedes Rights Of Two School Songs

Copyrights on the University of Houston's two school songs, "Onward Houston U." and "Hail, Houston U." have been turned over to the University of Houston by their author, Lee S. Keding, according to announcement of Mrs. Pearl Bender, dean of women.
The two songs were copyrighted in Keding's name in 1940 and have been used on various occasions as the school songs of the University. Keding is a senior student and will graduate with the spring class of this year.

MRS. SOULE TO CONDUCT MEETING

Mrs. Floy P. Soule, member of the University of Houston Spanish faculty, will conduct the next meeting of the Pan-American Round Table on May 26.

Mrs. Soul is corresponding secretary of the organization.

Library Gets Copies Of Rare Magazines

Several rare copies of the French magazine, "L'Illustration," have been given to the University library by Mr. Fred Dickman, president of L'Alliance Francaise of Houston, Mr. Jules Vern reported this week. The issues include very extensive illustrated articles on the automobile, aeronautics, and the Paris Salon.

"The magazines will be bound and placed in the French alcove of our library," Mr. Ruth Wikoff, librarian, announced.

Students Enjoy Cool Classrooms

The air-cooling system is now going full speed ahead in both the buildings on the campus, "only completely air-conditioned University in the country."

Mr. Robbels, engineer, turned on the cool air in the Science building this past week; the system serving the Cullen Building had already been started.

"There's only one caution," Mr. Robbels says. "Windows and doors must be kept closed for best results."

First Board Meet At Noon Monday

Announcement of the plans for the Baccalaureate and Commencement services by President E. E. Oberholtzer, and the handling of routine business of the University were the order of the day last Monday at the first board meeting to be held on the campus since inauguration of the new policy of meeting monthly at the University.

All members of the board were present, as were Dean Dupre and Dr. Kemmerer. The board:

- (1) Approved the buying of science supplies for next year;
 - (2) Discussed the proper routine of handling of research grants;
 - (3) Approved the faculty for the summer workshop;
 - (4) Discussed the transportation problem for geological field trips; and
 - (5) Heard a report from Dean N. K. Dupre on the progress of the University.
- The faculty adviser of the Cougar was invited by President Oberholtzer and members of the board to sit in the meeting.

Congratulations to JOHNNY GOYEN from DICK SCHILL

Outgoing Cougar Heads

Roger N. Ervin and Maryanne Flanagan are ending work for the

year on the Cougar staff as business manager and editor.

Dr. Donner—

Continued from page 1

student to emphasize what he is most interested in studying," Dr. Donner explained. "It excludes examinations and term papers; thus the student evaluates his own grades supplemented by the composite opinions of the complete faculty in the form of a written paper.

Staff members are assigned and adjusted to meet the individual problems of the students. The faculty has not set schedule of instruction but meet with the students to plan the methods by which conferences, study, discussions, and other work may best be accomplished.

Opportunities will be available to study such problems as "Personal Growth Through Participation in the Fine Arts"; Child Study and Guidance"; "Problems Concerning the Improvement of Conditions of Teaching"; "Administration and Supervision of Secondary Education"; "Curriculum"; and "Evaluation." These special divisions of study will

of course, be revised in accordance with the interest of the students after final registration.

Six semester hours of graduate credit will be given; and because of the necessary restriction of enrollment, teachers and principals with significant problems and those participating in the Houston Cooperative Study will be given preference, it was stated.

Many new courses and many courses which have proved popular in the past will be offered to graduates and undergraduates this summer. A record enrollment is expected.

Bulletins are available in the general office.

STUDENTS MAKE TRIP

Thirteen students of geology were accompanied by their instructor, Mr. Fred E. Smith, last Saturday to the Texas Gulf Sulphur Company at Boling.

"There is a supply of sulphur there sufficient to meet the world's demands for two years," Mr. Smith reports.

The party was entertained by the superintendent of Boling schools.

130 Students—

Class officers of the senior class for 1940-41 were Will Gay, Jr., president; Charles Brigrance, vice-president; Elizabeth Carlon, secretary; Fletcher Dailey, treasurer; and Alice David, student council representative.

