FOREWORD

The regiment has had a long and gallant history. More than twelve thousand men have passed through its ranks during its time of combat in Italy, France, Germany and Austria. Each man in the regiment has made close friends in his company, but in the heat of movement and battles, never learned or has forgotten the home address of those men he knew as his "buddies". This roster of all men who were with the company in combat has been prepared and given to you, that you may re-new wartime friendships and that you may not lose contact with those who were one day your partners against danger and death.

I take this opportunity to say to each of you, thanks and good-luck.

A handwritten signature in dark ink, reading "J. B. Lynch". The signature is written in a cursive style with a large, sweeping "L" and a long horizontal stroke at the end.

Colonel, 142nd Infantry
Commanding.