Office Announces Exam Schedule

Examinations for all except senior students will begin Tuesday, May 27, and continue through Wednesday, June 4. Examination periods for seniors were concluded Thursday.

Special notice regarding student reports was posted by the office of the dean this week. The notice follows:

Instead of regular reports, photostatic copies of entire records will be mailed to students late next month. A charge of \$1 will be made for duplicate photostat copies of records.

The examination schedule for underclassmen follows:

- Tuesday, May 27**
 - All 10:00-11:00 T.T.S. Classes.
 - All 12:30-1:30 T.T.S. Classes.
 - All 6:00-7:30 T.T.S. Classes.
 - Wednesday, May 28**
 - All 9:00-10:00 M.W.F. Classes.
 - All 12:30-1:30 M.W.F. Classes.
 - All 4:30-6:00 M.W. Classes.
 - All 7:30-9:00 M.W. Classes.
 - Thursday, May 29**
 - All 9:00-10:00 T.T.S. Classes.
 - All 1:30-2:30 T.T.S. Classes.
 - All 7:30-9:30 T.T. Classes.
 - Friday, May 30**
 - All 11:00-12:00 M.W.F. Classes.
 - All 6:00-9:00 Friday Classes.
 - Saturday, May 31**
 - All 8:00-10:30 Classes.
 - All 10:30-1:00 Classes.
 - Monday, June 2**
 - All 10:00-11:00 M.W.F. Classes.
 - All 6:00-7:30 M.W. Classes.
 - Tuesday, June 3**
 - All 11:00-12:00 T.T.S. Classes.
 - All 4:00-5:30 T.T. Classes.
 - Wednesday, June 4**
 - All 1:30-2:30 M.W.F. Classes.
- Only one hour examinations are to be held. Classes will meet at the regularly scheduled time all during examination week. Students who are absent from these examinations on account of illness may have the privilege of taking the examinations missed one week later, at the convenience of the instructor. The application to take these examinations must be made in the Dean's Office and be accompanied by a special

TENNIS TOURNAMENT

The University tennis tournament held at the Golfcrest Country Club, opened Wednesday with fourteen contestants entered. The finals will be played Tuesday, May 27.

Dudley Vance and Harry Hope will fight out the singles finals; while the combination of Guthrie and Earlywine will battle Vance and Hope.

In This Corner

With Wilbur Joneson

Many sport enthusiasts are peering into the crystal ball of fun, pleasure and entertainment. For only time can tell how long it will be before we have a sufficient athletic program. Even now it is growing and seems likely to become a vast enterprise for the gifted and skilled products of Hercules. As it is—tomorrow is another day. An only tomorrow can bring us our recreation building and tennis courts.

Because there are fellows who are interested and eager, our fast growing sport cavalcade has branched out into two new fields, namely—boat racing and tennis.

Hopefuls
The newly formed tennis club practices at the Golfcrest Country Club under the supervision of Gordon Pease, the club "Pro" . . . Already entered in the organization are Dudley Vance, Herman Earlywine, Buddy Toomey, and Harry Hope. Anyone interested in playing, see Earlywine. The team is planning

on playing in tournaments this summer. The limited number of eight members for the team shouldn't keep the good players out; there is always a better man for the job.

Springing forth in what looks to be a promising three-star prospect, Harry (Hopeless) Hope, having excelled in basketball and softball, is now scheduled to perform in the lawn tennis division. "Hopeless" is a known potential player and will prove to be a valuable member of the team—I think. Incidentally, he is finally getting in the groove with his spectacular softball pitching.

Seahorses

Word has it that one of our speed kings of the surf, C. T. Parker, whose craft came in first in his division of the boating race the other day, is the proud owner of one of the fastest speed-boats around the bay.

Dots and Dashes

Some of the interested members of the fencing club have been wondering why, with the Fiesta over, haven't more foil technicians come out to indulge in the wonderful weather.

So long, now—and thanks for everything.

As usual . . . headquarters for graduation gifts both usual and unusual
